MASSACHUSETTS DEPARTMENT OF EDUCATION

COORDINATED PROGRAM REVIEW REPORT

Franklin County Technical School

OVERVIEW OF REVIEW PROCEDURES

As one part of its school and school district accountability system, the Department of Education oversees local compliance with education requirements through the Coordinated Program Review system. All reviews include selected requirements in special education under the federal Individuals with Disabilities Education Act, 20 U.S.C. Section 1400 *et seq.* (IDEA-97) and M.G.L. Chapter 71B (Chapter 766 of the Acts of 1972) and certain federal civil rights requirements under Titles I and II of the Americans with Disabilities Act of 1990, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973, together with related state requirements under M.G.L. Chapter 76, Section 5 (Chapter 622 of the Acts of 1971). Additionally, all reviews include certain standards included under the newly adopted Board of Education Physical Restraint Regulations (603 CMR 46.00). Other monitoring activities in the areas of the state's Transitional Bilingual Education law (M.G.L. Chapter 71A), federal requirements under Title I, the Safe and Drug-Free Schools and Communities Act, the Perkins Vocational and Technical Education Act, and Nutrition Programs and Services will be conducted in some districts during these Coordinated Program Reviews. The school districts and charter schools selected for review in 2001-2002 were notified by the Commissioner of Education in April 2001 of the scheduled visits and were encouraged to assess themselves before the arrival of the Department's visiting team.

Coordinated Program Review Elements

- Team: Depending upon the size of a school district and the number of program areas to be reviewed, a team of two to eight members conducts a Coordinated Program Review over two to seven days in a school district or charter school. The team may include Department consultants as well as Department staff members.
- Scope: Approximately sixty school districts and charter schools are scheduled to receive visits in school year 2001-2002. All school districts and charter schools in the Commonwealth are monitored through the Department's Coordinated Program Review system on a six-year cycle with an additional mid-cycle special education follow-up visit.
- Content: The Program Review criteria include certain of the statutory and regulatory requirements for each program area. In the case of special education, the criteria for the FY 2002 reviews contain, at a minimum, those elements required by the federal Office for Special Education Programs (OSEP) and revised requirements under IDEA-97 as described in the Department's Special Education Advisories. Additionally, the 2001-2002 reviews incorporate updated state special education requirements as adopted by the Board of Education, effective December 20, 2000. The Program Review compliance criteria selected in all of the regulated program areas are those that are most closely aligned with the goals of the Massachusetts Education Reform Act of 1993, being intended to promote high standards and achievement for all students.
- Report: The Department's report is based on a review of documentation regarding the operation of the district's programs, together with information gathered through the following Department program review methods:

- Interviews of administrative, instructional and support staff across all grade levels.
- Interviews of parent advisory council (PAC) representatives.
- Other interviews as requested by members of the general public.
- Review of student records in the special education, Transitional Bilingual Education, and Perkins vocational programs. Parents of students with disabilities whose files were selected for the record review are sent a survey that solicits information about their experiences with the district's implementation of special education programs, related services and procedural requirements.
- Observation of classrooms and other facilities. A sample of instructional classrooms and other school facilities used in the delivery of programs and services are visited to determine general levels of compliance with program and accessibility requirements.
- Interviews, review of student records, and observations in the case of collaborative programs and services. Where the district is a member of a collaborative approved by the Department of Education and serves as a site for any programs or services operated by the collaborative, interviews with collaborative staff, review of records of collaborative students, and observations of collaborative facilities are conducted.

Response: An executive summary and detailed findings for each program area describe determinations about the implementation status of each requirement (criterion) reviewed. The findings note those criteria the implementation of which the team found to be commendable. Where criteria were found not to be fully implemented, the local district or charter school must propose corrective actions to bring those areas into compliance with the controlling statutes or regulations. Districts are encouraged to incorporate the corrective action into their district and school improvement plans, including their professional development plan.

The Department of Education believes that the Coordinated Program Review process is a positive experience and that the Final Report should be seen as a helpful planning document for the continuing development of programs and services in the school district or charter school.

REPORT INTRODUCTION

A five-member Massachusetts Department of Education team visited Franklin County Technical School during the week of November 5, 2001 to evaluate the implementation of selected criteria in the program areas of Special Education, Civil Rights, Perkins, and Title I. The team appreciated the opportunity to interview staff and parents, to observe classroom facilities and to review the programs underway in the district. The onsite team would like to commend the following areas that were brought to its attention and that it believes have a significant and positive impact on the delivery of educational services for students enrolled in the Franklin County Technical School. These areas are as follows:

