**MASSACHUSETTS DEPARTMENT OF EDUCATION**

**COORDINATED PROGRAM REVIEW REPORT**

**Malden Public Schools**

**OVERVIEW OF REVIEW PROCEDURES**

As one part of its Accountability System, the Department of Education oversees local compliance with education requirements through the Coordinated Program Review System (CPR). Most reviews include selected requirements in special education under the federal Individuals with Disabilities Education Act, 20 U.S.C. Section 1400 *et seq.* (IDEA-97), and M.G.L. Chapter 71B (Chapter 766 of the Acts of 1972) and certain federal civil rights requirements under Titles I and II of the Americans with Disabilities Act of 1990, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973, together with related state requirements under M.G.L. Chapter 76, Section 5 (Chapter 622 of the Acts of 1971) and other related Massachusetts General Laws. Additionally, all reviews include certain standards included under the Board of Education's Physical Restraint regulations (603 CMR 46.00). Other monitoring activities in the areas of Title I, Safe and Drug-Free Schools and Communities Act, the Perkins Vocational and Technical Education Act, and Nutrition Programs and Services are conducted in some districts during these Coordinated Program Review procedures. The selected school districts for 2002-2003 were notified by the Commissioner of Education in June 2002 of scheduled visits and were required to implement self-assessment activities prior to the arrival of the Department's visiting team.

**Coordinated Program Review Elements**

**Team:** Depending upon the size of a school district and the number of program areas to be reviewed, a team of approximately two to eight Department staff members together with any necessary outside consultants conducts a Coordinated Program Review over two to ten days in a school district or charter school.

**Scope:** Approximately fifty-three school districts and charter schools are scheduled to receive visits in school year 2002-2003. All school districts and charter schools in the Commonwealth are monitored through the Department's Coordinated Program Review system on a six-year cycle with an additional mid-cycle special education follow-up visit.

**Content:** The Program Review criteria encompass the required elements for the specific program areas. In the case of special education, the elements selected for the 2002-2003 reviews contain, at a minimum, those required by the federal Office for Special Education Programs (OSEP) and revised requirements included under IDEA-97 as described in the Department's Special Education Advisories. Additionally, the 2002-2003 reviews incorporate updated state special education requirements as adopted by the Board of Education and effective on December 20, 2000. The Program Review compliance criteria selected in all of the regulated program areas are those that are most closely aligned with the goals of the Massachusetts Education Reform Act of 1993, and intended to promote high standards and achievement for all students.

**Report:** The Department's report is based on a review of written documentation and data regarding the operation of the district's programs, together with information gathered through the following Department program review methods:

- Interviews of administrative, instructional and support staff across all grade levels.
- Interviews of parent advisory council (PAC) representatives and other interviews as requested by persons from the general public.
- Student record reviews in the program areas of special education, Perkins vocational programs, and Section 504 (student accommodation plans). A sample of student records is selected by the Department. Student records are examined by the onsite team using standard Department student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements. Parents of students with disabilities whose files are selected for the record review are sent a survey that solicits information regarding their experiences with the district's implementation of special education programs, related services and procedural requirements.
- Classroom and facilities observation. A sample of instructional classrooms and other school facilities used in the delivery of programs and services are visited to determine general levels of compliance with program requirements.
- Collaborative Programs and Services. Where the district is a member of a collaborative approved by the Department of Education and is a site for programs or services operated by the collaborative, a sample of interviews, student record reviews and classroom and facility observations are conducted.

An Executive Summary and detailed findings for each program area describe determinations of the Department of Education about the implementation status of each requirement (criterion) reviewed.

Response: The findings included in the Final Report note those criteria the implementation of which the team found to be commendable or substantially implemented. Where criteria are found not to be fully implemented, the local district or charter school must propose corrective actions to bring those areas into compliance with the respective statutes or regulations. Districts are encouraged to incorporate the corrective action into their district and school improvement plans, including the district professional development plan.

\* \* \* \* \*

The Department of Education believes that the Coordinated Program Review process is a positive experience and that the Final Report should be seen as a helpful planning document for the continuing development of programs and services in the school district or charter school.

## REPORT INTRODUCTION

A seven-member Massachusetts Department of Education team visited Malden Public Schools during the weeks of May 5 and May 12 to evaluate the implementation of selected criteria in the program areas of Special Education, Civil Rights, Title 1 and Safe and Drug Free Schools. The team appreciated the opportunity to interview staff and parents, to observe classroom facilities and to review the programs underway in the district. The onsite team would like to commend the following areas that were brought to its attention and that it believes have a significant and positive impact on the delivery of educational services for students enrolled in the Malden Public Schools. These areas are as follows:

*The district has a strong commitment to creating learning environments that are inclusive, accessible, safe and respectful for students, teachers and families. Diversity is embraced and is embedded into every facet of the curriculum with ongoing attention to the changing needs of the students and families in the community.*

*The administration fosters an atmosphere of openness and accessibility in eliciting input from all members of the school's community. Teachers, paraprofessionals, volunteers, student interns, parents and foster grandparents are encouraged to engage in the district's professional development offerings and to voice ideas and concerns regarding educational and civil rights issues that arise within the community.*

*Active outreach is conducted beyond the community to find children in need of services and for bringing high quality services and programs to the district for students from early childhood through and beyond high school. The district's philosophy centers on building an established network of wraparound services to benefit students and families.*

*The least restrictive environment is thoughtfully considered for students with disabilities and acted upon with a high level of creativity and flexibility. There is a well-developed continuum of services from pre-school to high school that is continually exploring ways to increase alternative offerings for students in-district and out-of-district. Regular and special education students have ongoing involvement in educational activities and programs that promote and develop academic and social relationships.*

*The special education administration and leadership is responsive and accessible to all regular, special, vocational and bilingual staff at all levels. There is a high level of networking, collaboration and coordination by special education staff to ensure: the ongoing provision of services to students in inclusive learning environments, the involvement of parents in their child's learning process and the engagement of students with disabilities into their own learning process and promotion of self-advocacy skills.*

*The documentation submitted for the Title I review was Commendable. It was complete, extremely well organized, and easy to find and follow. The district's Title I application was also Commendable. It was developed in a comprehensive manner and the district secured the approval of the Department for all amendments.*

*Some of the commendations noted above are repeated within the body of the Department's report under the appropriate compliance criteria.*

The Department is submitting the following Coordinated Program Review Report containing findings made pursuant to this onsite visit. In preparing this report, the team reviewed extensive written documentation regarding the operation of the district's programs, together with information gathered by means of following Department program review methods:

- Interviews of 19 administrative staff.

