## COORDINATED PROGRAM REVIEW REPORT

### Wayland Public Schools

#### OVERVIEW OF COORDINATED PROGRAM REVIEW PROCEDURES

As one part of its Accountability System, the Department of Education oversees local compliance with education requirements through the Coordinated Program Review System (CPR). All reviews include the following selected requirements:

- special education under the federal Individuals with Disabilities Education Act (IDEA-2004), and M.G.L. Chapter 71B (Chapter 766 of the Acts of 1972). Note that until regulations under IDEA-2004 are final, the Department has the responsibility of enforcing regulations under IDEA-1997 that do not conflict with IDEA-2004; therefore both IDEA-1997 regulations and sections of IDEA-2004 are cited in the special education standards.
- federal civil rights requirements under Title VI of the Civil Rights Act of 1964, the Equal Educational Opportunities Act of 1974, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, together with related state requirements under M.G.L. Chapter 76, Section 5 (Chapter 622 of the Acts of 1971) and other Massachusetts General Laws.
- targeted standards from the Board of Education's Physical Restraint regulations (603 CMR 46.00).
- targeted standards from the Board of Education's Student Learning Time regulations (603 CMR 27.00).
- targeted standards from the federal McKinney-Vento Homeless Education Assistance Improvements Act of 2001 (included in the No Child Left Behind Act of 2001).
- provisions of M.G.L. c. 71A, the state law that governs the provision of education to limited English proficient students. Note that due to the voters' approval in 2002 of an initiative petition entitled "Question 2," M.G.L. c. 71A has been significantly amended. Under the amended Chapter 71A, limited English proficient students, now referred to as "English learners," must be provided instruction in sheltered English immersion or two-way bilingual programs unless they have received a waiver. As a result of this change in the law, the Department's Coordinated Program Review standards under Chapter 71A were significantly revised for the 2003-2004 school year. All districts that enroll limited English proficient students will be reviewed using these updated standards during the 2005-2006 school year.

Additional program areas reviewed during the Coordinated Program Review visits in selected districts may include:

- Title I of the Elementary and Secondary Education Act of 1965, including other related grants funded by the No Child Left Behind Act of 2001;
- Safe and Drug-Free Schools and Communities Act;
- Career and Technical Education requirements under the federal Perkins Vocational and Technical Education Act and M.G.L. c. 74;
- Innovative assistance programs funded under Title V of the No Child Left Behind Act; and
- Nutrition Programs and Services.

The Department's 2005-2006 schedule of Coordinated Program Reviews is posted on the Department's web site at <<<http://www.doe.mass.edu/pqa/review/cpr/schedule.html>>>. The statewide six-year Program Review cycle together with the Department's Mid-cycle Special Education follow-up monitoring schedule is posted at <<<http://www.doe.mass.edu/pqa/review/cpr/6yrcycle.html>>>.

## **Coordinated Program Review Elements{ TC "COORDINATED PROGRAM REVIEW ELEMENTS" \f C \l "1" }**

**Team:** Depending upon the size of a school district and the number of program areas to be reviewed, a team of two to eight Department staff members, together with any necessary outside consultants, conducts a Coordinated Program Review over two to ten days in a school district or charter school.

**Scope:** Each school district and charter school in the Commonwealth is scheduled to receive a Coordinated Program Review every six years and a mid-cycle special education follow-up visit three years after the Coordinated Program Review; about seventy school districts and charter schools are scheduled for Coordinated Program Reviews in 2005-2006.

**Content:** The Program Review criteria encompass the required elements for the specific program areas. In the case of special education, the elements selected for the 2005-2006 reviews contain, at a minimum, those required by the federal Office for Special Education Programs (OSEP) and revised requirements included under IDEA-2004 as described in the Department's Special Education Advisories. Additionally, the 2005-2006 reviews incorporate state special education requirements as adopted by the Board of Education and effective on July 1, 2005. The Program Review compliance criteria selected in all of the regulated program areas are those that are most closely aligned with the goals of the Massachusetts Education Reform Act of 1993 and intended to promote high standards and achievement for all students.

**Report:** The Department's report is based on a review of written documentation and data regarding the operation of the district's programs, together with information gathered through the following Department program review methods:

- Interviews of administrative, instructional, and support staff across all grade levels.
- Interviews of parent advisory council (PAC) representatives and other interviews as requested by persons from the general public.
- Student record reviews in the program areas of special education, English learner education (c. 71A), Career and Technical Education, and Section 504 (student accommodation plans). A representative sample of student records is selected by the Department. Student records are examined by the onsite team using standard Department student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements. Parents of students with disabilities whose files are selected for the record review, as well as the parents of an equal number of other students with disabilities, are sent a survey that solicits information regarding their experiences with the district's implementation of special education programs, related services and procedural requirements; parents of students with limited English

proficiency whose files are selected for the record review are sent a survey of their experiences with the district's implementation of the English learner education program and related procedural requirements.

- Classroom and facilities observation. The onsite team visits a sample of instructional classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

*Collaborative programs and services.* Where the district is a member of a collaborative approved by the Department of Education and is a site for programs or services operated by the collaborative, interviews, student record review, and classroom and facility observations are conducted for the collaborative.

*Ratings.* The onsite team gives a rating for each compliance criterion it reviews; those ratings are “Commendable,” “Implemented” (meaning at least substantially implemented), “Implementation in Progress,” “Partially Implemented,” “Not Implemented” (meaning at least substantially not implemented), and “Not Applicable.” “Implementation in Progress” is used for criteria containing new legal requirements and means that the district has implemented any old requirements contained in the criterion and is either training staff or beginning to implement the new requirements in such a way that the onsite team anticipates that the new requirements will be implemented by the end of the school year.