1. The district's Proactive approach to the self-assessment process by identifying and addressing some of the non-compliance issues,
2. Evidence of strong administrative team work to ensure the effective operation of the day to day operations of the school,
3. The array of services available to disabled and special population students.
4. The Title I staff participation in the analysis of MCAS results while assisting the district in developing and modifying curriculum to better meet student needs,
5. The development of supplemental instruction materials by the Title I staff for vocational and academic courses in the areas of language arts and mathematics,
6. The substantially separate program and the manner in which the member students are integrated into a number of shops according to the students' ability level,
7. The development of the portfolio requirement for all students to graduate which is composed of an interdisciplinary presentation of the individual student's work,
8. As a result of the high incidence of special needs students the staff members have incorporated a number of accommodations typically found on IEPs as regular teaching strategies,
9. The evolution of the internal school suspension program to include a wider scope of student's needs for either academic or social/emotional support on a short-term basis,
10. The ratio of guidance counselors to students is far lower than usually seen by the CPR Team which allows for the development of a better understanding of a student's strengths and weaknesses, and
11. The commitment of all the staff members we interviewed to assist students with maximizing their potential and prepare them to become not only knowledgeable in their chosen areas of concentration but also responsible members of the community.

Some of the commendations noted above are repeated within the body of the Department's report under the appropriate compliance criteria.

The Department is submitting the following Coordinated Program Review Report containing findings made pursuant to this onsite visit. In preparing this report, the team reviewed extensive written documentation regarding the operation of the district's programs, together with information gathered by means of following Department program review methods:

- Interviews of seven administrative staff.
- Interviews of 57 teaching and support services staff across all levels.
- Interviews of four parent advisory council (PAC) representatives, and other interviews as requested by persons from the general public.
- Interviews as requested by persons from the general public.
- Student record reviews: A sample of 25 special education student records were selected by the Department. Student records were first examined by local staff, whose findings were then verified by the onsite team using standard Department of Education student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements.

- Parent surveys: 25 parents of students with disabilities were sent surveys that solicited information regarding their experiences with the district's implementation of special education programs, related services and procedural requirements. Four of these parent surveys were returned to the Department of Education for review by the onsite team.
- Observation of classrooms and other facilities. A sample of 20 instructional classrooms and other school facilities used in the delivery of programs and services were visited to determine general levels of compliance with program requirements.

The report includes findings in the program areas reviewed organized under nine components . These components are listed in the executive summary on the following pages. The findings in each program area explain the "ratings, "determinations by the team about the implementation status of the criteria reviewed. The ratings indicate those criteria that were found by the team to be substantially "Implemented" or implemented in a "Commendable" manner. (Refer to the "Definition of Terms" section of the report.) Where criteria were found to be either "Partially Implemented" or "Not Implemented," the district or charter school must propose to the Department corrective actions to bring those areas into compliance with the controlling statute or regulation. In some instances the team may have rated a requirement as "Implemented" but made a specific comment on the district's implementation methods that also may require response from the district or charter school.

Districts are expected to incorporate the corrective action into their district and school improvement plans, including their professional development plan.

COORDINATED PROGRAM REVIEW REPORT

EXECUTIVE SUMMARY

Franklin County Technical School

The following summary synthesizes the findings for criteria included in the Coordinated Program Review as they respond to essential questions which the Department has formulated for each of the components of the report. Note that a more detailed discussion of the onsite team's findings, together with the specific legal standards for each program area included in this review, follows this summary.

Component I: Assessment of Student Progress

Has the district implemented an assessment system that uses appropriate instruments, is conducted according to the specified timelines, and covers the appropriate content areas to determine instructional needs of students?

The district was found to be in compliance with a majority of criteria contained within this component. Three areas, specific learning disability determination, IEP process and the timelines for the 3 year evaluations were identified during the district's self assessment process and subsequently presented to the onsite team with plans to address these deficient areas. The onsite team also found three partially implemented areas which will need to be addressed with corrective action plans, they are:

1. the tailoring of assessments based on need,
2. the scope and content of teacher assessments, and
3. the content of the special education progress reports.

Component II: Student Identification and Program Placement

Has the district followed procedures for student identification and placement into the program according to the criteria specified in regulations?

Within this component the three criteria which related to early childhood were not applicable and again the district was substantially compliant with the remaining criteria except for the following:

1. general educators do not actively participate with other Team members in the development of the IEP, including but not limited to, discussions concerning specialized instruction,
2. placement determinations are not fully discussed for the same reasons as cited above, and
3. although the teachers are presented with information concerning the specifics of each child's IEP, interviews indicated that the IEPs are not often read and there is no mechanism in place to monitor that the appropriate accommodations are in place within the classroom.

Component III: Parental Involvement

Has the district ensured that parents are notified in the appropriate language and are involved in decisions regarding their children's programs and services? Where appropriate, does the district involve community representatives in shaping programs?

Within the area of special education the only area of partial implementation within this

component addresses the concern that on occasion the district has begun services as outlined in the IEP to students before having parental consent. Additionally, the onsite team identified issues regarding how the district includes Title I parents in the assessment of the program.