- Interviews of 66 teaching and support services staff across all levels.
- Interviews of four parent advisory council (PAC) representatives.
- Interviews as requested by persons from the general public.
- Student record reviews: A sample of 48 student records was selected by the Department. Student records were first examined by local staff, whose findings were then verified by the onsite team using standard Department of Education student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements.
- Parent surveys: 47 parents of students with disabilities were sent surveys that solicited information regarding their experiences with the district's implementation of special education programs, related services and procedural requirements. 13 of these parent surveys were returned to the Department of Education for review by the onsite team.
- Observation of classrooms and other facilities. A sample of instructional classroom and other school facilities used in the delivery of programs and services was visited to determine general levels of compliance with program requirements.

The report includes findings in the program areas reviewed organized under nine components . These components are listed in the executive summary on the following pages. The findings in each program area explain the “ratings, ”determinations by the team about the implementation status of the criteria reviewed. The ratings indicate those criteria that were found by the team to be substantially “Implemented” or implemented in a “Commendable” manner. (Refer to the “Definition of Terms” section of the report.) Where criteria were found to be either "Partially Implemented" or "Not Implemented," the district or charter school must propose to the Department corrective actions to bring those areas into compliance with the controlling statute or regulation. In some instances the team may have rated a requirement as “Implemented” but made a specific comment on the district’s implementation methods that also may require response from the district or charter school.

Districts are expected to incorporate the corrective action into their district and school improvement plans, including their professional development plan.

# COORDINATED PROGRAM REVIEW REPORT

## EXECUTIVE SUMMARY

### Malden Public Schools

The following summary synthesizes the findings for criteria included in the Coordinated Program Review as they respond to essential questions which the Department has formulated for each of the components of the report. Note that a more detailed discussion of the onsite team's findings, together with the specific legal standards for each program area included in this review, follows this summary.

#### **Component I: Assessment of Student Progress**

*Has the district implemented an assessment system that uses appropriate instruments, is conducted according to the specified timelines, and covers the appropriate content areas to determine instructional needs of students?*

The district uses a variety of assessment instruments that are current, valid and examined to ensure that they are free of bias. Appropriately credentialed and certified personnel, including a team of bilingual evaluators, conduct evaluations. The district adheres to the IEP process and procedures regarding the completion of evaluations, the provision of in-district IEPs to the parents/guardians and the conducting of annual reviews and re-evaluations within the mandated timelines. The district takes a proactive approach at the beginning of the evaluation process to determine and document the parents' needs and concerns. However, the proposed IEP for students who are out-of-district or private school students at private expense are not always provided to parents within the mandated timelines. IEP Teams are composed of the required Team participants including regular education staff and a representative who has the authority to commit the district's resources. All students with disabilities participate in the MCAS or the appropriate alternate assessment as determined by the IEP Team and receive appropriate testing accommodations. Transition services are considered by IEP Teams for students 14 year and older. The mandated procedures for the determination of specific learning disabilities and the transfer of parental right at the age of majority are implemented. Progress reports address a student's progress towards IEP goals and are provided to parents according to the report card cycle system-wide.

IEP Teams at the high school level do not always consider a student's participation in district-based occupational and vocational programs as part of the student's IEP. Regular education teachers participate in Team meetings, but do not always remain to discuss a student's participation in the general curriculum.

#### **Component II: Student Identification and Program Placement**

*Has the district followed procedures for student identification and placement into the program according to the criteria specified in regulations?*

The district has a proactive commitment to educating students with disabilities in the least restrictive environment, and affording all students equal access to the general curriculum and extracurricular activities. There is an ongoing effort to create and develop in-district options to allow students to remain in the community and to access wraparound services for families. A solid and extensive outreach network has been established in the community and into neighboring towns to identify students in need of special education through linkages to clinical and health agencies, family day cares, homeless shelters, early intervention programs,

parent organizations, private schools and other community agencies. Preschool screenings are conducted throughout the year to identify three and four year old children in need of special education. Interpreters are available to parents whose primary language is other than English throughout the preschool screening process. A transition process is in place for children currently enrolled in Early Intervention programs that ensures the provision of services to eligible children by age three. The district meets the school day and school year learning requirements. Administrators and staff are well trained in the implementation of the requirements and regulations regarding the protection of student confidentiality and students' records.

IEPs contain well-written goals and benchmarks system-wide. However, in some cases, students' IEPs at the high school level do not reflect the delivery of counseling services and the accommodations and interventions being provided in the classroom due to the student's behavioral and therapeutic needs. In addition, occupational and vocational teachers at the high school are not always aware of their responsibility regarding the implementation of students' IEPs and Section 504 plans in their respective classrooms.

The district has established appropriate procedures to annually evaluate, classify and place students with limited English proficiency. The K-8 level provides support services and program modifications for students with limited English proficiency in the regular education classroom. There was inconsistent implementation of program modifications for students at the high school and a need for an increased level of support services made available to English Language Learners. Overall, the on-site team noted the need for training for regular education staff system-wide in second language acquisition, in the instructional needs of English Language Learners and in the provision of the necessary supports in the general education classroom.

The district has followed Title 1 procedures regarding the identification of eligible students for Title 1 services in accordance with the criteria in the regulations.

### **Component III: Parental Involvement**

*Has the district ensured that parents are notified in the appropriate language and are involved in decisions regarding their children's programs and services? Where appropriate, does the district involve community representatives in shaping programs?*

The district makes extra efforts to engage parents throughout the entire IEP process. There is a high level of parent participation at Team meetings system-wide. The district is proactive in seeking ways to accommodate parents' requests and to document its efforts in securing parent consent at key junctures through the IEP process. The district implements the requirements for securing the participation of educational surrogate parents. Notices are sent to parents regarding evaluations, parental consent and Team meetings in English and in the primary language of the home. However, notices (N1 and N2) do not completely address all the required questions regarding the Team's proposal and options presented and rejected. The district provides communications and relevant IEP documents to parents in the primary language of the home when necessary and/or requested. However, the type of language assistance provided to parents is not always documented. In addition, the high school Program of Studies handbook has not been translated into languages other than English.

