# MASSACHUSETTS DEPARTMENT OF EDUCATION

## COORDINATED PROGRAM REVIEW REPORT

### Grafton Public Schools

#### OVERVIEW OF REVIEW PROCEDURES

As one part of its Accountability System, the Department of Education oversees local compliance with education requirements through the Coordinated Program Review System (CPR). Most reviews include selected requirements in special education under the federal Individuals with Disabilities Education Act, 20 U.S.C. Section 1400 *et seq.* (IDEA-97), and M.G.L. Chapter 71B (Chapter 766 of the Acts of 1972) and certain federal civil rights requirements under Titles I and II of the Americans with Disabilities Act of 1990, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973, together with related state requirements under M.G.L. Chapter 76, Section 5 (Chapter 622 of the Acts of 1971) and other related Massachusetts General Laws. Additionally, all reviews include certain standards included under the Board of Education's Physical Restraint regulations (603 CMR 46.00). Other monitoring activities in the areas of Title I, Safe and Drug-Free Schools and Communities Act, the Perkins Vocational and Technical Education Act, and Nutrition Programs and Services are conducted in some districts during these Coordinated Program Review procedures. The selected school districts for 2002-2003 were notified by the Commissioner of Education in June 2002 of scheduled visits and were required to implement self-assessment activities prior to the arrival of the Department's visiting team.

#### Coordinated Program Review Elements

Team: Depending upon the size of a school district and the number of program areas to be reviewed, a team of approximately two to eight Department staff members together with any necessary outside consultants conducts a Coordinated Program Review over two to ten days in a school district or charter school.

Scope: Approximately fifty-three school districts and charter schools are scheduled to receive visits in school year 2002-2003. All school districts and charter schools in the Commonwealth are monitored through the Department's Coordinated Program Review system on a six-year cycle with an additional mid-cycle special education follow-up visit.

Content: The Program Review criteria encompass the required elements for the specific program areas. In the case of special education, the elements selected for the 2002-2003 reviews contain, at a minimum, those required by the federal Office for Special Education Programs (OSEP) and revised requirements included under IDEA-97 as described in the Department's Special Education Advisories. Additionally, the 2002-2003 reviews incorporate updated state special education requirements as adopted by the Board of Education and effective on December 20, 2000. The Program Review compliance criteria selected in all of the regulated program areas are those that are most closely aligned with the goals of the Massachusetts Education Reform Act of 1993, and intended to promote high standards and achievement for all students.

Report: The Department's report is based on a review of written documentation and data regarding the operation of the district's programs, together with information gathered through the following Department program review methods:

- Interviews of administrative, instructional and support staff across all grade levels.
- Interviews of parent advisory council (PAC) representatives and other interviews as requested by persons from the general public.
- Student record reviews in the program areas of special education, Perkins vocational programs, and Section 504 (student accommodation plans). A sample of student records is selected by the Department. Student records are examined by the onsite team using standard Department student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements. Parents of students with disabilities whose files are selected for the record review are sent a survey that solicits information regarding their experiences with the district's implementation of special education programs, related services and procedural requirements.
- Classroom and facilities observation. A sample of instructional classrooms and other school facilities used in the delivery of programs and services are visited to determine general levels of compliance with program requirements.
- Collaborative Programs and Services. Where the district is a member of a collaborative approved by the Department of Education and is a site for programs or services operated by the collaborative, a sample of interviews, student record reviews and classroom and facility observations are conducted.

An Executive Summary and detailed findings for each program area describe determinations of the Department of Education about the implementation status of each requirement (criterion) reviewed.

Response: The findings included in the Final Report note those criteria the implementation of which the team found to be commendable or substantially implemented. Where criteria are found not to be fully implemented, the local district or charter school must propose corrective actions to bring those areas into compliance with the respective statutes or regulations. Districts are encouraged to incorporate the corrective action into their district and school improvement plans, including the district professional development plan.

\* \* \* \* \*

The Department of Education believes that the Coordinated Program Review process is a positive experience and that the Final Report should be seen as a helpful planning document for the continuing development of programs and services in the school district or charter school.