Component IV: Curriculum and Instruction

Does the district hold all students to high expectations and standards? Are programs designed to maximize student performance and students' participation in the general curriculum? Is curriculum throughout the districts' programs aligned with the Massachusetts Curriculum Frameworks? Has the district provided for coordination across program areas?

There were only two issues found to be partially implemented within this component and they are:

1. The district needs to clarify its nondiscriminatory policies as they relate to student access to extra curricula activities, and
2. The Perkins team members indicated that although the district does have ties to some post secondary programs in the area, this service network needs to be expanded.

Component V: Student Support Services

Has the district ensured that all students have equal access to programs and services? Does the district provide support to students who need it?

The entire special education criteria and the majority of the Civil Rights and Perkins criteria contained within this component were found by the onsite team to be implemented. The following four issues were deemed to be partially implemented and will need to be addressed by the district:

1. the district needs to extend its notification of their nondiscriminatory policies to include the general public, and
2. attempts are made to inform students who are about leave school prior to graduation of their rights, yet there is no follow-up process or letter which is sent to those students opting not to participate in the exit interview process.

Component VI: Faculty, Staff and Administration

Does the district maintain certified staff in the specific program areas, provide supervision of aides and tutors, and provide ongoing professional development? Are program leadership and oversight effective? Are the district's personnel procedures non-discriminatory and does it seek to recruit employees from all groups?

The only two areas in which the district was found to be partially implemented in this component were:

1. the district needs to define how the existing District Curriculum Accommodation Plan (DCAP) will be used to assist the members of the building based team with providing instructional support to students in the general and vocational education classrooms, and
2. not all staff receive annual training regarding their responsibilities.

Component VII: School Facilities

Does the district maintain accessible facilities that are conducive to learning, facilitate integration, and provide equal opportunity for students to achieve?

Members of the onsite team did cite several vocational instructional areas that need updating to comply with health and safety codes. These areas in need of upgrading are culinary, cosmetology, welding, office technology, plumbing, and auto technology.

Component VIII: Program Plan and Evaluation

Does the District have written program plans where required that are evaluated according to specific regulatory requirements? Does it use the results of its evaluations to improve programs? Do parents have opportunities for input on needs, program implementation, evaluation, and improvement?

The district does not either evaluate the effectiveness of its special education program and services or the appropriateness of its nondiscrimination policies and programs.

Component IX: Record keeping

Does the District maintain required records and documentation for each specific program area? Are federal entitlement grants appropriately designed, amended, and monitored?

The district was fully compliant with all criteria contained in this component.

DEFINITION OF TERMS
FOR THE RATING OF EACH COMPLIANCE CRITERION

Commendable	Any requirement or aspect of a requirement implemented in an exemplary manner significantly beyond the requirements of law or regulation.
Implemented	The requirement is substantially met.
Implementation in Progress	In reference to compliance criterion MOA 17A, new Board of Education requirements became effective on April 2, 2001 regarding the use of physical restraint in publicly funded education programs. The district is currently engaged in staff training and is beginning implementation practices for these new requirements which the Department's onsite team anticipates will result in substantial compliance by the end of the 2001-2002 school year.
Partially Implemented	The requirement, in one or several important aspects, is not entirely met.
Not Implemented	The requirement is totally or substantially not met.
Not Applicable	The requirement does not apply to the school district or charter school.

COMPONENT I: ASSESSMENT OF STUDENT PROGRESS

The criteria in this component examine whether the District has implemented an assessment system that uses appropriate instruments, conducted according to the specified timelines and covering the appropriate content areas to determine instructional needs of students for the program areas listed below:

- Special Education (Report Issues # SE 1- SE 14)
 - Title I (Report Issues # TI 1-4)
- Perkins Vocational and Technical Education (Report Issues # P 1-4)

CRITERION NUMBER	SPECIAL EDUCATION I. ASSESSMENT OF STUDENT PROGRESS
	Legal Standard
SE 1	<p>Assessments are appropriately selected and interpreted for students referred for evaluation</p> <ol style="list-style-type: none"> 1. Tests and other evaluation materials are: <ol style="list-style-type: none"> a. validated b. administered and interpreted by trained individuals c. tailored to assess specific areas of educational need d. selected and administered to reflect aptitude and achievement levels e. as free as possible from cultural and linguistic bias f. provided in the student's native language or other mode of communication where feasible g. not the sole criterion for determining an appropriate educational program h. not only those designed to provide a single general intelligence quotient i. are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or the other factors the test purports to measure j. technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors 2. In interpreting evaluation data and making decisions, the district: <ol style="list-style-type: none"> a. uses information from a variety of sources to gather relevant functional and developmental information, including information provided by the parent b. ensures that information obtained from these sources is considered c. ensures that the placement decision conforms with placement in the least restrictive environment d. includes information related to enabling the student to be involved in and progress in the general curriculum <p>State Regulations 28.04</p> <p>Federal Requirements 300.532, 300.535</p>
	<p>Rating: Partially Implemented District Response Required: Yes</p>

Department of Education Findings:

The district does not always tailor the assessments used for the 3-year evaluations according to the specific areas of educational need. There is a heavy reliance on the Woodcock-Johnson for most students except for those in the substantially separate program as described in 1c of this criterion. The manner in which these evaluations are selected does not take into consideration Team member's input as to which assessments are required.