There is an exemplary level of participation by community agencies in activities relating to the Safe and Drug Free Schools Community Act program. There is a display of strong partnership and coordination of efforts to implement drug-abuse, violence prevention and health programs between the district and other federal, state and community programs. The district promotes and maintains a very strong diverse and multi-lingual parent component. Ongoing meetings are conducted by the district with parents, school staff, private schools, businesses and representatives from state, community and medical agencies but at this point, these meetings

are not formally organized as an Advisory Council. There are plans in place to re-establish the Advisory Council. The district has a comprehensive parental involvement program that meets the standards required for Title I.

#### **Component IV: Curriculum and Instruction**

*Does the district hold all students to high expectations and standards? Are programs designed to maximize student performance and students' participation in the general curriculum? Is curriculum throughout the districts' programs aligned with the Massachusetts Curriculum Frameworks? Has the district provided for coordination across program areas?*

The district's programs promote high expectations and standards for all students and are aligned with the Massachusetts Curriculum Frameworks. The district's commitment to inclusion has led to the establishment of a continuum of services that provides a wide spectrum of in-district options for students with disabilities, ages three through twenty-one and a significant decrease in the students placed in out-of-district placements. IEP Teams consider the student's need for assistive technology. Students' IEPs are implemented without delay and the district monitors all IEPs to ensure full implementation. The mandated procedures are implemented for students placed in approved and unapproved special education programs and for private school students at private expense. The district's programs demonstrate adherence to the specific regulatory requirements regarding class size, staffing ratio and age span. Integrated preschool programs offer a developmentally based curriculum and seek to maintain low class sizes in order to maximize eligible children's participation and performance in the classroom environment.

Extracurricular activities are non-discriminatory and equal opportunity to participate in the district's offerings is provided to all students. The district has integrated Safe and Drug Free School activities with Title I, Title II, Title VII and IDEA-1997 federal programs.

#### **Component V: Student Support Services**

*Has the district ensured that all students have equal access to programs and services? Does the district provide support to students who need it?*

Students have equal opportunity and full access to the full range of educational, nonacademic and extracurricular programs including Title I programs and services, offered by the district. IEP Teams thoughtfully consider a student's needs for related services and special transportation. The federally mandated procedures regarding suspensions and violations of the school's discipline code are adhered to for students with disabilities and those students not yet determined to be eligible for special education. The on-site team noted that at the high school, suspensions are tracked on the principal's attendance report, but there is not a separate category for suspensions so that the special education department can determine the number of suspensions accumulated by individual students. Students' needs for behavioral interventions, functional behavioral assessments, counseling services and consultative services are implemented and monitored by competent personnel, which include school adjustment counselors, doctors from Cambridge Health Alliance, Arbor Counseling service providers. Home/parent trainers provide ongoing in-district and follow-up services to children, students and families. However, IEP Teams do not always incorporate the behavior intervention plans and the provision of counseling services into the student's IEP. The regulatory procedures regarding the use of physical restraint and the mandated staff training has been implemented system-wide.

All students in grades 7-8 are offered extensive opportunities to explore prevocational offerings through exploratory programs in cooking, art, music, sewing and computer-assisted design engineering. An open house occurs for parents of students in grades 7-9 annually.

The district provides code of conduct and grievance procedures annually to students, parents and employees in English and the major languages spoken by families in the district. The district's handbooks have grievance procedures under Title IX. There are currently no written grievance procedures under Title VI and Section 504 in the handbooks. The guidance department does not have a formal process in place to review counseling materials and activities to ensure freedom from bias and stereotypes. The district's administration of scholarships, prizes and athletic awards is non-discriminatory.

#### **Component VI: Faculty, Staff and Administration**

*Does the district maintain certified staff in the specific program areas, provide supervision of aides and tutors, and provide ongoing professional development? Are program leadership and oversight effective? Are the district's personnel procedures non-discriminatory and does it seek to recruit employees from all groups?*

The district's staff, including Title I staff, are appropriately certified and licensed in their area of expertise to provide special education and related services. The special education department takes a proactive role in soliciting input from principals, teachers, students, parents and paraprofessionals regarding the effectiveness of its programs and services. The special education administration and staff promote team building and ongoing collaboration with regular and bilingual education staff system-wide. Ongoing and extensive professional development opportunities in special education are offered in and out of district to regular, special and bilingual staff, including the paraprofessional staff.

Student Study Teams are in place as an established process to support teachers in implementing instructional support interventions for students in the general education classroom. At the high school level, the Student Study Team process is not implemented consistently in each house. The high school also lacks regular education support services for students who may require remedial and differentiated instruction in the core academic subject areas.

In the area of civil rights, personnel policies and procedures on staff recruitment, employment applications and hiring practices are nondiscriminatory. The district does not have a formal process in place to provide staff training regarding civil rights responsibilities on an annual basis.

The leadership and oversight over Title I programs is effective.

#### **Component VII: School Facilities**

*Does the district maintain accessible facilities that are conducive to learning, facilitate integration, and provide equal opportunity for students to achieve?*

The district has schools at every level that provide full accessibility and maximize the integration of students with disabilities into all its services and programs. There is ongoing monitoring of special education programs to identify any necessary accommodations and modifications to put in place to ensure the district's responsiveness to students' changing needs regarding accessibility in and out of the classroom.

#### **Component VIII: Program Plan and Evaluation**

*Does the district evaluate its programs in accordance with regulatory requirements? Does it use the results of its evaluations to improve programs? Do parents have opportunities for input on program needs, program implementation, and program evaluation and improvement?*

The special education administration meets regularly to review and evaluate that special

education programs and services are responsive, effective and appropriate to the diverse needs of the students and to the school community as a whole. However, there is no formal process in place to document the administration's efforts regarding their review and evaluation process and the resulting changes to the district's programs and services. The district did not submit evidence of formal processes in place to regularly review the curriculum, policies and programs to ensure that they are not discriminatory or limit educational access for students. The review and evaluation of the Title I programs and services is in accordance with the federal requirements. The district has established goals, measurable objectives and activities for its prevention programs that are responsive to the identified needs of the students. There is not currently a systemic evaluation plan in place that includes process, outcome and impact assessment for its Safe and Drug Free Programs. All students participate in all the activities and programs are modified when necessary to accommodate English Language Learners and students with disabilities.