*Findings.* The onsite team includes a finding for each criterion that it rates “Commendable,” “Partially Implemented,” or “Not Implemented,” explaining the basis for the rating. It may also include findings for other criteria.

*Executive Summary.* Organized by the report components described on the next page, the Executive Summary summarizes the report’s major findings for each program reviewed

**Response:** Where criteria are not implemented fully, the local district or charter school must propose corrective actions to bring those areas into compliance with the respective statutes or regulations. These corrective actions are subject to the Department’s review and approval. **School districts and charter schools must demonstrate effective resolution of noncompliance identified by the Department as soon as possible but in no case later than one year from the issuance of the Department’s Final Program Review Report.**

The Department believes that the Coordinated Program Review process is a positive experience and that the Final Report is a helpful planning document for the continued development and improvement of programs and services in each school district, charter school, and educational collaborative.

## REPORT INTRODUCTION{ TC "REPORT INTRODUCTION" \f C \l "1" }

A three-member Massachusetts Department of Education team visited Wayland Public Schools during the week of May 8, 2006 to evaluate the implementation of selected criteria in the program areas of Special Education, Method of Administration, English Language Education and Safe and Drug Free Schools. The team appreciated the opportunity to interview staff and parents, to observe classroom facilities and to review the programs underway in the district. The onsite team would like to commend the following areas that were brought to its attention and that it believes have a significant and positive impact on the delivery of educational services for students enrolled in the Wayland Public Schools. These areas are as follows:

*In the area of Safe and Drug Free schools documentation and interviews indicate that community agencies and coalitions regularly participate in timely and meaningful consultation regarding drug and violence prevention activities. The Chief of Police, School Resource Officer, Youth and Family Services, parents, school officials, clergy and the community substance prevention coordinator meet through several venues, including the Substance Abuse Task Force, throughout the year to improve and ensure effective coordination and collaboration of violence and substance prevention services for students.*

*Documentation and interviews indicate that the district coordinates its Safe and Drug Free School and Community violence and substance use prevention program with federal, state and local programs. Most notably, the community receives extensive support from the Metro West Community Health Care Foundation Grant to establish methods to discourage students from substance use. Most of the SDFSCA grants' substance prevention planning and evaluation efforts are now fully coordinated with and assumed under the program initiatives of the Metro West grant.*

*Some of the commendations noted above are repeated within the body of the Department's report under the appropriate compliance criteria.*

The Department is submitting the following Coordinated Program Review Report containing findings made pursuant to this onsite visit. In preparing this report, the team reviewed extensive written documentation regarding the operation of the district's programs, together with information gathered by means of following Department program review methods:

- Interviews of nine administrative staff.
- Interviews of 53 teaching and support services staff across all levels.
- Interview of one parent advisory council (PAC) representative and eight parents at large.
- Interviews of 15 individuals as requested by persons from the general public.
- Student record reviews: the Department selected a sample of twenty-six student records. Student records were first examined by local staff, whose findings were then verified by the onsite team using standard Department of Education student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements.
- Parent surveys: 54 parents of students with disabilities were sent surveys that solicited information regarding their experiences with the district's implementation of special education programs, related services and procedural requirements. 27 of these parent surveys were returned to the Department of Education for review by the onsite team.
- Observation of classrooms and other facilities. A sample of 14 instructional classrooms and other school facilities used in the delivery of programs and services was visited to determine general levels of compliance with program requirements.

The report includes findings in the program areas reviewed organized under nine components . These components are listed in the executive summary on the following pages. The findings in each program area explain the “ratings, ”determinations by the team about the implementation status of the criteria reviewed. The ratings indicate those criteria that were found by the team to be substantially “Implemented” or implemented in a “Commendable” manner. (Refer to the “Definition of Terms” section of the report.) Where criteria were found to be either "Partially Implemented" or "Not Implemented," the district or charter school must propose to the Department corrective actions to bring those areas into compliance with the controlling statute or regulation. In some instances the team may have rated a requirement as “Implemented” but made a specific comment on the district’s implementation methods that also may require response from the district or charter school.

Districts are expected to incorporate the corrective action into their district and school improvement plans, including their professional development plans.

**COORDINATED PROGRAM REVIEW REPORT{ TC "EXECUTIVE SUMMARY OF REPORT"  
\\FC\1 "1" }**

**EXECUTIVE SUMMARY**

**Wayland Public Schools**

The following summary organized under each of the nine overarching Coordinated Program Review components synthesizes the findings for criteria included in the Coordinated Program Review as they respond to essential questions that the Department has formulated for each of the components of the report. Note that a more detailed discussion of the onsite team's findings, together with the specific legal standards for each program area included in this review, follows this summary.

**Component I: Assessment of Students{ TC "Component I: Assessment of Students" \\FC\1 "2" }**

*Has the district implemented an assessment system that uses appropriate instruments, is conducted according to the specified timelines, and covers the appropriate content areas to determine instructional needs of students?*

The district has implemented an assessment system that uses appropriate instruments and covers the appropriate content areas to determine the specialized instructional needs of students. When the district generates the evaluation consent form they are inconsistently indicating which testing will occur. The IEP Team and staff members work very closely with parents to review the results and the recommendations of each evaluation and to offer the appropriate instructional services and supports for each student. In cases where the primary language of the student is not English, there is no systematic approach in place to assess these students.

The district provides instructional services to students through a full inclusion model and considers pullout as needed when it is determined by the Team to be the most effective means of providing support to the individual student.