## REPORT INTRODUCTION

A four-member Massachusetts Department of Education team visited Grafton public schools during the week of March 24, 2003 to evaluate the implementation of selected criteria in the program areas of Special Education, Civil Rights and Title I. The team appreciated the opportunity to interview staff and parents, to observe classroom facilities and to review the programs underway in the district. The onsite team would like to commend the following areas that were brought to its attention and that it believes have a significant and positive impact on the delivery of educational services for students enrolled in the Grafton Public Schools. These areas are as follows:

*The Grafton Public School District should be proud of its commitment to the educational success of all of its students. The district maintains a hard working staff, in addition to visible and supportive administrators within a healthy, supportive climate.*

*Within the district is a continuum of services that offers an array of programs, services and accommodations for its special needs students.*

*The district has an established Strategic Plan with a Strategic Planning Committee, A District Curriculum Accommodation Plan (DCAP) at every level and an active Student Support Team indicating a commitment to maintaining a standard of excellence for all children. The district's use of The Responsive Classroom program is an example of this commitment.*

*The district has a well-developed Curriculum Planning Council reviewing, revising and evaluating the curriculum and materials used in the school buildings.*

*Some of the commendations noted above are repeated within the body of the Department's report under the appropriate compliance criteria.*

The Department is submitting the following Coordinated Program Review Report containing findings made pursuant to this onsite visit. In preparing this report, the team reviewed extensive written documentation regarding the operation of the district's programs, together with information gathered by means of following Department program review methods:

- Interviews of 14 administrative staff.
- Interviews of 43 teaching and support services staff across all levels.
- Interviews of 2 parent advisory council (PAC) representatives.
- Six Interviews as requested by persons from the general public.
- Student record reviews: A sample of 27 student records was selected by the Department. Student records were first examined by local staff, whose findings were then verified by the onsite team using standard Department of Education student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements.
- Parent surveys: 36 parents of students with disabilities were sent surveys that solicited information regarding their experiences with the district's implementation of special education programs, related services and procedural requirements. 22 of these parent surveys were returned to the Department of Education for review by the onsite team.
- Observation of classrooms and other facilities. A sample of 16 instructional classrooms and other school facilities used in the delivery of programs and services was visited to determine general levels of compliance with program requirements.

The report includes findings in the program areas reviewed organized under nine components . These components are listed in the executive summary on the following pages. The findings in each program area explain the “ratings, ”determinations by the team about the implementation status of the criteria reviewed. The ratings indicate those criteria that were found by the team to be substantially “Implemented” or implemented in a “Commendable” manner. (Refer to the “Definition of Terms” section of the report.) Where criteria were found to be either "Partially Implemented" or "Not Implemented," the district or charter school must propose to the Department corrective actions to bring those areas into compliance with the controlling statute or regulation. In some instances the team may have rated a requirement as “Implemented” but made a specific comment on the district’s implementation methods that also may require response from the district or charter school.

Districts are expected to incorporate the corrective action into their district and school improvement plans, including their professional development plan.

# COORDINATED PROGRAM REVIEW REPORT

## EXECUTIVE SUMMARY

### Grafton Public Schools

The following summary synthesizes the findings for criteria included in the Coordinated Program Review as they respond to essential questions which the Department has formulated for each of the components of the report. Note that a more detailed discussion of the onsite team's findings, together with the specific legal standards for each program area included in this review, follows this summary.

#### **Component I: Assessment of Student Progress**

*Has the district implemented an assessment system that uses appropriate instruments, is conducted according to the specified timelines, and covers the appropriate content areas to determine instructional needs of students?*

The district has an established system to determine the instructional needs of its students. The district's assessments are appropriately selected and interpreted for students, include a wide variety of instruments and appropriate and qualified personnel conduct these assessments.

The district needs to document its assessment procedures in determining the need for transition services as the need for and services related to this area were not always evident in the student records.

Staff in the district understand and implement the special requirements for determination of specific learning disabilities.

All students with disabilities participate in the MCAS testing with appropriate modifications.

Parents are receiving progress reports as often as parents who are informed of the progress of non-disabled students; however, the reports do not consistently contain information specific to the progress towards each IEP goal or whether or not the goals will be met by the end of the IEP period.