**Component IX: Record keeping**

*Does the District maintain required records and documentation for each program area? Are entitlement grants appropriately designed, amended, and monitored?*

The district has appropriate procedures to maintain records and documentation for special education, Title I and Safe and Drug Free Schools.

The documentation submitted for the Title I review was Commendable. It was complete, extremely well organized, and easy to find and follow. The district's Title I application was also Commendable. It was developed in a comprehensive manner and the district secured the approval of the Department for all amendments.

**DEFINITION OF TERMS**  
**FOR THE RATING OF EACH COMPLIANCE CRITERION**

<b>Commendable</b>	Any requirement or aspect of a requirement implemented in an exemplary manner significantly beyond the requirements of law or regulation.
<b>Implemented</b>	The requirement is substantially met.
<b>Implementation in Progress</b>	The criterion includes one or more new federal Title I requirements that became effective during the 2002-2003 academic year. The district has substantially implemented any pre-September 1, 2002 requirements also included under the criterion and is currently engaged in staff training and/or is beginning implementation practices for new requirements which the Department's onsite team anticipates will result in substantial compliance by the end of the 2002-2003 school year.
<b>Partially Implemented</b>	The requirement, in one or several important aspects, is not entirely met.
<b>Not Implemented</b>	The requirement is totally or substantially not met.
<b>Not Applicable</b>	The requirement does not apply to the school district or charter school.

Several key areas of compliance with federal special education requirements have been highlighted in **SHADED TEXT** in the Program Review Criteria. These highlighted areas are included in the Massachusetts Continuous Improvement Plan (CIP) which is being used by the U.S. Department of Education, Office of Special Education Programs (OSEP), to track over time this state's compliance in these key areas.

## COMPONENT I: ASSESSMENT OF STUDENT PROGRESS

The criteria in this component examine whether the District has implemented an assessment system that uses appropriate instruments, conducted according to the specified timelines and covering the appropriate content areas to determine instructional needs of students for the program areas listed below:

- Special Education (Report Issues # SE 1- SE 14)

CRITERION NUMBER	SPECIAL EDUCATION I. ASSESSMENT OF STUDENT PROGRESS
	<b>Legal Standard</b>
<p><b>SE 1</b></p>	<p><b>Assessments are appropriately selected and interpreted for students referred for evaluation</b></p> <ol style="list-style-type: none"> <li>1. **Department of Education Findings:** *The student record review shows that the mandated timelines were not always adhered to for the provision of the proposed IEP to parents of students in out-of-district placements or students placed in private schools at private expense. The on-site team noted that the district implements the appropriate procedures to determine student’s eligibility under IDEA-97. However, the documentation, interviews and the student record review showed that there exists confusion regarding the district’s practice when a student is found not eligible for services under IDEA-97 but is eligible for services under Section 504. The civil rights documentation contained a notice sent to parents regarding the Team’s determination of the student’s eligibility for Section 504 services which refers to both requirements for least restrictive environment consistent with IDEA-97, and then references the student’s eligibility under Section 504. Furthermore, when IDEA procedures result in a determination of no eligibility under IDEA then an N-2 notice(district’s refusal to act ) with accompanying narrative must be used. See SE 24.*

The criteria in this component examine whether the district has ensured that parents are notified, in the appropriate language, and are involved in decisions regarding their children's programs and services for the program areas listed below:

- Special Education (Report Issues # SE 24-32)
- Civil Rights Methods of Administration (MOA) (Report Issue # MOA 7)
  - Title I (Report Issues # TI 26-28)
- Safe and Drug Free Schools (Report Issues # SDF 1-3)

CRITERION NUMBER	SPECIAL EDUCATION III. PARENTAL INVOLVEMENT	
	Legal Standard	
SE 24	<p><b>Notice to parent regarding proposal or refusal to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE</b></p> <ol style="list-style-type: none"> <li>1. A student may be referred for an evaluation by a parent or any person in a care giving or professional position concerned with the student's development.</li> <li>2. When a student is referred for an evaluation to determine eligibility for special education, the school district sends written notice to the child's parent(s) within 5 school days of receipt of the referral.</li> <li>3. Notice is given by the district within a reasonable time for all other actions.</li> <li>4. The school district provides the student's parent(s) with an opportunity to consult with the Special Education Administrator or his/her designee to discuss the reasons for the referral and the nature of the proposed evaluation</li> <li>5. The district provides parents with an opportunity to consult with the Administrator of Special Education or his/her designee regarding the evaluators to be used and the proposed content of all required and optional assessments</li> <li>6. The school district does not limit a parent's right to refer a student for timely special education evaluation because the district has not fully explored and/or attempted some or all of the available instructional support programs or other interventions available in general education that may be described in the district's Curriculum Accommodation Plan, including any pre-referral program.</li> <li>7. The school district refuses to conduct an initial evaluation only when the circumstances of a student make clear that there is no suspicion of a disability and that there is no concern about the student's development.</li> </ol> <p><b>State Regulations</b> 28.04(1)</p> <p><b>Federal Requirements</b> 300.503(a)</p>	
	<b>Rating: Partially Implemented</b>	<b>District Response Required: Yes</b>

**Department of Education Findings:**

*The student record review showed that written notices (N-1, N-2) to parents/guardians did not always fully address the required questions regarding the Team's proposals. In some cases, the on-site team noted that there was insufficient written justification regarding the Team's proposal for discontinuation of services, for the finding of a student ineligible for services or for determining that a student required a 504 plan for the provision of services rather than an IEP. In addition, when the district convenes Team meetings for the purpose of discussing changes in the implementation of a student's IEP written notice(N-1, N-2) is not always provided to parents to memorialize the Team determinations and the reasons for the district's actions.*

*For out-of-district placements, the written notice (NI) did not always should reflect the date that the proposed IEP and placement was issued.*