Students receive the agreed upon special education academic support services and other related services in a timely manner. Assessment results are documented in the student records, and they are always made available to parents within two days prior to the Team meeting as required. The district consistently meets the required timelines for convening the IEP Team annually for students in all types of placements. The district works closely with parents to develop the student's Individualized Education Program (IEP) and provides a draft copy of the proposed IEP to the parents at the conclusion of the meeting, however this copy is not the final version that the district issues to the parent for review and approval. The Team Chairperson takes the draft, does any corrections agreed to and then submits the proposed IEP to the Director of Student services for review. The Director of Student Services reviews, and approves the proposed IEP, and a notice is generated. Both documents are then sent to the parent for review and signature. The district's oversight process hinders issuance of the IEP to the parent in a timely manner, as the district is not issuing the proposed IEP immediately after the Team meeting as required, and there is often a one to three week delay in issuing the IEP. Staff members who the district indicated have the ability to commit district resources are not actually permitted to do so.

Progress reports consistently address whether a student is making sufficient progress to meet the goals as set in the IEP. Four of five schools are providing progress reports as required, however one elementary school has adopted a schedule that does not allow for progress report frequency to be the same as general education reports.

All students with disabilities participate in the Massachusetts Comprehensive Assessment System (MCAS) and other district-wide assessment programs. Limited English Proficient (LEP) students participate in MCAS, and interviews show that bilingual word-to-word dictionaries and other language aids were available to LEP and former LEP students.

**Component II: Student Identification and Program Placement** { TC "**Component II: Student Identification and Program Placement**" \f C \l "2" }

*Has the district followed procedures for student identification and placement into the program according to the criteria specified in law and/or regulations?*

The district follows appropriate procedures for the identification and placement of students with disabilities and provides programs and supports as required by the regulations. The district always notifies parents when considering any placement options and ensures that support services as recommended by the Team continue to be provided to the student during the transition phase.

In developing the IEP, any specially designed instruction and related service proposed by the Team is always based on the needs of the student. The district has made every effort to offer an array of options for a student in-district, including the formation of two alternative education programs at the high school.

The district's identification procedures do not ensure that all LEP students are identified. The district does have a formal home language survey and the one enrollment form that does inquire as to the primary language of the family was only available in English. Students are assessed only if their lack of English language proficiency is obvious. However, even students who may speak and appear to comprehend English may not be proficient in the reading and writing of English. The district does provide limited tutoring in English language acquisition, however the only sheltered English content instruction is at the middle school level.

**Component III: Parental Involvement** { TC "**Component III: Parental Involvement**" \f C \l "2" }

*Has the district ensured that parents are notified in the appropriate language and are involved in decisions regarding their children's programs and services? Where appropriate, does the district involve community representatives in shaping programs?*

Parents are notified when the district is proposing to conduct a special education evaluation or change the educational placement of a student. When the district generates the evaluation consent form seeking parental consent, they are inconsistent in identifying which testing will occur. Parents almost always attend special education Team meetings.

The district obtains consent from the parent for the implementation of special education services, however follow-up on unsigned IEPs is inconsistent, especially during the summer recess. At this time, the district does not translate documents or consistently secure translators for students or parents who require notification and communication in a language other than

English.

The district ensures that parents are notified that their child is being considered for supplemental services and are involved in decisions regarding their child's placement. The district currently has an active Parent Advisory Council (PAC) that has bylaws, officers and routine meetings scheduled.

Due to the limited availability of translated materials in the district, parents are not fully involved in decisions related to English Language Education (ELE) services. There is no waiver process in place and parents of limited English proficient (LEP) students have no mechanism to opt out of services.

The district, through its Substance Abuse Task Force, coordinates violence and substance prevention programs with community activities. The efforts have expanded greatly with the support of the Metro West Health Care Foundation Grant. Parent involvement and consultation for violence and substance use prevention is provided through several venues, including the Task Force, community forums, student led meetings, school and community newsletters, and websites. While the district clearly provides a consistent message of non-use, and is addressing this issue with parents, interviews indicate that there is inconsistent support of this message in the community.

**Component IV: Curriculum and Instruction** TC "**Component IV: Curriculum and Instruction**" \f C \l "2" ↓

*Does the district hold all students to high expectations and standards? Are programs designed to maximize student performance and students' participation in the general curriculum? Is curriculum throughout the district's programs based on the Massachusetts Curriculum Frameworks? Has the district provided for coordination across program areas?*

Wayland students are provided with a curriculum that is aligned with the Massachusetts Curriculum Frameworks and the district actively promotes the inclusion of all students in the general curriculum and only removes students from the general education classroom when the Team agrees services outside of the classroom are necessary.

A continuum of placement options and services for students with disabilities exists within the district. The district adheres to instructional grouping and age span requirements. The district provides for out-of-district placements in special education private schools or collaborative programs when determined through the special education Team process. The district conducts oversight of these programs, but does not consistently document its monitoring activities in student records. There are written contracts with these public and private out-of-district placements.

Extracurricular activities are available to all students and are non-discriminatory. However, the district needs to ensure that parents whose primary language is not English are identified and receive communications in their native language regarding the opportunities available to students to participate in extracurricular activities. Communication and coordination across program areas is ongoing.

The district has trained some high school and middle school staff in sheltered English immersion (SEI), however SEI is only consistently offered across the curriculum at the middle

school level where a staff member in each content area has received SEI training. Currently the rest of the district's LEP students are placed in general education classrooms, with a limited amount of English language tutoring. M.G.L. Chapter 71A, §4 requires that all LEP students be educated in SEI classrooms and provided with English language development (ELD) instruction, which currently the district is failing to provide. The district practice of placing LEP student in general education classrooms does not comply with this standard. Further, the current level of ELD instruction is not adequate to reach the goal of rapid acquisition of English for these students.

