The above school district requests a waiver allowing it to offer supplemental educational services (SES) to eligible students in Title I schools identified for improvement – year 1, in addition to offering NCLB school choice, in the 2011-12 school year. The waiver would allow the district to count the funds spent providing SES to eligible students in those schools toward its obligation to spend an amount at least equal to 20 percent of its Title I, Part A allocation on SES and NCLB school choice-related transportation.

In requesting this waiver the district attests that it will meet all statutory and regulatory requirements related to SES in the 2011-12 school year, other than the particular funding requirement being waived.
