

Reading Leadership Institute Graphic Organizer

At the close of our last meeting you took time to plan around these next steps:

- Share key ideas from today's work that fit your school district
- Identify one or two of the Seven Areas of Focus you would like to do more work in
- Commit to try some of today's ideas and be ready to share "how it went" at your next meeting.

Before our next meeting take some time to reflect on how the work has been going in these areas. What successes have you had? What challenges have you faced?