The district integrates its Safe and Drug Free School and Community Act grant with other grant titles.

**Component V: Student Support Services**{ TC "**Component V: Student Support Services**" \f C \l "2" }

*Has the district ensured that all students have equal access to programs and services? Does the district provide support to students who need it?*

The district ensures that all students with disabilities have access to student support services as required by this component and as appropriate to their learning needs. Procedures are in place to record and track the suspension of students, including students with disabilities. Students and parents receive prior written notice regarding the school's Code of Conduct and behavioral interventions, including the possible need for a functional behavior assessment. Interventions are implemented for students whose behavior has been shown to impede their learning.

Students with disabilities are provided with equal opportunities to participate in educational, extracurricular, and other subsidiary programs that are offered by the school district. The district arranges for the provision of related service such as physical therapy, counseling, transportation, and other related services that have been identified as necessary for a student to benefit from special education and achieve the goals and objectives as specified in the IEP.

School handbooks are distributed annually and contain grievance and discipline procedures. Harassment and discrimination are not tolerated and the district has written procedures regarding the investigation and the resolution of matters alleging discrimination and/or harassment. The district complies with the requirements of Title IX.

The full academic curriculum and extra curricular activities are available to all students, however there is little to no translated materials for LEP students and their families. Parents are very supportive and involved in the education of their children and are almost always present at Team meetings. The school system has a District Curriculum Accommodation Plan (DCAP) in place, however it does not fully address issues related to the academic needs of all students and it does not provide meaningful guidance on providing supportive teaching models for at-risk students at all levels.

Student records show that students were being placed in age appropriate classrooms and taught the same content as non-LEP students. However, the lack of SEI classes and the limited availability of ELD instruction does not ensure that these students are receiving effective content instruction.

**Component VI: Faculty, Staff and Administration**{ TC "**Component VI: Faculty, Staff and Administration**" \f C \l "2" }

*Does the district maintain certified staff in the specific program areas, provide supervision of aides and tutors, and provide ongoing professional development? Are program leadership and oversight effective? Are the district's personnel procedures non-discriminatory and does it seek to recruit employees from all groups?*

The district employs appropriately certified, licensed, or otherwise qualified and approved individuals to provide academic and other related services as required to students with disabilities. Professionals who provide educational and other related services, but who may not yet be licensed and/or appropriately credentialed are required by the district to have current and approved annual waivers from the Department's Office of Teacher Licensure.

The district provides an array of professional development opportunities in special education to administrators, teachers, paraprofessionals and other service providers.

The district has appropriate personnel policies in place and actively seeks to recruit employees of all groups.

The district does not have policies and procedures that will ensure that all teachers receive the professional development regarding ELE as required by M.G.L. 71A. Currently, the district has only a few high school and middle school level teachers, who have acquired the appropriate training to provide SEI. The tutor employed by the district to support ELD is not certified.

**Component VII: School Facilities**{ TC "**Component VII: School Facilities**" \f C \l "2" }

*Does the district maintain accessible facilities that are conducive to learning, facilitate integration, and provide equal opportunity for students to achieve?*

The district's buildings are accessible and are in compliance with current standards as set forth in the Americans with Disabilities Act (ADA). There is one area in the Loker Elementary School used for the Elementary Alternative Program (EAP) classroom that is separated from school life. At the high school the ALRT program classrooms are small for the number of students enrolled.

**Component VIII: Program Plan and Evaluation**{ TC "**Component VIII: Program Plan and Evaluation**" \f C \l "2" }

*Does the district evaluate its programs in accordance with statutory and regulatory requirements? Does it use the results of its evaluations to improve programs? Do parents have opportunities for input on program needs, program implementation, and program evaluation and improvement?*

The Director of Special Education meets regularly with his administrative staff to review and evaluate the special education programs and services. Staff and parents are also included by way of surveys and meetings that gather feedback regarding the effectiveness of programs and services for their children. The district tabulates annual results of staff and family surveys and other feedback gathered during the year, which is then reviewed, by administration and others

resulting in recommendations for program modifications and improvements for the upcoming school year as well as for long-term goals.

There is no evidence that the district has conducted a formal written evaluation of the English Learner Education (ELE) program.

The district utilizes several data sets to ascertain the prevalence of substance use and violence among youth. Through a more rigorous evaluation this year, the district has begun to realign the K-12 violence and substance use prevention curricula. However, there continues to be gaps in the delivery of the violence and substance prevention curricula.

**Component IX: Record keeping** TC "**Component IX: Record keeping**" \f C \l "2" }

*Does the district maintain required records and documentation for each program area? Are entitlement grants appropriately designed, amended, and locally monitored? Does the district use federal grant funds in accordance with statutory fund-use rules, including “supplement not supplant” provisions where applicable? Does the district meet applicable maintenance of effort requirements?*

The district maintains the required records and documentation for each program area. The special education child count is appropriately maintained and is filed annually as required. The Federal Special Education Entitlement Grant is designed and administered in the appropriate manner and adheres to the procedures and timelines as required by the Department.

Administrators and staff report that they have been trained and appear to be maintaining the confidentiality of student records in each program area. Not all ELE student records were complete or contained all of the required assessment data.

