## MASSACHUSETTS DEPARTMENT OF EDUCATION

### COORDINATED PROGRAM REVIEW REPORT

## Medfield Public School District

### OVERVIEW OF COORDINATED PROGRAM REVIEW PROCEDURES

As one part of its Accountability System, the Department of Education oversees local compliance with education requirements through the Coordinated Program Review System (CPR). All reviews include the following selected requirements:

- special education under the federal Individuals with Disabilities Education Act (IDEA-2004), and M.G.L. Chapter 71B (Chapter 766 of the Acts of 1972). Note that until regulations under IDEA-2004 are final, the Department has the responsibility of enforcing regulations under IDEA-1997 that do not conflict with IDEA-2004; therefore both IDEA-1997 regulations and sections of IDEA-2004 are cited in the special education standards.
- federal civil rights requirements under Title VI of the Civil Rights Act of 1964, the Equal Educational Opportunities Act of 1974, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, together with related state requirements under M.G.L. Chapter 76, Section 5 (Chapter 622 of the Acts of 1971) and other Massachusetts General Laws.
- targeted standards from the Board of Education's Physical Restraint regulations (603 CMR 46.00).
- targeted standards from the Board of Education's Student Learning Time regulations (603 CMR 27.00).
- targeted standards from the federal McKinney-Vento Homeless Education Assistance Improvements Act of 2001 (included in the No Child Left Behind Act of 2001).
- provisions of M.G.L. c. 71A, the state law that governs the provision of education to limited English proficient students. Note that due to the voters' approval in 2002 of an initiative petition entitled "Question 2," M.G.L. c. 71A has been significantly amended. Under the amended Chapter 71A, limited English proficient students, now referred to as "English learners," must be provided instruction in sheltered English immersion or two-way bilingual programs unless they have received a waiver. As a result of this change in the law, the Department's Coordinated Program Review standards under Chapter 71A were significantly revised for the 2003-2004 school year. All districts that enroll limited English proficient students will be reviewed using these updated standards during the 2005-2006 school year.

Additional program areas reviewed during the Coordinated Program Review visits in selected districts may include:

- Title I of the Elementary and Secondary Education Act of 1965, including other related grants funded by the No Child Left Behind Act of 2001;
- Safe and Drug-Free Schools and Communities Act;
- Career and Technical Education requirements under the federal Perkins Vocational and Technical Education Act and M.G.L. c. 74;
- Innovative assistance programs funded under Title V of the No Child Left Behind Act; and
- Nutrition Programs and Services.

The Department's 2005-2006 schedule of Coordinated Program Reviews is posted on the Department's web site at <<<http://www.doe.mass.edu/pqa/review/cpr/schedule.html>>>. The statewide six-year Program Review cycle together with the Department's Mid-cycle Special Education follow-up monitoring schedule is posted at <<<http://www.doe.mass.edu/pqa/review/cpr/6yrcycle.html>>>.

## Coordinated Program Review Elements

**Team:** Depending upon the size of a school district and the number of program areas to be reviewed, a team of two to eight Department staff members, together with any necessary outside consultants, conducts a Coordinated Program Review over two to ten days in a school district or charter school.

**Scope:** Each school district and charter school in the Commonwealth is scheduled to receive a Coordinated Program Review every six years and a mid-cycle special education follow-up visit three years after the Coordinated Program Review; about seventy school districts and charter schools are scheduled for Coordinated Program Reviews in 2005-2006.

**Content:** The Program Review criteria encompass the required elements for the specific program areas. In the case of special education, the elements selected for the 2005-2006 reviews contain, at a minimum, those required by the federal Office for Special Education Programs (OSEP) and revised requirements included under IDEA-2004 as described in the Department's Special Education Advisories. Additionally, the 2005-2006 reviews incorporate state special education requirements as adopted by the Board of Education and effective on July 1, 2005. The Program Review compliance criteria selected in all of the regulated program areas are those that are most closely aligned with the goals of the Massachusetts Education Reform Act of 1993 and intended to promote high standards and achievement for all students.

