PART III – REQUIRED PROGRAM INFORMATION

Please respond to the following questions:

1. Describe how the HUB’s educational leadership will support individualized and group online instruction and the development of individualized courses of study that utilize and supplement selected curricula products.

2. Describe the practices the HUB utilizes to ensure students develop the skills needed to be successful online learners in preparation for college and careers.

3. Briefly describe the communication protocols in place between the HUB and the Community Adult Learning Centers (CALC) to ensure successful implementation of the blended distance learning model. Based on your experience with the communication protocols in place, identify ways in which communication may be strengthened for the benefit of the DL learner.