<b>English Learner Education</b>	ELE 3, ELE 5, ELE 6, ELE 9, ELE 11, ELE 12, ELE 13, ELE 15, ELE 17, ELE 18	ELE 4, ELE 7, ELE 8, ELE 10	

**NOTE THAT ALL OTHER CRITERIA REVIEWED BY THE DEPARTMENT THAT ARE NOT MENTIONED ABOVE HAVE RECEIVED AN “IMPLEMENTED” OR “NOT APPLICABLE” RATING.**

## DEFINITION OF TERMS FOR COMPLIANCE RATINGS

### FOR THE RATING OF EACH COMPLIANCE CRITERION{"DEFINITION OF TERMS FOR COMPLIANCE RATINGS"}

<b>Commendable</b>	Any requirement or aspect of a requirement implemented in an exemplary manner significantly beyond the requirements of law or regulation.
<b>Implemented</b>	The requirement is substantially met in all important aspects.
<b>Implementation in Progress</b>	The requirement includes one or more new federal special education (IDEA-2004) requirements that became effective during the 2005-2006 academic year. The district or charter school has substantially implemented any pre-July 1, 2005 requirements also included under the criterion and is currently engaged in staff training and/or is beginning implementation practices for new requirements which the Department's onsite team anticipates will result in substantial compliance by the end of the 2005-2006 school year.
<b>Partially Implemented</b>	The requirement, in one or several important aspects, is not entirely met.
<b>Not Implemented</b>	The requirement is totally or substantially not met.
<b>Not Applicable</b>	The requirement does not apply to the school district or charter school.

Several key areas of compliance with federal special education requirements and one area under civil rights requirements have been highlighted in **SHADED TEXT** in the Program Review Criteria. These shaded areas are being monitored under the Massachusetts Special Education State Performance Plan and/or reported on in the state's Annual Performance Report, both mandated by the Office of Special Education Programs of the U.S. Department of Education. Some of these highlighted areas may also be

areas that the Department of Education is closely monitoring because of concerns identified through a statewide special education steering committee needs assessment. School districts are reminded that although CPR activities may focus in certain key areas, the Department has the legal obligation under its general supervisory responsibilities to review any or all special education requirements as it deems necessary.

**Department of Education Findings:**

*Interviews with district staff indicate that they verbally inform students one year prior to their eighteenth birthday of their right to make educational decisions at age 18. However student records and interviews indicate there is no clear process to notify students of these rights and no documentation in the file that it has occurred. When a student attains the age of 18 the district has no specific procedures in place to obtain consent from the student to continue their special education program. Based on file review and interviews, the district does not document in writing when a student chooses to share the decision making process with a parent and/or guardian.*

	<b>Legal Standard</b>								
SE 18A	<p><b>IEP development and content</b></p> <ol style="list-style-type: none"> <li>1. a. Upon determining that the student is eligible for special education, the Team, including the parent(s), develops an IEP at the Team meeting using the evaluation data to guide development of measurable, annual goals for the student. IEPs for students with significant cognitive disabilities contain a description of objectives or benchmarks; IEPs for all students contain a description of how progress toward meeting the annual goals will be measured and when progress reports will be provided. ( <i>Note: For 2005-2006 Teams are required to continue to use objectives or benchmarks for all students to meet the requirement of a description of how progress will be measured.</i> )</li> <li>b. If the district chooses to draft any element(s) of the IEP for discussion, the Team Chairperson ensures that the Team fully discusses the ideas embodied in that draft, as well as any other ideas, before adopting the draft or any part of it at the Team meeting. All ideas about the academic, developmental, and functional needs of the child as expressed by all Team members, especially the parents, are genuinely considered by the district prior to proposing the IEP.</li> <li>2. The IEP includes specially designed instruction to meet the needs of the individual student and related services that are necessary to allow the student to benefit from the specially designed instruction, or consists solely of related services that are necessary to allow the student to access the general curriculum, consistent with federal and state requirements. To the extent practicable, specially designed instruction and related services are based on peer-reviewed research.</li> <li>3. In developing the IEP, the Team proposes specially designed instruction and related services according to the needs of the child <u>and not</u> according to the availability of such instruction or related services.</li> <li>4. The IEP is completed addressing all elements of the most current IEP format provided by the Department of Education. Where applicable, the district includes in the IEP, or other notice to the parent, information regarding the implementation of any necessary restraint procedures for students as required under 603 CMR 46.00.</li> <li>5. If the Team members are unable to agree on the IEP, the Team chairperson states the elements of the IEP proposed by the school district.</li> <li>6. The school district ensures that whatever services are set out in the IEP will actually be provided and that the IEP will not be changed at a higher administrative level within the district.</li> <li>7. The IEP is written in generally understandable language.</li> </ol> <table border="0" style="width: 100%; margin-top: 10px;"> <tr> <td style="width: 50%;"><b>State Requirements</b></td> <td style="width: 50%;"><b>Federal Requirements</b></td> </tr> <tr> <td>603 CMR 28.05(3), (4), (6) and (7);</td> <td>IDEA-97: 34 CFR 300.340-</td> </tr> <tr> <td>28.06(2)</td> <td>300.350;</td> </tr> <tr> <td></td> <td>300.343(a)</td> </tr> </table>	<b>State Requirements</b>	<b>Federal Requirements</b>	603 CMR 28.05(3), (4), (6) and (7);	IDEA-97: 34 CFR 300.340-	28.06(2)	300.350;		300.343(a)

	<b>Rating: Partially Implemented</b> <b>District Response Required: Yes</b>

**Department of Education Findings:**

*The student record review indicates that IEP Teams do not always develop measurable annual goals. Team attendance sheets indicate they have a member in attendance that has the authority to commit the resources of the district, however interviews clearly indicate that they seek permission from the Director of Student Services prior to committing funds. In all instances Teams prepare a “Draft IEP” and the parent leaves the Team meeting with the “draft” and is told that the “final proposed copy” of the IEP will be mailed at a later date.*