#### **Component II: Student Identification and Program Placement**

*Has the district followed procedures for student identification and placement into the program according to the criteria specified in regulations?*

The district follows procedures for identifying and placing students into programs according to specified regulations. Systems are in place for identifying students in need of special education services, utilizing appropriate outreach procedures. Screenings are routinely conducted ensuring that services for student's eligible for special education are in place by age three.

The district consistently considers the least restrictive environment and all students have access to a full range of education programs.

The district generally follows appropriate policies and procedures in the development of the IEP. Once a parent accepts an IEP, services begin without delay. However, parents are not always provided the proposed IEP and placement immediately after the Team meeting. In addition, the IEP goals are not consistently measurable.

The district modifies programs for students who are English language learners. All students have equal access to the programs and services of the district.

### **Component III: Parental Involvement**

*Has the district ensured that parents are notified in the appropriate language and are involved in decisions regarding their children's programs and services? Where appropriate, does the district involve community representatives in shaping programs?*

The district provides notification to parents regarding proposals or refusals to conduct evaluations or changes in the identification or educational placement of special education students. The district obtains written parental consent prior to conducting evaluations and provides written Team meeting notices to parents in advance of Team meetings. Parents report that they are not always consulted regarding who the evaluators will be for determining eligibility, that they may request the results of assessments before the IEP Team meeting, and how to request an Independent Educational Evaluation. Documents are not routinely translated for parents with limited English skills.

Parent's report that they would like more opportunities to participate in relevant training, assist in the evaluation of the special education programs in the district, and understand how to participate in the Parent Advisory Council (PAC).

The district does not meet all of the Title I requirements for parent involvement. Open lines of communication between individual teachers and parents are apparent and good plans appear to be set, but parental input on Title I program planning, policy development, and program review is not currently obtained. Also, the district has not acted in a targeted manner to build schools' and parents' capacity for strong parental involvement.

### **Component IV: Curriculum and Instruction**

*Does the district hold all students to high expectations and standards? Are programs designed to maximize student performance and students' participation in the general curriculum? Is curriculum throughout the districts' programs aligned with the Massachusetts Curriculum Frameworks? Has the district provided for coordination across program areas?*

The district does hold all students to high expectation and standards. All students are involved in the general curriculum and the curriculum, throughout the district, is aligned with the Massachusetts Curriculum Frameworks and is provided to all students. The district offers a continuum of alternative services that address the diverse needs of students.

Extra-curricular activities are non-discriminatory, accessible to all students and do not exclude students on the basis of race, religion, sex, color, national origin, disability or sexual orientation.

IEP Teams routinely consider the need for and provide assistive technology based on the needs of eligible students. Many different types of assistive technology are used in the district. The district's procedures for placing students in out-of-district placements are consistent with state and federal requirements. The size and age span of the district's instructional groupings are implemented within state guidelines. The district also has appropriate preschool programs for eligible students.

#### **Component V: Student Support Services**

*Has the district ensured that all students have equal access to programs and services? Does the district provide support to students who need it?*

The district has in place numerous support programs including Title I services. There are counselors and counseling services available in all buildings. Student record review and interviews indicated that all students in special education are provided with a free appropriate public education. There are equal opportunities for all students to participate in educational, nonacademic, extracurricular and ancillary programs as well as regular education. However, the district's publications for students, parents and employees contain an out-dated or incomplete non-discrimination statement.

There is a procedure for recording suspensions and the district's suspension procedures for students with disabilities, including those not yet found eligible, that is consistent with federal requirements. The district also appropriate procedures for physical restraint and for the use of suspension procedures for students with special needs.

#### **Component VI: Faculty, Staff and Administration**

*Does the district maintain certified staff in the specific program areas, provide supervision of aides and tutors, and provide ongoing professional development? Are program leadership and oversight effective? Are the district's personnel procedures non-discriminatory and does it seek to recruit employees from all groups?*

The district has developed a District Curriculum Accommodation Plan that is implemented in all buildings and provides instructional support to students throughout the district.

All special education teachers and related service providers are appropriately certified or have obtained a current waiver.

