Curriculum Heat Maps

Want to know what curriculum a school district is using?
Which districts use particular curricula?

Explore
- The PK12 map shows English language arts (ELA) and literacy, math, and science and technology/engineering (STE).
- Eight other maps show just the most commonly used materials in Massachusetts for specific subject areas and grade spans.
- Need more detailed instructions? Go to http://www.doe.mass.edu/candi/impd/.

Discover
- Check the box for the subject or grade level that interests you...
- ...Or do a text search using Google’s magnifying glass.

Connect...
- The maps are meant to support cross-district collaboration on curriculum and related professional learning in Massachusetts.
- Connect with your peers to start the conversation!