<b>CRITERION NUMBER</b>		
	<b>Legal Standard</b>	
<b>SDF 7</b>	Each recipient designs and implements its programs for youth based on research or evaluation that provides evidence that programs used are based on scientifically based research that provides evidence that the program to be used will reduce violence and illegal drug use.  [NCLB, Title IV Section 4115, (a) (C)]	
	<b>Rating: Partially Implemented</b>	<b>District Response Required: Yes</b>

**Department of Education Findings:**

*Documentation and interviews indicate that although this year has brought a realignment of prevention curricula, and an effort to ensure fidelity with programs, there continues to be gaps in the implementation of the violence and substance prevention curricula K-12. Activities offered involve students, families and community members. Interviews indicate that while the district sets clear expectations against substance use, the perception is that this message is not consistently enforced in the community.*

<b>CRITERION NUMBER</b>	
	<b>Legal Standard</b>
<b>SDF 8</b>	Each recipient shall conduct a periodic evaluation to assess its progress toward reducing violence and illegal drug use in schools to be served based on performance measures.  [NCLB, Title IV Secs. 4115 (2) (A),(B)]
	<b>Rating: Implemented</b> <span style="float: right;"><b>District Response Required: No</b></span>

**Department of Education Findings:**

*Documentation and interviews indicate that prior to this year, particular violence and substance prevention curricula were not regularly evaluated. The district has incorporated a more rigorous evaluation process this year, which has effectively informed program planning and delivery.*

<b>CRITERION NUMBER</b>	<b>SAFE AND DRUG FREE SCHOOLS IX. RECORD KEEPING</b>
	<b>Legal Standard</b>
<b>SDF 9</b>	Appropriate accounting and budget procedures are being implemented to insure that program expenditures are related to the purpose and intent of the Safe and Drug Free Schools and Communities Act.  [(EDGAR 76.730 to 734)]
	<b>Rating: Implemented</b> <span style="float: right;"><b>District Response Required: No</b></span>

<b>CRITERION NUMBER</b>	
	<b>Legal Standard</b>
<b>SDF 10</b>	Each recipient provides a set of assurances that the activities or programs to be funded comply with the Principles of Effectiveness and foster a safe and drug-free learning environment that supports academic achievement.  [NCLB Title IV Sec. 4114 (d) (1) (6-9)]
	<b>Rating: Implemented</b> <span style="float: right;"><b>District Response Required: No</b></span>

**APPENDIX:  
SCHOOL DISTRICT PROFILE INFORMATION**

The information that is provided in this Appendix was drawn from data supplied by the school district or charter school. The Department's visiting team carefully reviewed this data as part of its planning for the onsite visit and in preparing this Coordinated Program Review Report. This district-wide information, together with more detailed school building data, is periodically updated by the school district and is available in an ever current form on the Department's internet web site at <http://profiles.doe.mass.edu/>.

# School District Profile Information

## Introduction

The Massachusetts Department of Education collects a variety of data from schools and districts in the state. Some of the information collected is published in the School and District Profiles. In addition to profiles, users can also view and download school & district directories and data reports. The data reports provide particular data for all schools & districts and can be sorted and/or exported. A "profile" is a snapshot of the data for a specific school/district or charter school.

## Organization Types

<a href="#"><u>Approved Special Education Schools</u></a>	Responsible for providing an education for students with disabilities. A school district (LEA) may place a student in an out-of-state program if it believes that such program is the most appropriate for the student.
<a href="#"><u>Charter School</u></a>	Public schools that are created by parents, teachers, businesses, and community leaders and have the freedom to organize their activities around a core mission, curriculum, or teaching method. Their autonomy gives them the freedom to create their own budgets and to hire and fire teachers and staff.
<a href="#"><u>Collaborative</u></a>	Collaboratives are formed through an agreement among two or more school committees to provide education for their member school systems. Agreements must be filed with the Commissioner of DOE. A Board representative of each member school committee manages them.
<a href="#"><u>Private School</u></a>	A non-publicly funded school that provides educational services directly to attending students.
<a href="#"><u>Public School</u></a>	Public schools are administered by a Public School District, and provide educational services directly to attending students.
<a href="#"><u>Public School Districts</u></a>	An administrative unit responsible for managing primary and secondary school services within a defined geographical boundary.

## About the Data

Data in Profiles is displayed in four sections:

[Directory Information](#)

[Enrollment/Indicators](#)

[Test Results](#)

[Finance](#) - district level only

### Directory Information

Districts view, add, update and delete their own directory information to ensure that the information is as up-to-date and accurate as possible.

#### DOE Code:

The eight-digit DOE Code following the school or district name is assigned by the Massachusetts Department of Education to every organization listed in the Directory Profiles, including every district and school in the Commonwealth. For districts and schools, the first four digits represent the District Code and the last four digits represent the School Code. Thus the DOE code "02660505" stands for "0266" (Sharon Public Schools) + "0505" (Sharon High).

Prior to the 2001 school year, DOE codes contained six digits (three for the district and three for the school.) With the exception of some special needs schools, the eight-digit codes are the same as the six-digit codes with one zero added before the district code and another zero added before the school code. Thus, Sharon High's old six-digit DOE code was 266505.

Please Note: The DOE Code is not the same as the Institution codes assigned by the College board for SAT and AP results or the NCES code assigned to Massachusetts schools by the U.S. Department of Education.