<b>CRITERION NUMBER</b>			
	<b>Legal Standard</b>		
<b>SE 25</b>	<p><b>Parental consent</b> In accordance with state and federal law, the school district obtains informed parental consent as follows:</p> <ol style="list-style-type: none"> <li>1. The school district obtains written parental consent before conducting an initial evaluation or making an initial placement of a student in a special education program. Written parental consent is obtained before conducting a reevaluation and before placing a student in a special education placement subsequent to the initial placement in special education.</li> <li>2. The school district obtains consent before initiating extended evaluation services.</li> <li>3. The school district obtains consent to the services proposed on a student's IEP before providing such services.</li> <li>4. The school district obtains consent prior to placing a student in an initial special education placement and for any subsequent placement.</li> <li>5. A parent is informed that consent may be revoked at any time. Except for initial evaluation and initial placement, consent may not be required as condition of any benefit to the child.</li> <li>6. When the participation or consent of the parent is required and the parent fails or refuses to participate, the attempts to secure the consent of the parent are implemented through multiple attempts using a variety of methods which are documented by the district. Such efforts may include letters, written notices sent by certified mail, electronic mail (e-mail), telephone calls, or, if appropriate, TTY communications to the home, and home visits at such time as the parent is likely to be home. Efforts may include seeking assistance from a community service agency to secure parental participation.</li> <li>7. If, subsequent to initial evaluation and initial placement and after following the procedures required by the regulations, the school district is unable to obtain parental consent to a reevaluation or to placement in a special education program subsequent to the initial placement, or the parent revokes consent to such reevaluation or placement, the school district considers with the parent whether such action will result in the denial of a free appropriate public education to the child. If, after consideration, the school district determines that the parent's failure or refusal to consent will result in a denial of a free appropriate public education to the student, it seeks resolution of the dispute through Special Education Appeals</li> </ol> <p><b>State Regulations</b> 28.07(1)</p>	<p><b>Federal Requirements</b> 300.500(b)(1)</p>

<b>SDF 1</b>	The local education agency coordinates such agency’s programs and projects with community-wide efforts to achieve such agency’s goals for drug and violence prevention.  [Title IV Sec. 4115 (b) (2) (D)]
	<b>Rating: Commendable</b> <span style="float: right;"><b>District Response Required: No</b></span>

**Department of Education Findings:**

*Based on interviews and documentation, there is an exemplary level of participation by community agencies in activities such as surveys, focus groups and meetings regarding the prevalence of drug and violence problems among youth in the community. Community agencies are very aware of the goals and objectives of the local Safe and Drug Free Schools and Community Act (SDFS) program and participate with the district in development and implementation of the grant. The most prevalent agencies are: Healthy Malden, Leadership Council YMCA/YWCA, Partnership for Community Schools, Project Ten East, Police Substance Abuse Task Force, The Somerville Community Corporation, School Linked Services, The Tufts University Family Practice Residency and Malden Family Health Center. The School district in collaboration with one or more of the agencies were able to bring the following funding and/or programs: Health Clinic at the high school, Peer Mediation program, Parents University, Student/Staff Identification Cards, Gay Straight Alliance, Bullying program and Middle School Safe and Drug Free Program.*

<b>Rating: Commendable</b>	<b>DISTRICT RESPONSE REQUIRED: No</b>		

**Department of Education Findings:**

*Based on documentation and interviews, there is evidence that the district promotes and maintains a very strong diverse and multi-lingual parent component. This was evident with the “ Parent University” series that was open to all parents of Malden, private school parents and parents in Everett and with the attendance to all the PTO’s council meetings. There were focus groups and meetings for parents regarding the prevalence of drug use and violence problems among the youth in the community. Parents are aware of the goals and objectives, provided status reports in several languages, program outcomes and accomplishment of the SDFS program. This is done in a systemic way via newsletters, cable TV, local newspaper and school committee meetings. Parents have also taken advantage of the peer mediation program to solve conflicts with their children. There was evidence of translations in several languages of announcements to workshops, informational material related to safety, violence and drugs, and the availability of interpreters for parent activities and meetings. The district is also in the process of creating a parent and language friendly web-site to build even much richer and meaningful parent involvement.*

#### COMPONENT IV: CURRICULUM AND INSTRUCTION

The criteria in this component examine whether the district holds all students to high expectations and standards and ensures that the program areas reviewed are designed to maximize student performance within regular education and are implemented according to specific regulatory requirements with respect to learning time, class size, staffing ratio, and age spans. The criteria also examine if the district has provided for coordination across the following program areas:

- Special Education (Report Issues # SE 33-42)
- Civil Rights Methods of Administration (MOA) (Report Issues MOA 8-9)
  - Title I (Report Issues # TI 29-33)
- Safe and Drug Free Schools (Report Issue # SDF 4)

	<b>Legal Standard</b>
SE 37	<p><b>Procedures for approved and unapproved out-of-district placements</b></p> <ol style="list-style-type: none"> <li>1. <u>Individual student program oversight</u>: The school district monitors the provision of services to and the programs of individual students placed in public and private out-of-district programs. Documentation of monitoring plans and all actual monitoring are placed in the files of every eligible student who has been placed out-of-district. To the extent that this monitoring requires site visits, such site visits are documented and placed in the students' files for review. The duty to monitor out-of-district placements is not delegated to parents or their agents, to the Department of Education, or to the out-of-district placement.</li> <li>2. <u>Student right to full procedural protections</u>: The school district retains full responsibility for ensuring that the student is receiving all special education and related services in the student's IEP, as well as all procedural protections of law and regulation. Any Team meetings conducted during the time that a student is enrolled in the out-of-district program are initiated by the school district in coordination with the out-of-district placement.</li> <li>3. <u>Preference to approved programs</u>: The school district, in all circumstances, first seeks to place a student in a program approved by the Department pursuant to the requirements of 603 CMR 28.09. Preference is also given to approved programs located within the Commonwealth of Massachusetts if the choice of such program is consistent with the needs of the student and the choice of such program complies with LRE requirements. When an approved program is available to provide the services on the IEP, the district makes such placement in the approved program in preference to any program not approved by the Department.</li> <li>4. <u>Written contracts</u>: At a minimum, the school district enters into written contracts with all public and private out-of-district placements. Such contracts meet the content requirements of 28.06(3)(f)(1-5).</li> <li>5. <u>Use of unapproved programs</u>: A school district that places a student in a program that has not been approved by the Department according to the requirements under 603 CMR 28.09 ensures that such programs and services are provided in appropriate settings by appropriately credentialed staff able to deliver the services on the student's IEP. Students placed by the school district in such programs are entitled to the full protections of state and federal special education law and regulation.</li> <li>6. <u>Placement documentation</u>: The following documentation is maintained by the school district pursuant to its placement of children in unapproved out-of-district programs: <ol style="list-style-type: none"> <li>a. <u>Search</u>: The Administrator of Special Education documents the search for and unavailability of a program approved by the Department. The Administrator places such documentation in the student record.</li> <li>b. <u>Evaluation of facility</u>: The Administrator of Special Education or his/her designee thoroughly evaluates the appropriateness of any unapproved facility prior to placement of the student in such</li> </ol> </li> </ol>