The district provides staff with various professional development opportunities, and they have received training on state and federal special education requirements, related local special education policies and procedures, and training on the diverse learning needs of all students. Specific training for paraprofessional staff is provided.

District employee recruitment activities are aimed at reaching all groups of people. Employment applications and interview procedures are nondiscriminatory, as are personnel policies and procedures. However, staff have not received annual training regarding their responsibilities under civil rights legislation.

While not all Title I teachers meet the "highly qualified" requirements, those who do not, are in the process of meeting it by the deadline established by the No Child Left Behind Act.

**Component VII: School Facilities**

*Does the district maintain accessible facilities that are conducive to learning, facilitate integration, and provide equal opportunity for students to achieve?*

The district maintains accessible facilities that are conducive to learning, facilitate integration and provide equal opportunities for students to achieve. The special education classrooms are located in areas that fully maximize the inclusion of all students.

The Title I space at the Middle School is located in such a way that it is necessary to walk through another classroom to reach it and it is not equal in all respects to the average standards of general educational classrooms.

**Component VIII: Program Plan and Evaluation**

*Does the district evaluate its programs in accordance with regulatory requirements? Does it use the results of its evaluations to improve programs? Do parents have opportunities for input on program needs, program implementation, and program evaluation and improvement?*

The district has a curriculum review process to regularly review the instructional and educational materials, as well as a comprehensive evaluation process to examine and remedy policies and programs that discriminate or limit educational access.

Many of the special education programs, services and administration have been examined for improvement needs. The special education Parent Advisory Council has been provided opportunities to collaborate with the district regarding the evaluation and improvement of district special education programs.

For Title I, a formal needs assessment and program evaluation is not conducted in each Title I-served school.

**Component IX: Record keeping**

*Does the District maintain required records and documentation for each program area? Are entitlement grants appropriately designed, amended, and monitored?*

The district satisfactorily maintains the required records and documentation for each specific program area. Entitlement grants are appropriately designed, implemented and monitored.

**DEFINITION OF TERMS**  
**FOR THE RATING OF EACH COMPLIANCE CRITERION**

|                                   |  |
|-----------------------------------|--|
| <b>Commendable</b>                | Any requirement or aspect of a requirement implemented in an exemplary manner significantly beyond the requirements of law or regulation.  |
| <b>Implemented</b>                | The requirement is substantially met.  |
| <b>Implementation in Progress</b> | The criterion includes one or more new federal Title I requirements that became effective during the 2002-2003 academic year. The district has substantially implemented any pre-September 1, 2002 requirements also included under the criterion and is currently engaged in staff training and/or is beginning implementation practices for new requirements which the Department's onsite team anticipates will result in substantial compliance by the end of the 2002-2003 school year. |
| <b>Partially Implemented</b>      | The requirement, in one or several important aspects, is not entirely met.   |
| <b>Not Implemented</b>            | The requirement is totally or substantially not met.   |
| <b>Not Applicable</b>             | The requirement does not apply to the school district or charter school.   |

Several key areas of compliance with federal special education requirements have been highlighted in **SHADED TEXT** in the Program Review Criteria. These highlighted areas are included in the Massachusetts Continuous Improvement Plan (CIP) that is being used by the U.S. Department of Education, Office of Special Education Programs (OSEP), to track over time this state's compliance in these key areas.

## COMPONENT I: ASSESSMENT OF STUDENT PROGRESS

The criteria in this component examine whether the District has implemented an assessment system that uses appropriate instruments, conducted according to the specified timelines and covering the appropriate content areas to determine instructional needs of students for the program areas listed below:

- Special Education (Report Issues # SE 1- SE 14)