**Grades/Schools:**

For districts this section displays the number and grade range of elementary, middle/junior high and high schools in the district, as well as the total number of schools in the district and the grade range of the school system. An elementary range beginning with "PK" indicates the district has pre-kindergarten. Kindergarten starting age indicates the age as of a particular date at which children are eligible to begin kindergarten.

**Relationships:** (for districts only)

- **Membership - Union:** A "school union" is a group of school systems that are administered by one superintendent.
- **Grade Tuition Agreement:** A town may tuition all their students in a particular grade span into another school system.
- **Membership - Academic Regional:** A regional school district provides educational services to more than one town. For a city/town district, this lists the name(s) of any academic regional district(s) of which the local school district is a member. For an academic regional district, this lists the member cities and towns.
- **Membership - Vocational Regional:** A regional school district provides educational services to more than one town. For a city/town district, this lists the name(s) of any vocational regional district(s) of which the local school district is a member. For a vocational regional district, this lists the member cities and towns.
- **Membership - Independent Vocational:** An independent vocational district is administered by a board of trustees. For a city/town district, this lists the name(s) of any independent vocational district(s) of which the local school district is a member. For an independent vocational district, this lists the member cities and towns. Tuition is charged to out-of-town residents.
- **Membership - County Agricultural:** A county agricultural district is administered by a board of trustees. For a city/town district, this lists the name(s) of any county agricultural district(s) of which the local school district is a member. For a county agricultural district, this lists the member cities and towns.
- **Membership - Collaboratives:** Educational Collaboratives are formed through an agreement among two or more school committees to provide educational programs or services for their member school systems. For a district, this lists the name(s) of any collaboratives of which the district is a member. For a collaborative this lists the member districts.
- **Private Schools located in this city/town:** Lists the private schools located in the city/town.

**Organization Characteristics**

- **Chapter 74 Approved Vocational Technical Program:** Programs that meet the definition of vocational technical education contained in Massachusetts General Law Chapter 74, Section 1

and are approved by the Department of Education pursuant to c. 74 and the Vocational Technical Education Regulations 603 CMR 4.00 are known as "Chapter-74 approved programs".

- **Charter School Type:**

**Commonwealth-** A public school that is managed by a board of trustees and operates independently of any school committee under a five-year charter granted by the Board of Education. It has the freedom to organize around a core mission, curriculum, theme, and/or teaching method and to control its own budget and hire (and fire) teachers and staff. In return for this freedom, a charter school must attract students and produce positive results within five years or its charter will not be renewed.

**Horace Mann-** Operates under the same set of rules as described above, with the following exceptions. First, a Horace Mann charter school must have its charter approved by the local school committee and the local teacher's union in addition to the Board of Education. Second, to the extent provided by their charters, Horace Mann charter schools may be exempt from certain provisions in local collective bargaining agreements. Third, employees of a Horace Mann charter school remain members of the local collective bargaining unit; continue to accrue seniority; and receive, at a minimum, the salary and benefits established by the local collective bargaining agreement.

- **District Operating Status:**

**Non-Operating** - A town that does not directly operate a school district. The town belongs to a regional school district or pays tuition for their students to attend another school district.

**Operating** - A city/town that operates its own local school district. It may operate as its own district at some grades, and belong to a regional district or tuition out its students at other grades.

- **District Title I Status:** A district that receives federal Title I funding.

- **District Type:**

**Institutional School** - State institutional schools that are administered by the DOE.

**County Agricultural** - Agricultural school district that is administered by a board of trustees.

**Independent Public** - This category includes Commonwealth Charter Schools, Horace Mann Charter Schools and the Massachusetts Academy of Mathematics and Science.

**Independent Vocational** - Vocational school district that is administered by a board of trustees.

**Local School** - District that is administered by a city or town school committee.

**Regional Academic** - District that is administered by a regional school committee.

**Regional Vocational Tech** - District that is administered by a regional vocational school committee.

- **Inter-District School Choice:**

**Does Not Offer Choice** - The local school committee has voted not to accept students from other communities under the School Choice regulations.

**Not Accepting New Enrollments** - The school district participates in the School Choice program, but is not accepting new students at this time.

**Offers Choice** - The school district is accepting students from other districts as defined under the School Choice regulations.

- **Out of State School** (Only those out-of-state schools which MA students attend with public funds are listed.):  
**Private School** - a non-public school located outside of Massachusetts.  
**Public School** - a public school located outside of Massachusetts.
- **School Title I Status:**  
**Non-Title I School** - School does not have a Title I program.  
**Title I School (SW)** - School has a Schoolwide Title I program.  
**Title I School (TA)** - School has a Targeted Assistance Title I program.  
**Title I School (TAP)** - School has a Targeted Assistance Title I program and is in the planning year to have a Schoolwide program
- **Special Ed Single Source (Unapproved) Program:** The program has not met program and safety requirements as defined under Massachusetts and federal law.
- **Special Education Approved Program:** The program meets program and safety requirements as defined under Massachusetts and federal law.