**Report:** The Department's report is based on a review of written documentation and data regarding the operation of the district's programs, together with information gathered through the following Department program review methods:

- Interviews of administrative, instructional, and support staff across all grade levels.
- Interviews of parent advisory council (PAC) representatives and other interviews as requested by persons from the general public.
- Student record reviews in the program areas of special education, English learner education (c. 71A), Career and Technical Education, and Section 504 (student accommodation plans). A representative sample of student records is selected by the Department. Student records are examined by the onsite team using standard Department student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements. Parents of students with disabilities whose files are selected for the record review, as well as the parents of an equal number of other students with disabilities, are sent a survey that solicits information regarding their experiences with the district's implementation of special education programs, related services and procedural requirements; parents of students with limited English proficiency whose files are selected for the record review are sent a survey of their experiences with the district's implementation of the English learner education program and related procedural requirements.
- Classroom and facilities observation. The onsite team visits a sample of instructional classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

*Collaborative programs and services.* Where the district is a member of a collaborative approved by the Department of Education and is a site for programs or services operated by the collaborative, interviews, student record review, and classroom and facility observations are conducted for the collaborative.

*Ratings.* The onsite team gives a rating for each compliance criterion it reviews; those ratings are “Commendable,” “Implemented” (meaning at least substantially implemented), “Implementation in Progress,” “Partially Implemented,” “Not Implemented” (meaning at least substantially not implemented), and “Not Applicable.” “Implementation in Progress” is used for criteria containing new legal requirements and means that the district has implemented any old requirements contained in the criterion and is either training staff or beginning to implement the new requirements in such a way that the onsite team anticipates that the new requirements will be implemented by the end of the school year.

*Findings.* The onsite team includes a finding for each criterion that it rates “Commendable,” “Partially Implemented,” or “Not Implemented,” explaining the basis for the rating. It may also include findings for other criteria.

*Executive Summary.* Organized by the report components described on the next page, the Executive Summary summarizes the report’s major findings for each program reviewed

**Response:** Where criteria are not implemented fully, the local district or charter school must propose corrective actions to bring those areas into compliance with the respective statutes or regulations. These corrective actions are subject to the Department’s review and approval. **School districts and charter schools must demonstrate effective resolution of noncompliance identified by the Department as soon as possible but in no case later than one year from the issuance of the Department’s Final Program Review Report.**

The Department believes that the Coordinated Program Review process is a positive experience and that the Final Report is a helpful planning document for the continued development and improvement of programs and services in each school district, charter school, and educational collaborative.

## REPORT INTRODUCTION

A five-member Massachusetts Department of Education team visited the Medfield Public School District during the week of 2/13/06 to evaluate the implementation of selected criteria in the program areas of Special Education, Civil Rights, English Learner Education. The team appreciated the opportunity to interview staff and parents, to observe classroom facilities and to review the programs underway in the district. The onsite team would like to commend the following areas that were brought to its attention and that it believes have a significant and positive impact on the delivery of educational services for students enrolled in the Medfield Public School District. These areas are as follows:

*The level of expertise and professionalism demonstrated among all staff is commendable.*

*In the area of student assessments, the district is commended for their willingness to initiate a wide range of assessments to best identify student educational needs, for their practice of meeting with parents prior to conducting assessments for initial evaluations or reevaluations to review the selection of tests, and for sending the assessment reports to all parents prior to the Team meeting.*

*The district has inclusive practices across all levels and a strong commitment to educating students in the least restrictive settings, as evidenced by an extensive array of professional development opportunities that include a strong focus on teaching diverse learners.*

*The Parent Advisory Council operates collaboratively with the district to improve the services offered to students with disabilities and to provide training, information and resources to parents.*

*Narrative Descriptions of the School District Proposals are informative, detailed and contain descriptive information that clearly answers all of the required questions.*

*The district has established an active System-Wide Assistive Technology Team (SWAT) that provides technical assistance and consultation regarding the choices and use of assistive technology and specialized materials*

*The district has an Academic Standards Committee and a formalized Curriculum Development Process with “content specialists” and “grade level leaders” from all school levels and its activities are linked to system-wide goals and individual improvements plans.*

*Some of the commendations noted above are repeated within the body of the Department’s report under the appropriate compliance criteria.*