| CRITERION NUMBER   | SPECIAL EDUCATION<br>I. ASSESSMENT OF STUDENT PROGRESS   |
|--------------------|--|
|                    | <b>Legal Standard</b>  |
| <p><b>SE 1</b></p> | <p><b>Assessments are appropriately selected and interpreted for students referred for evaluation</b></p> <ol style="list-style-type: none"> <li>1. Tests and other evaluation materials are:               <ol style="list-style-type: none"> <li>a. validated</li> <li>b. administered and interpreted by trained individuals</li> <li>c. tailored to assess specific areas of educational need</li> <li>d. selected and administered to reflect aptitude and achievement levels</li> <li>e. as free as possible from cultural and linguistic bias</li> <li>f. provided in the student's native language or other mode of communication where feasible</li> <li>g. not the sole criterion for determining an appropriate educational program</li> <li>h. not only those designed to provide a single general intelligence quotient</li> <li>i. are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or the other factors the test purports to measure</li> <li>j. technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors</li> </ol> </li> <li>2. In interpreting evaluation data and making decisions, the district:               <ol style="list-style-type: none"> <li>a. uses information from a variety of sources to gather relevant functional and developmental information, including information provided by the parent</li> <li>b. ensures that information obtained from these sources is considered</li> <li>c. ensures that the placement decision conforms with placement in the least restrictive environment</li> <li>d. includes information related to enabling the student to be involved in and progress in the general curriculum</li> </ol> </li> </ol> <p><b>State Regulations</b><br/>28.04</p> <p style="text-align: right;"><b>Federal Requirements</b><br/>300.532, 300.535</p> |
|                    | <p><b>Rating: Implemented</b> <span style="float: right;"><b>District Response Required: No</b></span></p>   |

| <b>CRITERION NUMBER</b>    |  |
|----------------------------|--|
|                            | <b>Legal Standard</b>  |
| <b>SE 2</b>                | <p><b>Required and optional assessments</b></p> <p>1. <b>Required assessments:</b> The following assessments are completed by appropriately credentialed and trained specialists for each referred student:</p> <ul style="list-style-type: none"> <li>a. Assessment(s) in all areas related to the suspected disability (ies) including consideration of any needed assistive technology devices and services and/or instruction in braille.</li> <li>b. Educational assessment by a representative of the school district, including a history of the student's educational progress in the general curriculum.</li> <li>c. Assessment by a teacher(s) with current knowledge regarding the student's specific abilities in relation to learning standards of the Massachusetts Curriculum Frameworks and the district curriculum, as well as an assessment of the student's attention skills, participation behaviors, communication skills, memory, and social relations with groups, peers, and adults.</li> <li>d. For a child being assessed to determine eligibility for services at age three (3), an observation of the child's interactions in the child's natural environment or early intervention program is strongly encouraged together with the use of current assessments from early intervention Teams to avoid duplicate testing.</li> </ul> <p>2. <b>Optional assessments:</b> The Administrator of Special Education may recommend or the parent may request one or more of the following:</p> <ul style="list-style-type: none"> <li>a. A comprehensive health assessment by a physician that identifies medical problems or constraints that may affect the student's education. The school nurse may add additional relevant health information from the student's school health records.</li> <li>b. A psychological assessment by a certified school psychologist, licensed psychologist, or licensed educational psychologist, including an individual psychological examination.</li> <li>c. A home assessment that may be conducted by a nurse, psychologist, social worker, guidance or adjustment counselor, or teacher and includes information on pertinent family history and home situation and may include a home visit, with the agreement of the parent.</li> </ul> <p>3. At the re-evaluation of a student, if <u>the Team decides</u> that no additional assessments are needed to determine whether the student continues to be eligible for special education, the school district recommends to the student's parents the following:</p> <ul style="list-style-type: none"> <li>a. that no further assessments are needed and the reasons for this; and</li> <li>b. the right of such parents to request an assessment.</li> </ul> <p><b>State Regulations</b><br/>28.04 (1) and (2)</p> <p><b>Federal Requirements</b><br/>300.532; 300.346.(a)(2)(v)</p> |

|                  | <b>Rating: Partially Implemented      DISTRICT RESPONSE REQUIRED: Yes</b>   |

**Department of Education Findings:**

*District Title I schools provide parents with timely information regarding Title I programs and opportunities for meetings. Individual teachers provide parents with materials and guidance to improve student’s achievement as well. Interviews and documentation indicated, however, that parents are not informed of, or involved in the development of, a written parent involvement policy. Indications are that parents are not involved in program planning and review.*

#### COMPONENT IV: CURRICULUM AND INSTRUCTION

The criteria in this component examine whether the district holds all students to high expectations and standards and ensures that the program areas reviewed are designed to maximize student performance within regular education and are implemented according to specific regulatory requirements with respect to learning time, class size, staffing ratio, and age spans. The criteria also examine if the district has provided for coordination across the following program areas:

