## Commissioner's Update

August 27, 1997

Dear Superintendents, Charter School Leaders and Interested Parties:

At its [August 15 meeting](#), the Board of Education voted to release for public comment a set of standards and a set of regulations which are of particular interest statewide. These are the [standards for determining school and school district under-performance](#), and the [draft regulations for charter schools](#). The Board expects to vote on these matters at its October 8 meeting. I want to encourage you to provide comments on these two proposals. Your views will be extremely helpful as we move forward. Please respond before September 19 by mail, fax or email to the addresses listed on the documents so that we can provide your views to the Board for its full consideration.

Thank you as always for your work on behalf of strengthening our public schools.

Sincerely,

Robert V. Antonucci  
Commissioner of Education