The Department is submitting the following Coordinated Program Review Report containing findings made pursuant to this onsite visit. In preparing this report, the team reviewed extensive written documentation regarding the operation of the district's programs, together with information gathered by means of the following Department program review methods:

- Interviews of ten administrative staff.
- Interviews of 49 teaching and support services staff across all levels.
- Interviews of a parent advisory council (PAC) representative and two additional parents.
- Interviews as requested by persons from the general public.
- Student record reviews: A sample of 30 student records was selected by the Department. Student records were first examined by local staff, whose findings were then verified by the onsite team using standard Department of Education student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements.
- Parent surveys: 60 parents of students with disabilities were sent surveys that solicited information regarding their experiences with the district's implementation of special education programs, related services and procedural requirements. 32 of these parent surveys were returned to the Department of Education for review by the onsite team.
- Observation of classrooms and other facilities. A sample of ten instructional classrooms and other school facilities used in the delivery of programs and services was visited to determine general levels of compliance with program requirements.

The report includes findings in the program areas reviewed organized under nine components . These components are listed in the executive summary on the following pages. The findings in each program area explain the "ratings, "determinations by the team about the implementation status of the criteria reviewed. The ratings indicate those criteria that were found by the team to be substantially "Implemented" or implemented in a "Commendable" manner. (Refer to the "Definition of Terms" section of the report.) Where criteria were found to be either "Partially Implemented" or "Not Implemented," the district or charter school must propose to the Department corrective actions to bring those areas into compliance with the controlling statute or regulation. In some instances the team may have rated a requirement as "Implemented" but made a specific comment on the district's implementation methods that also may require response from the district or charter school.

Districts are expected to incorporate the corrective action into their district and school improvement plans, including their professional development plans.

# COORDINATED PROGRAM REVIEW REPORT

## EXECUTIVE SUMMARY

### Medfield Public School District

The following summary organized under each of the nine overarching Coordinated Program Review components synthesizes the findings for criteria included in the Coordinated Program Review as they respond to essential questions that the Department has formulated for each of the components of the report. Note that a more detailed discussion of the onsite team's findings, together with the specific legal standards for each program area included in this review, follows this summary.

#### **Component I: Assessment of Students**

*Has the district implemented an assessment system that uses appropriate instruments, is conducted according to the specified timelines, and covers the appropriate content areas to determine instructional needs of students?*

The district has implemented an assessment system that uses appropriate instruments and covers the appropriate content areas to determine the specialized instructional needs of the students. Assessment reports are thorough, appropriate instruments are used, and qualified personnel conduct the assessments.

Parents have an opportunity to discuss assessment tools to be administered prior to testing and to review the assessment results prior to an IEP meeting to determine eligibility or continued eligibility for special education services

The mandated 45-day timelines for the completion of evaluations and for conducting eligibility determination meetings are routinely met.

Progress reports are issued as often as student report cards and generally include specific information regarding the progress being made on the IEP goal and if the progress is sufficient for the student to achieve the goal by the end of the school year. Students with disabilities are supported as they transition from school to school and the district demonstrates a commitment to support students as they transition to adult life.

All students participate in the MCAS or the appropriate alternate assessment as determined by the IEP Team and, in addition, the district annually assesses the English proficiency of all limited English proficient (LEP) students and limited English proficient students participate in the annual administration of the MCAS.

Although the district IEP Team's are composed of the required members, there is not always consistency as to who the Team Chairperson is and who has the authority at the meeting to commit the district resources.

## **Component II: Student Identification and Program Placement**

*Has the district followed procedures for student identification and placement into the program according to the criteria specified in law and/or regulations?*

There is ongoing communication with agencies providing early intervention services and services are consistently in place by a child's third birthday. Appropriate screenings are conducted for three and four year old children and for all children who are of age to enter kindergarten

The district maintains a strong commitment to educating students in the least restrictive setting. IEPs are of high quality and written in generally understandable language that contain measurable annual goals and comprehensive summaries of student strengths and assessment results. The IEPs also include linkages of the student's interests and course of study. The Narrative Descriptions of the School District's Proposal (N1) are clearly written, well detailed and contain all of the required information; however, the IEP is not always provided to the parent immediately following the Team meeting.