CRITERION NUMBER	
	<b>Legal Standard</b>
	<p>program. Such evaluation determines whether the unapproved facility can appropriately implement the student’s IEP in a safe and educationally appropriate environment. Such evaluation additionally determines whether the unapproved facility can and will provide the student with all the rights that are accorded to the student under state and federal special education law. Such evaluation is documented in detail and placed in the student record for review. To the extent that this evaluation requires a site visit, such site visits are documented and placed in the student record for review. The duty to evaluate the appropriateness of any unapproved facility is not delegated to the parents or their agents or the proposed unapproved facility.</p> <p>c. <u>School district approval to operate a private school in Massachusetts</u>: If services in an unapproved program are provided in a school setting, the Administrator of Special Education ensures that such school has received approval from the local school committee under MGL c.76, §1 and a copy of such approval is retained in the student record.</p> <p>d. <u>Pricing</u>: Pursuant to the requirements for Compliance, Reporting and Auditing for Human and Social Services at 808 CMR 1.00, the Administrator obtains pricing forms required to set program prices for programs receiving publicly funded students. Such pricing forms are completed by the proposed placement and document that the price proposed for the student’s tuition is the lowest price charged for similar services to any student in that program.</p> <p>e. <u>Notification of the Department of Education</u>: Prior to placement, if the Team determines that placement in such facility is appropriate, the Administrator notifies the Department of the intent to place the student and the name and location of the proposed placement. In addition, the Administrator forwards the notice of proposed placement and completed pricing forms to the Department along with the information on the proposed terms of the contract that will govern such placement and documentation of a monitoring plan pursuant to 603 CMR 28.06(3)(b). The district maintains any documentation of the Department’s objections to such placement and the steps the district has taken in regard to such objection. The district maintains documentation of the approved price for publicly funded students as set by the state agency responsible for setting program prices.</p> <p>f. <u>Out of state programs</u>: If out-of-district programs are provided in a placement outside of Massachusetts, and such school has not received approval by the Department under 603 CMR 28.09, the Administrator of Special Education ensures that such school has received approval from the host state.</p> <p style="text-align: center;"><b>State Regulations</b> <span style="float: right;"><b>Federal Requirements</b></span></p>

	<b>Rating: Implemented</b> <b>District Response Required:</b> <b>No</b>

**Department of Education Findings:**

*There is evidence, based on documentation and interviews, that programs coordinators have been meeting together this school year. The meetings have resulted in the coordination and integration of some program activities for the 2002-03 school year and the planning of additional program activities for the 2003-04 school year. These activities have been integrated with Title I, Title II, subpart A and Title VII and IDEA-97 programs. .*

### COMPONENT V: STUDENT SUPPORT SERVICES

The criteria in this component examine whether the district has ensured that all students have equal opportunity and access to programs or services in the program areas listed below:

- Special Education (Report Issues # SE 43-49A)
- Civil Rights Methods of Administration (MOA)  
(Report Issues MOA 10 –17A)
- Title I (Report Issues # TI 34)

CRITERION NUMBER	<b>SPECIAL EDUCATION V. STUDENT SUPPORT SERVICES</b>		
	<b>Legal Standard</b>		
<b>SE 43</b>	<p><b>Behavioral interventions</b> For a student whose behavior impedes their learning or the learning of others, the Team considers the student’s behavior including positive behavioral interventions, ability to follow school discipline codes, any needed code modifications and the possible need for a functional behavioral assessment.</p>		
	<b>State Regulations</b>	<b>Federal Requirements</b> 300.346	
	<b>Rating: Partially Implemented</b>	<b>District Response Required: Yes</b>	

**Department of Education Findings:**

*The student record review shows that behavioral intervention plans and behavioral issues were not always incorporated into students’ IEPs and monitored through the progress reporting cycle. In some cases, students on IEPs at the high school were receiving direct, ongoing counseling services from a related service provider. However, those services were not incorporated into their IEPs or monitored through the progress reporting cycle.*

CRITERION NUMBER			
	<b>Legal Standard</b>		
<b>SE 44</b>	<p><b>Procedure for recording suspensions</b> The district has a procedure to record the number and duration of suspensions, including any suspensions from any part of the student’s IEP program (including transportation).</p>		
	<b>State Regulations</b>	<b>Federal Requirements</b> 300.121(d)(2)	
	<b>Rating: Partially Implemented</b>	<b>DISTRICT RESPONSE REQUIRED: Yes</b>	

**Department of Education Findings:**

*Suspensions at the high school are tracked on the principal’s attendance report. However, the attendance report does not have a separate category for suspensions, but tracks suspensions in the same category as trancies. There is currently no method for recording students’ absences who are not in school due to the provision of educational services in a home-hospital or institutional setting. An individual student’s suspensions are delineated separately on an attendance history report, but this form is only accessed upon request by an administrator. The special education department does not have regular access to the software system that tracks attendance and suspension records for students on IEPs. There is an informal system in place where the special education administration networks with the house principals to monitor students’ attendance.*

#### COMPONENT VI: FACULTY, STAFF AND ADMINISTRATION

The criteria in this component examine whether the district has certified staff, provides supervision of aides and tutors, and provides ongoing professional development in the program areas listed below. Additionally, the component examines whether the district implements an effective system of program leadership and oversight which fosters high standards and performance expectations for all students and staff consistent with the goals of applicable federal and state requirements and Education Reform Act of 1993.