CRITERION NUMBER	
	Legal Standard
SE 2	<p>Required and optional assessments</p> <ol style="list-style-type: none"> 1. <u>Required assessments</u>: The following assessments are completed by appropriately credentialed and trained specialists for each referred student: <ol style="list-style-type: none"> a. Assessment(s) in all areas related to the suspected disability (ies) including consideration of any needed assistive technology devices and services and/or instruction in braille. b. Educational assessment by a representative of the school district, including a history of the student’s educational progress in the general curriculum. c. Assessment by a teacher(s) with current knowledge regarding the student’s specific abilities in relation to learning standards of the Massachusetts Curriculum Frameworks and the district curriculum, as well as an assessment of the student’s attention skills, participation behaviors, communication skills, memory, and social relations with groups, peers, and adults. d. For a child being assessed to determine eligibility for services at age three (3), an observation of the child’s interactions in the child’s natural environment or early intervention program is strongly encouraged together with the use of current assessments from early intervention Teams to avoid duplicate testing. 2. <u>Optional assessments</u>: The Administrator of Special Education may recommend or the parent may request one or more of the following: <ol style="list-style-type: none"> a. A comprehensive health assessment by a physician that identifies medical problems or constraints that may affect the student’s education. The school nurse may add additional relevant health information from the student’s school health records. b. A psychological assessment by a certified school psychologist, licensed psychologist, or licensed educational psychologist, including an individual psychological examination. c. A home assessment that may be conducted by a nurse, psychologist, social worker, guidance or adjustment counselor, or teacher and includes information on pertinent family history and home situation and may include a home visit, with the agreement of the parent 3. At the re-evaluation of a student, if <u>the Team decides</u> that no additional assessments are needed to determine whether the student continues to be eligible for special education, the school district recommends to the student’s parents the following: <ol style="list-style-type: none"> a. that no further assessments are needed and the reasons for this; and b. the right of such parents to request an assessment. <p style="text-align: center;">State Regulations Federal Requirements</p>

	<p>responsibility for ensuring that the student is receiving all special education and related services in the student's IEP, as well as all procedural protections of law and regulation. Any Team meetings conducted during the time that a student is enrolled in the out-of-district program are initiated by the school district in coordination with the out-of-district placement.</p> <p>3. <u>Preference to approved programs</u>: The school district, in all circumstances, first seeks to place a student in a program approved by the Department pursuant to the requirements of 603 CMR 28.09. Preference is also given to approved programs located within the Commonwealth of Massachusetts if the choice of such program is consistent with the needs of the student and the choice of such program complies with LRE requirements. When an approved program is available to provide the services on the IEP, the district makes such placement in the approved program in preference to any program not approved by the Department.</p> <p>4. <u>Written contracts</u>: At a minimum, the school district enters into written contracts with all public and private out-of-district placements. Such contracts meet the content requirements of 28.06(3)(f)(1-5).</p> <p>5. <u>Use of unapproved programs</u>: A school district that places a student in a program that has not been approved by the Department according to the requirements under 603 CMR 28.09 ensures that such programs and services are provided in appropriate settings by appropriately credentialed staff able to deliver the services on the student's IEP. Students placed by the school district in such programs are entitled to the full protections of state and federal special education law and regulation.</p> <p>6. <u>Placement documentation</u>: The following documentation is maintained by the school district pursuant to its placement of children in unapproved out-of-district programs:</p> <ul style="list-style-type: none"> a. <u>Search</u>: The Administrator of Special Education documents the search for and unavailability of a program approved by the Department. The Administrator places such documentation in the student record. b. <u>Evaluation of facility</u>: The Administrator of Special Education or his/her designee thoroughly evaluates the appropriateness of any unapproved facility prior to placement of the student in such program. Such evaluation determines whether the unapproved facility can appropriately implement the student's IEP in a safe and educationally appropriate environment. Such evaluation additionally determines whether the unapproved facility can and will provide the student with all the rights that are accorded to the student under state and federal special education law. Such evaluation is documented in detail and placed in the student record for review. To the extent that this evaluation requires a site visit, such site visits are documented and placed in the student record for review. The duty to evaluate the appropriateness of any unapproved facility is not delegated to the parents or their agents or the proposed unapproved facility. c. <u>School district approval to operate a private school in</u>