The district has a homeless education liaison to identify homeless children and youth, provide them with equal educational opportunities and access to services, including enrollment, placement and transportation.

The district has documented English learner education, ELE, waiver procedures, but the district's parent notification letter does not contain this information. The district has ELE Program Exit and Readiness procedures to follow.

## **Component III: Parental Involvement**

*Has the district ensured that parents are notified in the appropriate language and are involved in decisions regarding their children's programs and services? Where appropriate, does the district involve community representatives in shaping programs?*

Parent involvement is strong throughout the district and exemplified by a high level of parent attendance and participation at Team meetings. The district involves parents at all junctures in decisions regarding their child's program and services. Parents are provided with written notification for all proposed actions involving their students along with parent's rights and procedural safeguards. The district uses mandated forms containing all the required elements and provides parents with an opportunity to contact the district should they have questions or concerns. The information contained in The Narrative Description of the School District Proposal includes clear and descriptive summaries of the school district's actions.

The Parent Advisory Council (SEPAC) has an active and vital role in the district. The parent advisory council has established by-laws regarding officers and operational procedures, holds regular meetings, works well with the district, and provides useful information to the parents of special needs children.

The district meets all of the criteria in this section in regard to homeless children and their families, but does not yet have a mechanism to involve any parents or guardians of LEP students.

#### **Component IV: Curriculum and Instruction**

*Does the district hold all students to high expectations and standards? Are programs designed to maximize student performance and students' participation in the general curriculum? Is curriculum throughout the district's programs based on the Massachusetts Curriculum Frameworks? Has the district provided for coordination across program areas?*

All students in the district are held to high expectations and all receive instruction based on Massachusetts Curriculum Frameworks. All programs within the district are designed to maximize student performance and students' participation in the general curriculum. The district is committed to promoting the inclusion of all students in the general curriculum and only removes students from the general education classroom when the Team agrees services outside of the classroom are necessary

Special education programs are implemented according to specific regulatory requirements with respect to class size, age spans within classes and staffing ratios; however, the district should carefully monitor regular education classes and the high number of special education students in many of them.

The district provides the required hours of structured instructional learning time for all students.

The district provides for out-of-district placements in special education private schools or collaborative schools as necessary and as determined through the special education Team process. However, while it appears that the district conducts oversight of these programs, written monitoring plans or documented oversight is not always evident in student records.

The district's extra curricular activities are accessible to all students and do not exclude students on the basis of race, religion, sex, color, national origin, disability or sexual orientation.

The district has procedures to provide English language support to students whose parents have declined entry into any of the programs and groupings of students satisfy the requirements of G.L. c.71A. However, parent notification letters do not contain all required elements.

#### **Component V: Student Support Services**

*Has the district ensured that all students have equal access to programs and services? Does the district provide support to students who need it?*

The district provides an extensive array of student support services in all of its school buildings and strives for consistency when students transfer from building to building. The district arranges for the provision of all related services that have been identified as necessary for a student to benefit from special education and achieve the goals and objectives as specified in the IEP. Each school building has a school counselor and counseling can and is provided as a direct service when recommended by the Team.

Specialized materials and assistive technology are utilized to promote students' academic success within the general curriculum. The district has established an active System-Wide Assistive Technology Team (SWAT) that provides technical assistance, consultation and support to staff.

Staff are receiving annual information and training related to their responsibilities regarding physical restraint regulations.

LEP students and students with disabilities are provided with equal opportunities to participate in academic programs, non-educational, extracurricular, and other subsidiary programs that are offered by the school district.

The district has a method for recording suspensions, and has procedures for and adheres to all regulations regarding suspensions. All student handbooks contain codes of conduct and discipline procedures. Staff have had required training, at least annually, on the use of physical restraint consistent with regulatory requirements and there are staff at each building who are certified to administer a restraint, with the exception of the Dale Street School.

The district has appropriate policies to ensure that homeless students are not stigmatized or segregated on the basis of their homelessness.