:

- Special Education (Report Issues # SE 50-54)
- Civil Rights Methods of Administration (MOA) (Report Issues MOA 18-21)
  - Title I (Report Issues # TI 35-36)

CRITERION NUMBER	SPECIAL EDUCATION VI. FACULTY, STAFF AND ADMINISTRATION
	<b>Legal Standard</b>
SE 50	<p><b>Responsibilities of the School Principal and Administrator of Special Education Principal:</b></p> <ol style="list-style-type: none"> <li>1. <u>Instructional support.</u> The principal in each of the district’s schools promotes instructional practices responsive to student needs and ensures that adequate instructional support is available for students and teachers. Instructional support includes remedial instruction for students, consultative services for teachers, availability of reading instruction at the elementary level, appropriate services for linguistic minority students, and other services consistent with effective educational practices and the requirements of MGL c. 71B, §2. The principal consults with the Administrator of Special Education regarding accommodations and interventions for students. Such efforts and their results are documented and placed in the student record. Additionally, when an individual student is referred for an evaluation to determine eligibility for special education, the principal ensures that documentation on the use of instructional support services for the student is provided as part of the evaluation information reviewed by the Team when determining eligibility.</li> <li>2. <u>Curriculum Accommodation Plan.</u> The principal implements a curriculum accommodation plan adopted by the district to ensure that all efforts have been made to meet the needs of diverse learners in the general education program. The plan assists the regular classroom teacher in analyzing and accommodating diverse learning styles of all children in the regular classroom and in providing appropriate services and support within the regular education program including, but not limited to, direct and systemic instruction in reading and provision of services to address the needs of children whose behavior may interfere with learning. The Plan includes teacher training in (1) analyzing and accommodating diverse learning styles of all students in order to achieve an objective of inclusion in the regular classroom of students with diverse learning styles; (2) methods of collaboration among teachers, paraprofessionals and teacher assistants to accommodate such styles; and (3) training in the provision of pre-referral services within regular education, teacher mentoring and collaboration and parental involvement.</li> <li>3. <u>Coordination with special education.</u> The principal with the assistance of the Administrator of Special Education coordinates the delivery and supervision of special education services within each school building.</li> <li>4. <u>Educational services in home or hospital.</u> Upon receipt of a physician’s written order verifying that any student enrolled in a public school or placed by the public school in a private setting must remain at home or in a hospital on a day or overnight basis, or any combination of both, for medical reasons and for a period of not less than fourteen school days in any school year, the principal arranges for provision of educational services in the home or hospital. Such services are provided with sufficient frequency to allow the student to continue his or her educational program, as long as such services</li> </ol>

CRITERION NUMBER	<b>SPECIAL EDUCATION VI. FACULTY, STAFF AND ADMINISTRATION</b>		
	<b>Legal Standard</b>		
	<p>do not interfere with the medical needs of the student. The principal coordinates such services with the Administrator for Special Education for eligible students. Such educational services are not be considered special education unless the student has been determined eligible for such services, and the services include services on the student's IEP.</p> <p><u>Administrator of Special Education:</u></p> <p>5. The school district has an appointed person to be its Administrator of Special Education. The Administrator supervises all special education for the school district and ensures compliance with all federal and state special education laws. As appropriate, and in accordance with the requirements of MGL c.71B, §3A, the Administrator may designate other school district personnel to carry out some of the duties of the Administrator.</p>		
	<p><b>State Regulations</b> 28.03(3) Chapter 71, sec. 38Q and 38Q ½</p>	<p><b>Federal Requirements</b></p>	
	<b>Rating: Partially Implemented</b>	<b>District Response Required:</b>	<b>Yes</b>

**Department of Education Findings:**

*Interviews indicate that there is inconsistent implementation of the Student Study Team process at the high school level. In addition, there is a lack of regular education support services at the high school level to provide remedial and differentiated instruction to students in the core academic subject areas.*

<b>CRITERION NUMBER</b>	
	<b>Legal Standard</b>
<b>TI 19</b>	The school district includes accurate data in its Title I Application (Form 1) for the number of school-age students residing in each of the district’s school attendance areas.  1113(a) NCLB
	<b>Rating: Implemented</b> <span style="float: right;"><b>DISTRICT RESPONSE REQUIRED: No</b></span>

<b>CRITERION NUMBER</b>	
	<b>Legal Standard</b>

<b>CRITERION NUMBER</b>	
	<b>Legal Standard</b>
<b>TI 20</b>	The school district has made appropriate reservations (set asides) on Form 2 in accordance with NCLB requirements.  1113(c)(2)(A); 1113(c)(3) NCLB
	<b>Rating: Implemented</b> <span style="float: right;"><b>DISTRICT RESPONSE REQUIRED: No</b></span>

<b>CRITERION NUMBER</b>	
	<b>Legal Standard</b>
<b>TI 21</b>	The final allocations to district schools have been calculated in accordance with Title I requirements, and the final allocation totals appropriately relate to the budget total.  1113(a); 1113(c)(2)(A) NCLB
	<b>Rating: Implemented</b> <span style="float: right;"><b>DISTRICT RESPONSE REQUIRED: No</b></span>

<b>CRITERION NUMBER</b>	
	<b>Legal Standard</b>
<b>TI 22</b>	The school district has made private school allocations in accordance with Title I requirements.  1120(a); 1120(b); 1120(c) NCLB
	<b>Rating: Implemented</b> <span style="float: right;"><b>DISTRICT RESPONSE REQUIRED: No</b></span>

<b>CRITERION NUMBER</b>	
	<b>Legal Standard</b>
<b>TI 23</b>	Budgeting – The school district budget process demonstrates appropriate Title I program planning and implementation consistent with identified student needs at each school.

<b>CRITERION NUMBER</b>	
	<b>Legal Standard</b>
	MADDOE Title I Grant Application Instructions and Guidance
	<b>Rating: Implemented</b> <span style="float: right;"><b>DISTRICT RESPONSE REQUIRED: No</b></span>

<b>CRITERION NUMBER</b>	<b>SAFE AND DRUG FREE SCHOOLS IX. RECORD KEEPING</b>
	<b>Legal Standard</b>
<b>SDF 9</b>	Appropriate accounting and budget procedures are being implemented to insure that program expenditures are related to the purpose and intent of the Safe and Drug Free Schools and Communities Act.  [(EDGAR 76.730 TO 734)]
	<b>Rating: Implemented</b> <span style="float: right;"><b>District Response Required: No</b></span>

**Department of Education Findings:**

*Appropriate accounting and budget procedures are in place and approved budgets and amendments are on file for fiscal years 2002 and 2003. Time distribution logs are maintained for individuals funded with Safe and Drug Free Schools funds.*

APPENDIX  
SCHOOL DISTRICT PROFILE INFORMATION

The information which is provided in this Appendix was drawn from data supplied by the school district. The Department's visiting team carefully reviewed this data as part of its planning for the onsite visit and in preparing this Coordinated Program Review Report. This district-wide information, together with more detailed school building data, is periodically updated by the school district and is available in an evercurrent form on the Department's internet web site at <<http://profiles.doe.mass.edu/>>.