- Special Education (Report Issues # SE 33-42)
- Civil Rights Methods of Administration (MOA) (Report Issues MOA 8-9)
  - Title I (Report Issues # TI 29-33)

## COMPONENT V: STUDENT SUPPORT SERVICES

The criteria in this component examine whether the district has ensured that all students have equal opportunity and access to programs or services in the program areas listed below:

- Special Education (Report Issues # SE 43-49A)
- Civil Rights Methods of Administration (MOA)  
(Report Issues MOA 10 –17A)
  - Title I (Report Issues # TI 34)

The district has complaint resolution procedures that include the disciplinary measures that may be imposed upon students who harass or discriminate.</li> <li>3. The principal of each school ensures that the district and school codes of conduct are distributed annually to students, parents and school personnel.</li> </ol> <p>Title VI; Title IX; Section 504; M.G.L. c.76, s. 5</p> |
|                         | <b>Rating: Partially Implemented</b> <b>DISTRICT RESPONSE REQUIRED: Yes</b>   |

**Department of Education Findings:**

*All handbooks do not contain a non-discrimination statement. (See MOA 11) Complaint resolution procedures are missing from the middle school handbook and missing timelines in the elementary handbook. (See MOA 12)*

*The high school handbook contains a code of conduct with specific consequences for specific behaviors, and provides due process, but includes an illegal requirement that all suspensions require a meeting with the parent or guardian for readmission to the school. The student cannot be held accountable for the behavior of the parent. The discipline procedures for special needs students is out of date and refers to old 766 regulations and reporting to DOE.*

*The middle school handbook has no discipline procedures for special needs students and does not include any due process review or appeal. The elementary school handbook also does not include a discipline procedure for special needs students.*

## COMPONENT VI: FACULTY, STAFF AND ADMINISTRATION

The criteria in this component examine whether the district has certified staff, provides supervision of aides and tutors, and provides ongoing professional development in the program areas listed below. Additionally, the component examines whether the district implements an effective system of program leadership and oversight which fosters high standards and performance expectations for all students and staff consistent with the goals of applicable federal and state requirements and Education Reform Act of 1993.  
:

- Special Education (Report Issues # SE 50-54)
- Civil Rights Methods of Administration (MOA) (Report Issues MOA 18-21)
  - Title I (Report Issues # TI 35-36)

| SE 50            | <p><b>Responsibilities of the School Principal and Administrator of Special Education Principal:</b></p> <ol style="list-style-type: none"> <li data-bbox="407 512 1409 1010">1. <u>Instructional support.</u> The principal in each of the district’s schools promotes instructional practices responsive to student needs and ensures that adequate instructional support is available for students and teachers. Instructional support includes remedial instruction for students, consultative services for teachers, availability of reading instruction at the elementary level, appropriate services for linguistic minority students, and other services consistent with effective educational practices and the requirements of MGL c. 71B, §2. The principal consults with the Administrator of Special Education regarding accommodations and interventions for students. Such efforts and their results are documented and placed in the student record. Additionally, when an individual student is referred for an evaluation to determine eligibility for special education, the principal ensures that documentation on the use of instructional support services for the student is provided as part of the evaluation information reviewed by the Team when determining eligibility.</li> <li data-bbox="407 1010 1409 1549">2. <u>Curriculum Accommodation Plan.</u> The principal implements a curriculum accommodation plan adopted by the district to ensure that all efforts have been made to meet the needs of diverse learners in the general education program. The plan assists the regular classroom teacher in analyzing and accommodating diverse learning styles of all children in the regular classroom and in providing appropriate services and support within the regular education program including, but not limited to, direct and systemic instruction in reading and provision of services to address the needs of children whose behavior may interfere with learning. The Plan includes teacher training in (1) analyzing and accommodating diverse learning styles of all students in order to achieve an objective of inclusion in the regular classroom of students with diverse learning styles; (2) methods of collaboration among teachers, paraprofessionals and teacher assistants to accommodate such styles; and (3) training in the provision of pre-referral services within regular education, teacher mentoring and collaboration and parental involvement.</li> <li data-bbox="407 1549 1409 1650">3. <u>Coordination with special education.</u> The principal with the assistance of the Administrator of Special Education coordinates the delivery and supervision of special education services within each school building.</li> <li data-bbox="407 1650 1409 1879">4. <u>Educational services in home or hospital.</u> Upon receipt of a physician’s written order verifying that any student enrolled in a public school or placed by the public school in a private setting must remain at home or in a hospital on a day or overnight basis, or any combination of both, for medical reasons and for a period of not less than fourteen school days in any school year, the principal arranges for provision of educational services in the home or hospital. Such services are provided with sufficient frequency to allow the</li> </ol> |