#### **Component VI: Faculty, Staff and Administration**

*Does the district maintain certified staff in the specific program areas, provide supervision of aides and tutors, and provide ongoing professional development? Are program leadership and oversight effective? Are the district's personnel procedures non-discriminatory and does it seek to recruit employees from all groups?*

The district employs an exceptional staff of administrators, teachers and direct services providers. All special education teachers and related service providers are appropriately credentialed or licensed in accordance with state regulations. Training in Differentiated Instruction and training that focuses on accommodating the diverse learning styles of students is a high priority of the district.

The district provides for and offers numerous training and in-service opportunities for staff both to satisfy state and federal requirements and individual professional goal development of teachers leading to quality services for all students in the district.

The staff within the district work diligently and responsively to accommodate the diverse learning styles of students. The Child Study Team is a viable support and does an admirable job of providing accommodations and strategies for teachers and their students who are struggling in the general classroom environment.

The district provides in-service training for all school personnel at least annually regarding civil rights responsibilities, including the prevention of discrimination and harassment on the basis of students' race, color, sex, religion, national origin and sexual orientation and the appropriate methods for responding to it in the school.

### **Component VII: School Facilities**

*Does the district maintain accessible facilities that are conducive to learning, facilitate integration, and provide equal opportunity for students to achieve?*

In general, the district maintains accessible facilities conducive to learning, facilitating integration and providing equal opportunity for students to achieve. There are a few areas that do need to be addressed at the Dale Street School (Grade 4 and 5). The building is not fully handicapped accessible; the room used for occupational therapy services is located in the basement away from other classrooms in the school. The space used to provide services to limited English proficient students is not comparable in all physical respects to the average standards of general education facilities and classrooms.

### **Component VIII: Program Plan and Evaluation**

*Does the district evaluate its programs in accordance with statutory and regulatory requirements? Does it use the results of its evaluations to improve programs? Do parents have opportunities for input on program needs, program implementation, and program evaluation and improvement?*

The district regularly evaluates the effectiveness of its special education program, services and administrative areas and uses the information gathered in the evaluation process to improve programs or to develop programs to meet an identified need. Parents are provided with opportunities for input on program needs, program implementation, and program evaluation and improvement.

The district has a very effective curriculum review process to regularly review instructional and educational materials, as well as a comprehensive evaluation process to examine and remedy policies and programs that discriminate or limit educational access. There are “content specialists” and “grade level leaders” from all school levels and buildings that design, review, revise, and align curriculum, and its activities are linked to system-wide goals and individual school improvement plans. The district provides the Department with the required information regarding their LEP students.

### **Component IX: Record keeping**

*Does the district maintain required records and documentation for each program area? Are entitlement grants appropriately designed, amended, and locally monitored? Does the district use federal grant funds in accordance with statutory fund-use rules, including “supplement not supplant” provisions where applicable? Does the district meet applicable maintenance of effort requirements?*

The district maintains records and documentation for special education as required. The Federal Special Education Entitlement Grant is designed and administered in the appropriate manner and adheres to the procedures and timelines as required by the Department.

The district does not currently have any students that are homeless.

The district maintains ELE records and files required reports with the Department as requested; however, The ELE student records do not contain all of the required information.

The special education child count is appropriately maintained and is filed annually as required. The Federal Special Education Entitlement Grant is designed and administered in the appropriate manner and adheres to the procedures and timelines as required by the Department.

**DEFINITION OF TERMS FOR COMPLIANCE RATINGS**  
**FOR THE RATING OF EACH COMPLIANCE CRITERION**

<b>Commendable</b>	Any requirement or aspect of a requirement implemented in an exemplary manner significantly beyond the requirements of law or regulation.
<b>Implemented</b>	The requirement is substantially met in all important aspects.
<b>Implementation in Progress</b>	The requirement includes one or more new federal special education (IDEA-2004) requirements that became effective during the 2005-2006 academic year. The district or charter school has substantially implemented any pre-July 1, 2005 requirements also included under the criterion and is currently engaged in staff training and/or is beginning implementation practices for new requirements which the Department's onsite team anticipates will result in substantial compliance by the end of the 2005-2006 school year.
<b>Partially Implemented</b>	The requirement, in one or several important aspects, is not entirely met.
<b>Not Implemented</b>	The requirement is totally or substantially not met.
<b>Not Applicable</b>	The requirement does not apply to the school district or charter school.

