Agencies and organizations other than a school district, city, or town must implement more time in partnership with a school, and will be screened for capacity to administer the program. Please respond to or submit documentation as requested below.

1. **Proven fiscal responsibility.** Please provide one copy of the organization’s most recent annual audit.

2. **Experience with similar amounts of funding.** Please briefly describe experience administering similar amounts of state or federal funding through government and/or foundation/private grants.

3. **Linkages and communication with school site.** Please provide a brief description of the plan for ongoing communication and collaboration with the partner school(s); including obtaining assurances that the school administrator(s) will support the completion of the required Survey of Academic Youth Outcomes (SAYO), teacher surveys, youth surveys if the program will be held at the school, and provide appropriate and timely access to pertinent student data.