| MOA 24           | <p><b>Curriculum review process</b></p> <p>The district has a process to ensure that teachers in the district regularly review all instructional and educational materials for simplistic and demeaning generalizations, lacking intellectual merit on the basis of disability, race, color, sex, religion, national origin and sexual orientation.</p> <p>M.G.L. c. 76, s. 5</p> |
|                  | <p><b>Rating: Commendable</b> <span style="float: right;"><b>District Response Required: No</b></span></p>  |

**Department of Education Findings:**

*Documentation and staff interviews indicated that the district is very committed to a process that ensures that all instructional and educational material is reviewed on a regular basis. There is Curriculum Planning Council including staff and parents. The committee has established procedures and guidelines, a clear mission statement as well as an evaluation rating checklist for textbooks.*

**APPENDIX:  
SCHOOL DISTRICT PROFILE INFORMATION**

The information which is provided in this Appendix was drawn from data supplied by the school district. The Department's visiting team carefully reviewed this data as part of its planning for the onsite visit and in preparing this Coordinated Program Review Report. This district-wide information, together with more detailed school building data, is periodically updated by the school district and is available in an evercurrent form on the Department's internet web site at <<http://profiles.doe.mass.edu/>>.

# School and District Profiles

## Definitions of Terms

### Profiles

The Massachusetts Department of Education collects information about schools and districts. Some of the information collected is published in School and District Profiles on DOE web pages. The information provides a snapshot of the educational picture in communities across the state.

Now districts view, add, update and delete their own district and school information over the web to make sure that the information is as up-to-date and accurate as possible. In addition, the general public will be able to view Directory information about each school district in the state. Individuals can retrieve for themselves information such as school personnel, school programs (e.g. School Choice) and the location of specialized services such as Special Education Collaboratives, and Vocational Training Programs.

The list below provides an explanation of information presented in the Profiles.

---

## Directory Information

**DOE Code:** The DOE Code, also referred to as the Organization Code, is an eight digit numeric code assigned by the Massachusetts Department of Education to every organization listed in the Directory Profiles, including every district and school in the Commonwealth. For districts and schools, the first four digits represent the District Code and the last four digits represent the School Code. Thus the organization code "02660505" stands for "0266" (Sharon Public Schools) + "0505" (Sharon High). If a form requires the 8-digit DOE school code it is calling for the entire organization code.

Prior to the 2001 school year, organization codes contained six digits (three for the district and three for the school.) With the exception of some special needs schools, the eight digit codes are the same as the six digit codes with one zero added before the district code and another zero added before the school code. Thus, Sharon High's old six digit organizational code was 266505.

Please Note: The Department's Organization Code is not the same as the Institution codes assigned by the College board for SAT and AP results. Nor is it the same as the NCES code assigned to Massachusetts schools by the U.S. Department of Education.

**Grades/Schools\*:** indicates the number and grade range of elementary, middle/junior high and high schools in the district, as well as the total number of schools in the district and the grade range of the school system. An elementary range beginning with "PK" indicates the district has pre-kindergarten. A high school range ending in "13" or "14" indicates the district has a post-graduate program. Kindergarten starting age indicates the age as of a particular date at which children are eligible to begin kindergarten.