Several key areas of compliance with federal special education requirements and one area under civil rights requirements have been highlighted in **SHADED TEXT** in the Program Review Criteria. These shaded areas are being monitored under the Massachusetts Special Education State Performance Plan and/or reported on in the state's Annual Performance Report, both mandated by the Office of Special Education Programs of the U.S. Department of Education. Some of these highlighted areas may also be areas that the Department of Education is closely monitoring because of concerns identified through a statewide special education steering committee needs assessment. School districts are reminded that although CPR activities may focus in certain key areas, the Department has the legal obligation under its general supervisory responsibilities to review any or all special education requirements as it deems necessary.

**Department of Education Findings:**

A review of the student records, and staff and parent interviews, indicate that there can be a lack of role clarity at IEP Team meetings. It is not consistently clear who at the IEP Team meeting has the authority to commit the resources of the district and some staff are not sure what it implies to commit the district resources. At times, liaisons, Team Chairpersons or principals may be assuming the role of Chairperson but the responsibilities of this person is not always clear and can be different from building to building. At times, meetings have been rescheduled due to this lack of role clarity.

**Department of Education Findings:**

The district submitted copies of student records of the two LEP students in the district. The Home Language survey (in English), MEPA, MEL-O, and MCAS assessments were in the records. There was no log of access, parental notification letter(s), former schooling information or native language communication. Although there were student record checklists, it was unclear if procedures were followed.

**APPENDIX:  
SCHOOL DISTRICT PROFILE INFORMATION**

The information that is provided in this Appendix was drawn from data supplied by the school district or charter school. The Department's visiting team carefully reviewed this data as part of its planning for the onsite visit and in preparing this Coordinated Program Review Report. This district-wide information, together with more detailed school building data, is periodically updated by the school district and is available in an ever current form on the Department's internet web site at <http://profiles.doe.mass.edu/>.

# School District Profile Information

## Introduction

The Massachusetts Department of Education collects a variety of data from schools and districts in the state. Some of the information collected is published in the School and District Profiles. In addition to profiles, users can also view and download school & district directories and data reports. The data reports provide particular data for all schools & districts and can be sorted and/or exported. A "profile" is a snapshot of the data for a specific school/district or charter school.

## Organization Types

<a href="#"><u>Approved Special Education Schools</u></a>	Responsible for providing an education for students with disabilities. A school district (LEA) may place a student in an out-of-state program if it believes that such program is the most appropriate for the student.
<a href="#"><u>Charter School</u></a>	Public schools that are created by parents, teachers, businesses, and community leaders and have the freedom to organize their activities around a core mission, curriculum, or teaching method. Their autonomy gives them the freedom to create their own budgets and to hire and fire teachers and staff.
<a href="#"><u>Collaborative</u></a>	Collaboratives are formed through an agreement among two or more school committees to provide education for their member school systems. Agreements must be filed with the Commissioner of DOE. A Board representative of each member school committee manages them.
<a href="#"><u>Private School</u></a>	A non-publicly funded school that provides educational services directly to attending students.
<a href="#"><u>Public School</u></a>	Public schools are administered by a Public School District, and provide educational services directly to attending students.
<a href="#"><u>Public School Districts</u></a>	An administrative unit responsible for managing primary and secondary school services within a defined geographical boundary.

## About the Data

Data in Profiles is displayed in four sections:

[Directory Information](#)

[Enrollment/Indicators](#)

[Test Results](#)

[Finance](#) - district level only

### Directory Information

Districts view, add, update and delete their own directory information to ensure that the information is as up-to-date and accurate as possible.

#### DOE Code:

The eight-digit DOE Code following the school or district name is assigned by the Massachusetts Department of Education to every organization listed in the Directory Profiles, including every district and school in the Commonwealth. For districts and schools, the first four digits represent the District Code and the last four digits represent the School Code. Thus the DOE code "02660505" stands for "0266" (Sharon Public Schools) + "0505" (Sharon High).

