

The fourth-grade students at Jackson School are going on a field trip.

- There are 6 fourth-grade classes at the school.
- Each class has 24 students.

a. What is the total number of fourth-grade students at the school? Show or explain how you got your answer.

All the fourth-grade students are going on the field trip.

b. The students will be riding on 3 buses. The same number of students will be riding on each bus. How many students will be riding on each bus? Show or explain how you got your answer.

The teachers need to collect \$7 from each student for the field trip. There are 115 students who have already paid.

- c. What is the total amount of money, in dollars, that has already been paid? Show or explain how you got your answer.
- d. What is the total amount of money, in dollars, that the teachers still need to collect? Show or explain how you got your answer.