CRITERION NUMBER		
	Legal Standard	
	<p><u>Massachusetts</u>: If services in an unapproved program are provided in a school setting, the Administrator of Special Education ensures that such school has received approval from the local school committee under MGL c.76, §1 and a copy of such approval is retained in the student record.</p> <p>d. <u>Pricing</u>: Pursuant to the requirements for Compliance, Reporting and Auditing for Human and Social Services at 808 CMR 1.00, the Administrator obtains pricing forms required to set program prices for programs receiving publicly funded students. Such pricing forms are completed by the proposed placement and document that the price proposed for the student’s tuition is the lowest price charged for similar services to any student in that program.</p> <p>e. <u>Notification of the Department of Education</u>: Prior to placement, if the Team determines that placement in such facility is appropriate, the Administrator notifies the Department of the intent to place the student and the name and location of the proposed placement. In addition, the Administrator forwards the notice of proposed placement and completed pricing forms to the Department along with the information on the proposed terms of the contract that will govern such placement and documentation of a monitoring plan pursuant to 603 CMR 28.06(3)(b). The district maintains any documentation of the Department’s objections to such placement and the steps the district has taken in regard to such objection. The district maintains documentation of the approved price for publicly funded students as set by the state agency responsible for setting program prices.</p> <p>f. <u>Out of state programs</u>: If out-of-district programs are provided in a placement outside of Massachusetts, and such school has not received approval by the Department under 603 CMR 28.09, the Administrator of Special Education ensures that such school has received approval from the host state.</p>

COMPONENT VI: FACULTY, STAFF AND ADMINISTRATION

The criteria in this component examine whether the district has certified staff, provides supervision of aides and tutors, and provides ongoing professional development in the program areas listed below. Additionally, the component examines whether the district implements an effective system of program leadership and oversight which fosters high standards and performance expectations for all students and staff consistent with the goals of applicable federal and state requirements and Education Reform Act of 1993.
:

- Special Education (Report Issues # SE 50-54)
- Civil Rights Methods of Administration (MOA) (Report Issues MOA 18-21)
 - Title I (Report Issues # TI 19-23)
- Perkins Vocational and Technical Education (Report Issue # P 19)

CRITERION NUMBER	SPECIAL EDUCATION VI. FACULTY, STAFF AND ADMINISTRATION
	Legal Standard
SE 50	<p>Responsibilities of the School Principal and Administrator of Special Education Principal:</p> <ol style="list-style-type: none"> 1. <u>Instructional support.</u> The principal in each of the district’s schools promotes instructional practices responsive to student needs and ensures that adequate instructional support is available for students and teachers. Instructional support includes remedial instruction for students, consultative services for teachers, availability of reading instruction at the elementary level, appropriate services for linguistic minority students, and other services consistent with effective educational practices and the requirements of MGL c. 71B, §2. The principal consults with the Administrator of Special Education regarding accommodations and interventions for students. Such efforts and their results are documented and placed in the student record. Additionally, when an individual student is referred for an evaluation to determine eligibility for special education, the principal ensures that documentation on the use of instructional support services for the student is provided as part of the evaluation information reviewed by the Team when determining eligibility. 2. <u>Curriculum Accommodation Plan.</u> The principal implements a curriculum accommodation plan adopted by the district to ensure that all efforts have been made to meet the needs of diverse learners in the general education program. The plan assists the regular classroom teacher in analyzing and accommodating diverse learning styles of all children in the regular classroom and in providing appropriate services and support within the regular education program including, but not limited to, direct and systemic instruction in reading and provision of services to address the needs of children whose behavior may interfere with learning. The Plan includes teacher training in (1) analyzing and accommodating diverse learning styles of all students in order to achieve an objective of inclusion in the regular classroom of students with diverse learning styles; (2) methods of collaboration among teachers, paraprofessionals and teacher assistants to accommodate such styles; and (3) training in the provision of pre-referral services within regular education, teacher mentoring and collaboration and parental involvement. 3. <u>Coordination with special education.</u> The principal with the assistance of the Administrator of Special Education coordinates the delivery and supervision of special education services within each school building. 4. <u>Educational services in home or hospital.</u> Upon receipt of a physician’s written order verifying that any student enrolled in a public school or placed by the public school in a private setting must remain at home or in a hospital on a day or overnight basis, or any combination of both, for medical reasons and for a period of not less than fourteen school days in any school year, the principal arranges for provision of educational services in the home or hospital. Such services are provided with sufficient frequency to allow the student to continue his or her educational program, as long as such services do not interfere with the medical needs of the student. The principal