**Services:** Services include:

- **Inter-district Choice:** indicates whether students from other districts may enroll in the district through the state school choice program, which is voluntary and on a space-available basis.
- **Intra-district Choice:** indicates whether the district has a school choice program within the school district for students who live in the district.
- **Vocational Education:** indicates whether the district operates a Chapter 74 approved vocational education program.
- **Transitional Bilingual Education (TBE):** indicates whether the district operates a TBE program. Under Massachusetts law, a district must provide a TBE program in a particular language if there are 20 or more limited English proficient students in that particular language group enrolled in the district. Limited English proficient students are students whose first language is not English and who cannot perform ordinary class work in English.
- **METCO:** indicates whether the district participates in the state METCO program, which promotes voluntary desegregation by enrolling minority students from Boston and Springfield in suburban schools.

**Relationships:** Relationships include:

- **Member of Regional Districts\*:** for local school districts, indicates the name(s) of any academic and/or vocational regional district(s) of which the local school district is a member. For regional school districts, indicates the names of member local school districts. A regional school district provides educational services to more than one town.

\* District level data only.

---

## Enrollment

**Enrollment by Grade:** indicates the enrollment for grades Pre-kindergarten (PK), kindergarten through 12, post-graduate grades 13 and 14, and ungraded (u/g) students for the listed school year.

**Race/Ethnicity:** indicates the percent of enrollment by race/ethnicity for the listed school year. The reporting categories are those used by the U.S. Bureau of the Census.

**Selected Populations:** indicates the percent of enrollment represented by students in special education programs\*, students who are limited English proficient, and students eligible to receive free or reduced price lunch\*. Data are for the listed school year.

**Children Attending Public Schools\*:** indicates the percent of school-age children in a city or town attending public schools, for the listed school years.

\* District level data only.

---

## Test Results

**Massachusetts Comprehensive Assessment System (MCAS):** Click the MCAS link to see MCAS results for the district or school.

For additional information about Massachusetts Comprehensive Assessment System (MCAS), please refer to the Department of Education's MCAS web site at [www.doe.mass.edu/mcas](http://www.doe.mass.edu/mcas).

**SAT:** The district or school's SAT results are displayed for the listed years.

---

## People

A list of people who work in the organization. Each name is linked to contact information for the person.

---

## Finance

**Per Pupil Expenditures\*:** are calculated by dividing a district's operating costs by its average pupil membership. Operating costs include expenditures for administration, instruction, pupil services, transportation, plant maintenance, and fixed charges. These costs do not include capital outlay and long-term interest on school debt. Average pupil membership includes students who receive services in the district's schools, as well as students receiving home or hospital instruction. Data for regular education, special education, bilingual education and vocational education students are provided in addition to the total for all day programs, for the listed school years.

**Teacher Salary\*:** indicates the minimum and maximum teacher salaries available, for the listed school years.

**Foundation Budget Spending Comparison\*:** The education reform act established a foundation budget for each school district. This budget represents the minimum level of spending needed to provide an adequate education for the district's students. The foundation budget is made up of 19 separate categories. The chart shows the district's actual spending in each category for the listed school year as a percentage of the district's foundation budget. If the percentage exceeds 100%, the district spent more in the category than suggested by the foundation budget. If the percentage is less than 100%, the district spent less. Significant variations between local spending and the foundation budget, or between local spending and the statewide averages, should be reviewed closely. In some cases, the differences may be due to unique circumstances and needs within the district. In other cases, the differences may suggest potential areas for review and improvement.

Click one of the links in the Finance section for more school finance information.

\* District level data only.

---

## Other Data

**Dropout/Attendance Rates:** indicates the percentage of students in grades 9-12 who dropped out of school between July 1 and June 30 prior to the listed year and who did not return to school by October 1. Dropouts are defined as students who leave school prior to graduation for reasons other than transfer to another school.

**Attendance Rate:** indicates the average percentage of enrolled students present in school for the listed school year.

**Student Exclusions:** indicates the number of student exclusions that occurred during the listed school year. An exclusion is defined as the removal of a student for disciplinary purposes permanently, indefinitely or for more than ten consecutive school days.

**Plans of High School Graduates:** indicates the post-graduate intentions of students for the listed school year.

**Technology:** indicates the number of students for every one computer and the percent of classrooms with Internet access. Data are for the listed school year; "DNR" appears for schools and districts which did not yet report data