# School and District Profiles

## Definitions of Terms

### Profiles

The Massachusetts Department of Education collects information about schools and districts. Some of the information collected is published in School and District Profiles on DOE web pages. The information provides a snapshot of the educational picture in communities across the state.

Now districts view, add, update and delete their own district and school information over the web to make sure that the information is as up-to-date and accurate as possible. In addition, the general public will be able to view Directory information about each school district in the state. Individuals can retrieve for themselves information such as school personnel, school programs (e.g. School Choice) and the location of specialized services such as Special Education Collaboratives, and Vocational Training Programs.

The list below provides an explanation of information presented in the Profiles.

---

## Directory Information

**DOE Code:** The DOE Code, also referred to as the Organization Code, is an eight digit numeric code assigned by the Massachusetts Department of Education to every organization listed in the Directory Profiles, including every district and school in the Commonwealth. For districts and schools, the first four digits represent the District Code and the last four digits represent the School Code. Thus the organization code "02660505" stands for "0266" (Sharon Public Schools) + "0505" (Sharon High). If a form requires the 8-digit DOE school code it is calling for the entire organization code.

Prior to the 2001 school year, organization codes contained six digits (three for the district and three for the school.) With the exception of some special needs schools, the eight digit codes are the same as the six digit codes with one zero added before the district code and another zero added before the school code. Thus, Sharon High's old six digit organizational code was 266505.

Please Note: The Department's Organization Code is not the same as the Institution codes assigned by the College board for SAT and AP results. Nor is it the same as the NCES code assigned to Massachusetts schools by the U.S. Department of Education.

**Grades/Schools\*:** indicates the number and grade range of elementary, middle/junior high and high schools in the district, as well as the total number of schools in the district and the grade range of the school system. An elementary range beginning with "PK" indicates the district has pre-kindergarten. A high school range ending in "13" or "14" indicates the district has a post-graduate program. Kindergarten starting age indicates the age as of a particular date at which children are eligible to begin kindergarten.

**Services:** Services include:

- **Inter-district Choice:** indicates whether students from other districts may enroll in the district through the state school choice program, which is voluntary and on a space-available basis.
- **Intra-district Choice:** indicates whether the district has a school choice program within the school district for students who live in the district.
- **Vocational Education:** indicates whether the district operates a Chapter 74 approved vocational education program.
- **Transitional Bilingual Education (TBE):** indicates whether the district operates a TBE program. Under Massachusetts law, a district must provide a TBE program in a particular language if there are 20 or more limited English proficient students in that particular language group enrolled in the district. Limited English proficient students are students whose first language is not English and who cannot perform ordinary class work in English.
- **METCO:** indicates whether the district participates in the state METCO program, which promotes voluntary desegregation by enrolling minority students from Boston and Springfield in suburban schools.

**Relationships:** Relationships include:

- **Member of Regional Districts\*:** for local school districts, indicates the name(s) of any academic and/or vocational regional district(s) of which the local school district is a member. For regional school districts, indicates the names of member local school districts. A regional school district provides educational services to more than one town.

\* District level data only.

---

## Enrollment

**Enrollment by Grade:** indicates the enrollment for grades Pre-kindergarten (PK), kindergarten through 12, post-graduate grades 13 and 14, and ungraded (u/g) students for the listed school year.

**Race/Ethnicity:** indicates the percent of enrollment by race/ethnicity for the listed school year. The reporting categories are those used by the U.S. Bureau of the Census.

**Selected Populations:** indicates the percent of enrollment represented by students in special education programs\*, students who are limited English proficient, and students eligible to receive free or reduced price lunch\*. Data are for the listed school year.

**Children Attending Public Schools\*:** indicates the percent of school-age children in a city or town attending public schools, for the listed school years.

\* District level data only.

---

## Test Results

**Massachusetts Comprehensive Assessment System (MCAS):** Click the MCAS link to see MCAS results for the district or school.

For additional information about Massachusetts Comprehensive Assessment System (MCAS), please refer to the Department of Education's MCAS web site at [www.doe.mass.edu/mcas](http://www.doe.mass.edu/mcas).

**SAT:** The district or school's SAT results are displayed for the listed years.

---

## People

A list of people who work in the organization. Each name is linked to contact information for the person.

---

## Finance

**Per Pupil Expenditures\*:** are calculated by dividing a district's operating costs by its average pupil membership. Operating costs include expenditures for administration, instruction, pupil services, transportation, plant maintenance, and fixed charges. These costs do not include capital outlay and long-term interest on school debt. Average pupil membership includes students who receive services in the district's schools, as well as students receiving home or hospital instruction. Data for regular education, special education, bilingual education and vocational education students are provided in addition to the total for all day programs, for the listed school years.

**Teacher Salary\*:** indicates the minimum and maximum teacher salaries available, for the listed school years.

**Foundation Budget Spending Comparison\*:** The education reform act established a foundation budget for each school district. This budget represents the minimum level of spending needed to provide an adequate education for the district's students. The foundation budget is made up of 19 separate categories. The chart shows the district's actual spending in each category for the listed school year as a percentage of the district's foundation budget. If the percentage exceeds 100%, the district spent more in the category than suggested by the foundation budget. If the percentage is less than 100%, the district spent less. Significant variations between local spending and the foundation budget, or between local spending and the statewide averages, should be reviewed closely. In some cases, the differences may be due to unique circumstances and needs within the district. In other cases, the differences may suggest potential areas for review and improvement.

Click one of the links in the Finance section for more school finance information.

\* District level data only.

---

## Other Data

**Dropout/Attendance Rates:** indicates the percentage of students in grades 9-12 who dropped out of school between July 1 and June 30 prior to the listed year and who did not return to school by October 1. Dropouts are defined as students who leave school prior to graduation for reasons other than transfer to another school.

**Attendance Rate:** indicates the average percentage of enrolled students present in school for the listed school year.

**Student Exclusions:** indicates the number of student exclusions that occurred during the listed school year. An exclusion is defined as the removal of a student for disciplinary purposes permanently, indefinitely or for more than ten consecutive school days.

**Plans of High School Graduates:** indicates the post-graduate intentions of students for the listed school year.

**Technology:** indicates the number of students for every one computer and the percent of classrooms with Internet access. Data are for the listed school year; "DNR" appears for schools and districts which did not yet report data