CRITERION NUMBER	SPECIAL EDUCATION VI. FACULTY, STAFF AND ADMINISTRATION	
	Legal Standard	
	<p>coordinates such services with the Administrator for Special Education for eligible students. Such educational services are not be considered special education unless the student has been determined eligible for such services, and the services include services on the student’s IEP.</p> <p><u>Administrator of Special Education:</u></p> <p>5. The school district has an appointed person to be its Administrator of Special Education. The Administrator supervises all special education for the school district and ensures compliance with all federal and state special education laws. As appropriate, and in accordance with the requirements of MGL c.71B, §3A, the Administrator may designate other school district personnel to carry out some of the duties of the Administrator.</p>	
	<p>State Regulations 28.03(3) Chapter 71, sec. 38Q and 38Q ½ as amended by FY '01 State Budget Out Side Sections 146 and 147</p>	<p>Federal Requirements</p>
	Rating: Partially Implemented	District Response Required: Yes

Department of Education Findings:

The district does conduct a weekly meeting attended by general and special educators to discuss students. The process needs to be further defined as a general education process to assist students using the accommodations presented in the DCAP and not as a precursor to referral for special education services. Present practice for home/hospital educational services has been funded through the special education budget and under the responsibility of the special education coordinator rather than the principal.

	Rating: Partially Implemented District Response Required: Yes

Department of Education Findings:

The following facility issues need to be addressed:

Culinary

- ✓ *The present space for the kitchen, baking and restaurant components is very limited.*
- ✓ *The floor surface in the kitchen area is chipped and uneven in several places.*
- ✓ *A safety guard needs to be installed on the garbage disposal.*
- ✓ *The carpet in the restaurant is buckled in several areas.*
- ✓ *A plan to ensure that cutlery is routinely sharpened should be developed*

Cosmetology

- ✓ *Proper ventilation is not available to allow students to complete the acrylic nail component of their program*
- ✓ *An electrical upgrade is needed to allow students full access to equipment in the shop area*

Welding

- ✓ *A free standing eye wash should be installed in this shop*

Landscaping/Horticulture

- ✓ *The eye wash unit needs to be replaced.*

Office Technology

- ✓ *No fire extinguisher is present in this shop area*

Plumbing

- ✓ *A vent hood hook-up needs to be installed to provide better ventilation*

Auto Technology

- ✓ *A lighting upgrade needs to be installed in this instructional area.*

In addition, the lack of a sprinkler system throughout the school and the lack of separate changing/locker and bathroom facilities for students in nontraditional settings are also serious facility concerns.

COMPONENT VIII: PROGRAM PLAN AND EVALUATION

The criteria in this component examine whether the district has written programs plans that are evaluated according to specific regulatory requirements and whether parents have opportunities for input on needs, program implementation, evaluation, and improvement in the program areas listed below:

- Special Education (Report Issue # SE 56)
- Civil Rights Methods of Administration (MOA) (Report Issues MOA 24-25)
 - Title I (Report Issues # TI 24-26)
- Perkins Vocational and Technical Education (Report Issue # P 21)

CRITERION NUMBER	SPECIAL EDUCATION VIII. PROGRAM PLAN AND EVALUATION
	Legal Standard
SE 56	<p>Special education programs and services are evaluated</p> <ol style="list-style-type: none"> 1. Special education programs, services and administrative areas are regularly evaluated. 2. The district develops methods for determining the effectiveness of programs in assisting students with disabilities to achieve the goals set forth in their IEPs in the least restrictive environment. 3. The district uses information it gathers from annual IEP reviews to measure the effectiveness of special education programs, and identifies programs, services and administrative areas that need improvement or must be developed. 4. As part of these evaluation procedures, the district measures the success of programs based on students' local and statewide assessment results, drop out rates and graduation rates for special education students. <p>State Regulations Chapter 71B Chapter 71, sec. 59C</p> <p style="text-align: right;">Federal Requirements 300.137</p>
	<p>Rating: Partially Implemented District Response Required: Yes</p>

	Rating: Partially Implemented District Response Required: Yes

Department of Education Findings:

Although documentation indicates that the school has conducted a needs assessment and data analysis, this has not been a routine annual process. In addition, interviews and documents revealed that parents are not currently part of this assessment process.

CRITERION NUMBER	
	Legal Standard
TI 24A	<p>The effectiveness of the Title I program/services at each school is evaluated on at least an annual basis, and Title I program changes are implemented which reflect the recommendations of this evaluation. The Title I Schoolwide Plan is integrated into the school's Improvement Plan.</p> <p>1115 (c)(2)(B)ESEA, IASA</p>

CRITERION NUMBER	
	Legal Standard
	Rating: Partially Implemented District Response Required: Yes

Department of Education Findings:

The district does not currently have a process to evaluate the entire Title I program. There is no comprehensive mechanism to guide future Title I program changes except for the analysis and use of MCAS data.