---

## Enrollment/Indicators

### Enrollment

**Enrollment by Grade:** Indicates the total number of students by grade, including pre-kindergarten (PK), kindergarten (K) and special education beyond grade 12 (SP).

source: [SIMS](#)

data as of: October 1

**Enrollment by Race/Ethnicity:** Indicates the percent of enrollment by race/ethnicity.

source: [SIMS](#)

data as of: October 1

**Enrollment by Gender:** Indicates the count of students by gender.

source: [SIMS](#)

data as of: October 1

### Indicators

**Dropout Rate:** Indicates the percentage of students in grades 9-12 who dropped out of school between July 1 and June 30 prior to the listed year and who did not return to school by the following October 1. Dropouts are defined as students who leave school prior to graduation for reasons other than transfer to another school.

source: [SIMS](#)

data as of: end of year, October 1

**Attendance:** Attendance rate indicates the average percentage of days in attendance for students enrolled in grades 1 - 12.

source: [SIMS](#)

data as of: end of year

**In-School Suspension Rate:** The percentage of enrolled students who received one or more in-school suspensions.

---

source: [SIMS](#)  
data as of: end of year

**Out-of-School Suspension Rate:** The percentage of enrolled students who received one or more out-of-school suspensions.

source: [SIMS](#)  
data as of: end of year

**Retention Rate:** The percentage of enrolled students who were repeating the grade in which they were enrolled the previous year.

source: [SIMS](#)  
data as of: Oct 1

**Exclusions rate per 1000:** Indicates the rate of exclusions per 1000 students that occurred during the listed school year. An exclusion is defined as the removal of a student for disciplinary purposes permanently, indefinitely or for more than ten consecutive school days.

source: Exclusions Report  
data as of: End of School Year

### Selected Populations

**First Language not English:** Indicated the percentage of enrolment whose first language is a language other than English.

source: [SIMS](#)  
data as of: Oct 1

**Limited English Proficient:** Indicates the percent of enrollment who are limited English proficient, defined as "a student whose first language is a language other than English who is unable to perform ordinary classroom work in English."

source: [SIMS](#)  
data as of: October 1

**Low-income:** Indicates the percent of enrollment who meet ANY ONE of the following definitions of low income:

The student is eligible for free or reduced price lunch; or  
The student receives Transitional Aid to Families benefits; or  
The student is eligible for food stamps

source: [SIMS](#)  
data as of: October 1

### Teacher Data

**Total # of Teachers:** Total number of teachers employed by the district/school, measured in "full-time equivalency".

source:  [DSSR](#)  
data as of: October 1

**% of Teachers Licensed in Teaching Assignment:** Percentage of teachers who are licensed with Provisional, Initial of Professional licensure to teach in the area(s) in which they are teaching.

source:  [DSSR](#)  
data as of: October 1

**Total # of Teachers in Core Academic Areas:** The total number of teachers measured in "full-time equivalency", teaching in the core academic subject areas as defined by the No Child Left Behind Act of 2001 (English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography).

---

source:  [DSSR](#)  
data as of: October 1

**% of Core Academic Teachers Identified as Highly Qualified:** The percentage of staff, measured in "full-time equivalency", teaching core academic areas that meet the NCLB definition of highly-qualified. To meet the definition, teachers must hold a valid Massachusetts license AND demonstrate subject matter competency in the areas the teach.

source:  [DSSR](#)  
data as of: October 1

**Student/Teacher Ratio:** The October 1 student enrollment to the total number of teachers

source:  [DSSR](#)  
data as of: October 1

### Other Data

**Special Education:** Indicates the percent of enrollment who have an Individualized Education Program.

source: [SIMS](#)  
data as of: October 1

**Children Attending Public Schools:** Indicates the percent of school-age children in a city or town attending public schools.

source:  [School Attending Children](#)  
data as of: January 1

**Technology:** Indicates the number of students for every "modern" (Type A or B) computer and the percent of classrooms with Internet access. "DNR" appears for schools and districts which did not yet report data.

source: [Tech Plan Update](#)  
data as of: June 30

**Plans of High School Graduates:** Indicates the post-graduate intentions of high school graduates.

source: [SIMS](#)  
data as of: end of year

---

### Test Results

#### Massachusetts Comprehensive Assessment System (MCAS):

For all years of the MCAS:

- **Percent of Students at Each Performance Level**, (default view) - Shows percent of students at each performance level for the current year. Select a year to view historical performance level data.
- **MCAS Annual Comparisons** - Shows a graphical display comparing MCAS performance level results over time. Select the icon , or select "MCAS Annual Comparisons" from More MCAS Reports

For 2001 and subsequent years:

- **Participation Results by Grade, Subject** - Shows the number and percent of students participating in the MCAS by each grade and subgroup including regular education students,

students with disabilities, limited English proficient students. (listed under "More MCAS Reports")

- **Results by Race, Gender, Special Education, Low Income & Migratory Status** - Shows number and the percent of students participating in each subgroup by school/district and the percent of students at each performance level. (listed under "More MCAS Reports")
- **Test Item Analysis Data** - Shows average test item score for school/district and state, percent of students answering items correctly, percent of responses for each choice, and the correct multiple-choice answer. (select a "Grade and Subject" from the Percent of Students at Each Performance Level).

#### **Adequate Yearly Progress and Accountability Data**

- **For 2003: Cycle III Mid-cycle AYP Determinations**
- **For 2004: Cycle III Accountability Report** - Performance and improvement ratings for public schools

---

#### **Finance - District level data only**

**Per Pupil Expenditures:** Calculated by dividing a district's operating costs by its average pupil membership. Operating costs include expenditures for administration, instruction, pupil services, transportation, plant maintenance, and fixed charges. These costs do not include capital outlay and long-term interest on school debt. Average pupil membership includes students who receive services in the district's schools, as well as students receiving home or hospital instruction. Data for regular education, special education, bilingual education and vocational education students are provided in addition to the total for all day programs, for the listed school years.

source: [End of Year Pupil and Financial Report](#)  
data as of: June 30

**Teacher Salary:** Total teaching salaries, divided by the number of full-time equivalent teachers, equals the average teacher salary.

source: [End of Year Pupil and Financial Report](#)  
data as of: June 30