Prior to the 2001 school year, DOE codes contained six digits (three for the district and three for the school.) With the exception of some special needs schools, the eight-digit codes are the same as the six-digit codes with one zero added before the district code and another zero added before the school code. Thus, Sharon High's old six-digit DOE code was 266505.

Please Note: The DOE Code is not the same as the Institution codes assigned by the College board for SAT and AP results or the NCES code assigned to Massachusetts schools by the U.S. Department of Education.

#### **Grades/Schools:**

For districts this section displays the number and grade range of elementary, middle/junior high and high schools in the district, as well as the total number of schools in the district and the grade range of the school system. An elementary range beginning with "PK" indicates the district has pre-kindergarten. Kindergarten starting age indicates the age as of a particular date at which children are eligible to begin kindergarten.

#### **Relationships:** (for districts only)

- **Membership - Union:** A "school union" is a group of school systems that are administered by one superintendent.
- **Grade Tuition Agreement:** A town may tuition all their students in a particular grade span into another school system.
- **Membership - Academic Regional:** A regional school district provides educational services to more than one town. For a city/town district, this lists the name(s) of any academic regional district(s) of which the local school district is a member. For an academic regional district, this lists the member cities and towns.
- **Membership - Vocational Regional:** A regional school district provides educational services to more than one town. For a city/town district, this lists the name(s) of any vocational regional district(s) of which the local school district is a member. For a vocational regional district, this lists the member cities and towns.
- **Membership - Independent Vocational:** An independent vocational district is administered by a board of trustees. For a city/town district, this lists the name(s) of any independent vocational district(s) of which the local school district is a member. For an independent vocational district, this lists the member cities and towns. Tuition is charged to out-of-town residents.
- **Membership - County Agricultural:** A county agricultural district is administered by a board of trustees. For a city/town district, this lists the name(s) of any county agricultural district(s) of which the local school district is a member. For a county agricultural district, this lists the member cities and towns.
- **Membership - Collaboratives:** Educational Collaboratives are formed through an agreement among two or more school committees to provide educational programs or services for their member school systems. For a district, this lists the name(s) of any collaboratives of which the district is a member. For a collaborative this lists the member districts.
- **Private Schools located in this city/town:** Lists the private schools located in the city/town.

#### **Organization Characteristics**

- **Chapter 74 Approved Vocational Technical Program:** Programs that meet the definition of vocational technical education contained in Massachusetts General Law Chapter 74, Section 1 and are approved by the Department of Education pursuant to c. 74 and the Vocational Technical Education Regulations 603 CMR 4.00 are known as "Chapter-74 approved programs".

- **Charter School Type:**

**Commonwealth-** A public school that is managed by a board of trustees and operates independently of any school committee under a five-year charter granted by the Board of Education. It has the freedom to organize around a core mission, curriculum, theme, and/or teaching method and to control its own budget and hire (and fire) teachers and staff. In return for this freedom, a charter school must attract students and produce positive results within five years or its charter will not be renewed.

**Horace Mann-** Operates under the same set of rules as described above, with the following exceptions. First, a Horace Mann charter school must have its charter approved by the local school committee and the local teacher's union in addition to the Board of Education. Second, to the extent provided by their charters, Horace Mann charter schools may be exempt from certain provisions in local collective bargaining agreements. Third, employees of a Horace Mann charter school remain members of the local collective bargaining unit; continue to accrue seniority; and receive, at a minimum, the salary and benefits established by the local collective bargaining agreement.

- **District Operating Status:**

**Non-Operating** - A town that does not directly operate a school district. The town belongs to a regional school district or pays tuition for their students to attend another school district.

**Operating** - A city/town that operates its own local school district. It may operate as its own district at some grades, and belong to a regional district or tuition out its students at other grades.

- **District Title I Status:** A district that receives federal Title I funding.

- **District Type:**

**Institutional School** - State institutional schools that are administered by the DOE.

**County Agricultural** - Agricultural school district that is administered by a board of trustees.

**Independent Public** - This category includes Commonwealth Charter Schools, Horace Mann Charter Schools and the Massachusetts Academy of Mathematics and Science.