CRITERION NUMBER	
	Legal Standard
TI 25	Each Title I school identified in need of improvement develops an improvement plan in consultation with parents, the district, and the school support team, or revises its school plan in a manner that demonstrates the greatest likelihood of improving the performance of participating children. 1116(c)(2)(C)(i) ESEA, IASA
	Rating: Implemented District Response Required: No

CRITERION NUMBER	
	Legal Standard
TI 26	For districts with one or more Title I schools identified as in need of improvement, the district: <ul style="list-style-type: none"> • provides technical or other assistance as the school develops and implements or revises its school improvement plan. (Such technical assistance may be provided directly or by other entities with experience in helping schools improve achievement.); • (for the 2002-2003 school year) implements corrective action in the identified school during the third year following identification, if the school continues to fail to make adequate yearly progress (e.g., withhold funds, revoke authority to operate a schoolwide program, reconstitution of school staff, etc.); and • provides as many students as possible in an identified school with the opportunity to transfer to another school in the district not in need of improvement. 1116(c)(4) and (5) ESEA, IASA 2763A-32 of P.L. 106-554 (Education Appropriations Act, 2001)

	Rating: implemented District Response Required: No

CRITERION NUMBER	PERKINS VOCATIONAL VIII. PROGRAM PLAN AND EVALUATION
	Legal Standard
P 21	The school has developed and implemented a system of program evaluation that includes, at a minimum, the following four core indicators: (Section 116) (i) Student attainment of challenging State established academic and career and technical skill proficiencies. (ii) Student attainment of a secondary school diploma or its recognized equivalent, proficiency credentials in conjunction with a secondary school diploma or a post secondary degree or credential. (iii) Placement in, retention in, and completion of, postsecondary education or advanced training, placement in military service, or placement or retention in employment/ (iv) Student participation in and completion of career and technical education programs that lead to nontraditional training and employment.
	Rating: Implemented District Response Required: No

Department of Education Findings:

The school district is engaged in this activity with School to Career staff through the local plan update review process on an ongoing basis.

COMPONENT IX: RECORD KEEPING

The criteria in this component examine whether the district maintains required records and documentation for the program areas listed below:

- Special Education (Report Issues # SE 57-58)
 - Title I (Report Issues # TI 27-29A)
- Perkins Vocational and Technical Education (Report Issue # P 22)

CRITERION NUMBER	SPECIAL EDUCATION IX. RECORD KEEPING
	Legal Standard
SE 57	<p>Special education child count</p> <ol style="list-style-type: none"> 1. A child count is maintained representing students with current, accepted IEPs who are provided, at a minimum, direct special education and/or related services to each student. The count is filed as part of annual school report by December 1 of each school year and provides an unduplicated listing of the number of students with IEPs in each program and does not reveal the identity of individual students or their parents. 2. The child count also includes students with disabilities determined eligible for special education who are attending private schools at private expense and are receiving publicly funded services according to IEPs developed by the district. 3. The district does not include as part of its special education child count students who are determined by the Department to be erroneously classified as eligible to be counted under federal or state special education requirements or who are no longer receiving special education and/or related services. <p>State Regulations 603 CMR 23.00</p> <p style="text-align: right;">Federal Requirements 300.750-754; 300.145; 300.560-300.577; Family Educational Rights and Privacy Act (FERPA); 300.133</p>

P22	Student records contain the items listed in the Perkins Student Record Review Checklist. (Section 122)
	Rating: Implemented District Response Required: No

Department of Education Findings:

A review of student records indicated that appropriate documents are kept within the Guidance Department in accordance with Perkins program requirements.

APPENDIX:
SCHOOL DISTRICT PROFILE INFORMATION

The information which is provided in this Appendix was drawn from data supplied by the school district. The Department's visiting team carefully reviewed this data as part of its planning for the onsite visit and in preparing this Coordinated Program Review Report. This district-wide information, together with more detailed school building data, is periodically updated by the school district and is available in an evercurrent form on the Department's internet web site at <<http://profiles.doe.mass.edu/>>.

School and District Profiles

Definitions of Terms

Profiles

The Massachusetts Department of Education collects information about schools and districts. Some of the information collected is published in School and District Profiles on DOE web pages. The information provides a snapshot of the educational picture in communities across the state.

Now districts view, add, update and delete their own district and school information over the web to make sure that the information is as up-to-date and accurate as possible. In addition, the general public will be able to view Directory information about each school district in the state. Individuals can retrieve for themselves information such as school personnel, school programs (e.g. School Choice and TBE) and the location of specialized services such as Special Education Collaboratives, and Vocational Training Programs. The list below provides an explanation of information presented in the Profiles.

Directory Information

DOE Code: The DOE Code, also referred to as the Organization Code, is an eight digit numeric code assigned by the Massachusetts Department of Education to every organization listed in the Directory Profiles, including every district and school in the Commonwealth. For districts and schools, the first four digits represent the District Code and the last four digits represent the School Code. Thus the organization code "02660505" stands for "0266" (Sharon Public Schools) + "0505" (Sharon High). If a form requires the 8-digit DOE school code it is calling for the entire organization code.

Prior to the 2001 school year, organization codes contained six digits (three for the district and three for the school.) With the exception of some special needs schools, the eight digit codes are the same as the six digit codes with one zero added before the district code and another zero added before the school code. Thus, Sharon High's old six digit organizational code was 266505.

