In response to the need to provide good nutrition to children in needy areas, the Child and Adult Care Food Program, established by Congress in 1968, provides reimbursement for meals served to children under 13 years of age enrolled in licensed family day care homes.

The Massachusetts Department of Elementary and Secondary Education has approved the Family Day Care, Child and Adult Care Food Program (CACFP) sponsors listed here. CACFP sponsors receive Federal reimbursement to inform providers of program benefits; provide training and technical assistance regarding proper nutrition, program duties and responsibilities; maintain program records, monitor providers; and distribute payments to providers in a timely fashion. Monitoring responsibilities include at least 2 unannounced visits to provider's homes annually.

We hope this information is helpful.

The United States Department of Agriculture (USDA) Child and Adult Care Food Program is available to all individuals regardless of race, color, national origin, sex, age, or disability.

You can also access the USDA website for additional information at:

www.usda.gov

** approved state-wide sponsor*

Child and Adult Care Food Program

Directory of Family Day Care Sponsors January 2011

Family Day Care Providers serving nutritious meals to children can get financial reimbursement for eligible children served.

Family Day Care Providers interested in receiving Child and Adult Care Food Program benefits, or obtaining program information may contact any of the agencies listed. Many agencies provide services beyond the communities listed and throughout the state.