**Independent Vocational** - Vocational school district that is administered by a board of trustees.

**Local School** - District that is administered by a city or town school committee.

**Regional Academic** - District that is administered by a regional school committee.

**Regional Vocational Tech** - District that is administered by a regional vocational school committee.

- **Inter-District School Choice:**

**Does Not Offer Choice** - The local school committee has voted not to accept students from other communities under the School Choice regulations.

**Not Accepting New Enrollments** - The school district participates in the School Choice program, but is not accepting new students at this time.

**Offers Choice** - The school district is accepting students from other districts as defined under the School Choice regulations.

- **Out of State School** (Only those out-of-state schools which MA students attend with public funds are listed.):

**Private School** - a non-public school located outside of Massachusetts.

**Public School** - a public school located outside of Massachusetts.

- **School Title I Status:**  
**Non-Title I School** - School does not have a Title I program.  
**Title I School (SW)** - School has a Schoolwide Title I program.  
**Title I School (TA)** - School has a Targeted Assistance Title I program.  
**Title I School (TAP)** - School has a Targeted Assistance Title I program and is in the planning year to have a Schoolwide program
- **Special Ed Single Source (Unapproved) Program:** The program has not met program and safety requirements as defined under Massachusetts and federal law.
- **Special Education Approved Program:** The program meets program and safety requirements as defined under Massachusetts and federal law.

## Enrollment/Indicators

### Enrollment

**Enrollment by Grade:** Indicates the total number of students by grade, including pre-kindergarten (PK), kindergarten (K) and special education beyond grade 12 (SP).

source: [SIMS](#)

data as of: October 1

**Enrollment by Race/Ethnicity:** Indicates the percent of enrollment by race/ethnicity.

source: [SIMS](#)

data as of: October 1

**Enrollment by Gender:** Indicates the count of students by gender.

source: [SIMS](#)

data as of: October 1

### Indicators

**Dropout Rate:** Indicates the percentage of students in grades 9-12 who dropped out of school between July 1 and June 30 prior to the listed year and who did not return to school by the following October 1. Dropouts are defined as students who leave school prior to graduation for reasons other than transfer to another school.

### Test Results

**Massachusetts Comprehensive Assessment System (MCAS):**

For all years of the MCAS:

- **Percent of Students at Each Performance Level**, (default view) - Shows percent of students at each performance level for the current year. Select a year to view historical performance level data.
- **MCAS Annual Comparisons** - Shows a graphical display comparing MCAS performance level results over time. Select the icon , or select "MCAS Annual Comparisons" from More MCAS Reports

For 2001 and subsequent years:

- **Participation Results by Grade, Subject** - Shows the number and percent of students participating in the MCAS by each grade and subgroup including regular education students, students with disabilities, limited English proficient students. (listed under "More MCAS Reports")
- **Results by Race, Gender, Special Education, Low Income & Migratory Status** - Shows number and the percent of students participating in each subgroup by school/district and the percent of students at each performance level. (listed under "More MCAS Reports")

- **Test Item Analysis Data** - Shows average test item score for school/district and state, percent of students answering items correctly, percent of responses for each choice, and the correct multiple-choice answer. (select a "Grade and Subject" from the Percent of Students at Each Performance Level).

**Adequate Yearly Progress and Accountability Data**

- **For 2003: Cycle III Mid-cycle AYP Determinations**
- **For 2004: Cycle III Accountability Report** - Performance and improvement ratings for public schools

**Finance - District level data only**

**Per Pupil Expenditures:** Calculated by dividing a district's operating costs by its average pupil membership. Operating costs include expenditures for administration, instruction, pupil services, transportation, plant maintenance, and fixed charges. These costs do not include capital outlay and long-term interest on school debt. Average pupil membership includes students who receive services in the district's schools, as well as students receiving home or hospital instruction. Data for regular education, special education, bilingual education and vocational education students are provided in addition to the total for all day programs, for the listed school years.

source: [End of Year Pupil and Financial Report](#)

data as of: June 30

**Teacher Salary:** Total teaching salaries, divided by the number of full-time equivalent teachers, equals the average teacher salary.