Please Note: The Department's Organization Code is not the same as the Institution codes assigned by the College board for SAT and AP results. Nor is it the same as the NCES code assigned to Massachusetts schools by the U.S. Department of Education.

Grades/Schools*: indicates the number and grade range of elementary, middle/junior high and high schools in the district, as well as the total number of schools in the district and the grade range of the school system. An elementary range beginning with "PK" indicates the district has pre-kindergarten. A high school range ending in "13" or "14" indicates the district has a post-graduate program. Kindergarten starting age indicates the age as of a particular date at which children are eligible to begin kindergarten.

Services: Services include:

- **Inter-district Choice:** indicates whether students from other districts may enroll in the district through the state school choice program, which is voluntary and on a space-available basis.
- **Intra-district Choice:** indicates whether the district has a school choice program within the school district for students who live in the district.
- **Vocational Education:** indicates whether the district operates a Chapter 74 approved vocational education program.
- **Transitional Bilingual Education (TBE):** indicates whether the district operates a TBE program. Under Massachusetts law, a district must provide a TBE program in a particular language if there are 20 or more limited English proficient students in that particular language group enrolled in the district. Limited English proficient students are students whose first language is not English and who cannot perform ordinary class work in English.
- **METCO:** indicates whether the district participates in the state METCO program, which promotes voluntary desegregation by enrolling minority students from Boston and Springfield in suburban schools.

Relationships: Relationships include:

- **Member of Regional Districts*:** for local school districts, indicates the name(s) of any academic and/or vocational regional district(s) of which the local school district is a member. For regional school districts, indicates the names of member local school districts. A regional school district provides educational services to more than one town.

* District level data only.

Enrollment

Enrollment by Grade: indicates the enrollment for grades Pre-kindergarten (PK), kindergarten through 12, post-graduate grades 13 and 14, and ungraded (u/g) students for the listed school year.

Race/Ethnicity: indicates the percent of enrollment by race/ethnicity for the listed school year. The reporting categories are those used by the U.S. Bureau of the Census.

Selected Populations: indicates the percent of enrollment represented by students in special education programs*, students who are limited English proficient, and students eligible to receive free or reduced price lunch*. Data are for the listed school year.

Children Attending Public Schools*: indicates the percent of school-age children in a city or town attending public schools, for the listed school years.

* District level data only.

Test Results

Massachusetts Comprehensive Assessment System (MCAS): Click the MCAS link to see MCAS results for the district or school.

For additional information about Massachusetts Comprehensive Assessment System (MCAS), please refer to the Department of Education's MCAS web site at www.doe.mass.edu/mcas.

SAT: The district or school's SAT results are displayed for the listed years.

People

A list of people who work in the organization. Each name is linked to contact information for the person.

Finance

Per Pupil Expenditures*: are calculated by dividing a district's operating costs by its average pupil membership. Operating costs include expenditures for administration, instruction, pupil services, transportation, plant maintenance, and fixed charges. These costs do not include capital outlay and long-term interest on school debt. Average pupil membership includes students who receive services in the district's schools, as well as students receiving home or hospital instruction. Data for regular education, special education, bilingual education and vocational education students are provided in addition to the total for all day programs, for the listed school years.

Teacher Salary*: indicates the minimum and maximum teacher salaries available, for the listed school years.

Foundation Budget Spending Comparison*: The education reform act established a foundation budget for each school district. This budget represents the minimum level of spending needed to provide an adequate education for the district's students. The foundation budget is made up of 19 separate categories. The chart shows the district's actual spending in each category for the listed school year as a percentage of the district's foundation budget. If the percentage exceeds 100%, the district spent more in the category than suggested by the foundation budget. If the percentage is less than 100%, the district spent less. Significant variations between local spending and the foundation budget, or between local spending and the statewide averages, should be reviewed closely. In some cases, the differences may be due to unique circumstances and needs within the district. In other cases, the differences may suggest potential areas for review and improvement.

Click one of the links in the Finance section for more school finance information.

* District level data only.

Other Data

Dropout/Attendance Rates: indicates the percentage of students in grades 9-12 who dropped out of school between July 1 and June 30 prior to the listed year and who did not return to school by October 1. Dropouts are defined as students who leave school prior to graduation for reasons other than transfer to another school.

Attendance Rate: indicates the average percentage of enrolled students present in school for the listed school year.

Student Exclusions: indicates the number of student exclusions that occurred during the listed school year. An exclusion is defined as the removal of a student for disciplinary purposes permanently, indefinitely or for more than ten consecutive school days.

Plans of High School Graduates: indicates the post-graduate intentions of students for the listed school year.

Technology: indicates the number of students for every one computer and the percent of classrooms with Internet access. Data are for the listed school year; "DNR" appears for schools and districts which did not yet report data
