**MASSACHUSETTS DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION
COORDINATED PROGRAM REVIEW REPORT**

Hudson Public School District

SCOPE OF COORDINATED PROGRAM REVIEWS

As one part of its accountability system, the Department of Elementary and Secondary Education oversees local compliance with education requirements through the Coordinated Program Review (CPR). All reviews cover selected requirements in the following areas:

Special Education (SE)

- selected requirements from the federal Individuals with Disabilities Education Act (IDEA-2004); the federal regulations promulgated under that Act at 34 CFR Part 300; M.G.L. c. 71B, and the Massachusetts Board of Education's Special Education regulations (603 CMR 28.00), as amended effective March 1, 2007. The 2008-2009 reviews will focus primarily on criteria containing requirements that are highlighted in the Massachusetts State Performance Plan and reported on every year to the Office of Special Education Programs of the U.S. Department of Education.

Civil Rights Methods of Administration and Other General Education Requirements (CR)

- selected federal civil rights requirements, including requirements under Title VI of the Civil Rights Act of 1964; the Equal Educational Opportunities Act of 1974; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, together with selected state requirements under M.G.L. c. 76, Section 5.
- selected requirements from the Massachusetts Board of Education's Physical Restraint regulations (603 CMR 46.00).
- selected requirements from the Massachusetts Board of Education's Student Learning Time regulations (603 CMR 27.00).
- various requirements under other federal and state laws.

English Learner Education (ELE) in Public Schools

- selected requirements from M.G.L. c. 71A, the state law that governs the provision of education to limited English proficient students, and 603 CMR 14.00, as well as the No Child Left Behind Act of 2001 and Title VI of the Civil Rights Act of 1964. During the 2008-2009 school year, all districts that enroll limited English proficient students will be reviewed using a combination of updated standards and a self-assessment instrument overseen by the Department's Office of Language Acquisition and Academic Achievement (OLAAA), including a request for information regarding ELE programs and staff qualifications.

Some reviews also cover selected requirements in:

Career/Vocational Technical Education (CVTE)

- career/vocational technical education programs under the federal Carl D. Perkins Vocational and Technical Education Act of 1998 and M.G.L. c. 74.

Districts providing Title I services participate in Title I program monitoring during the same year they are scheduled for a Coordinated Program Review. Details regarding the Title I program monitoring process are available at: <http://www.doe.mass.edu/titlei/monitoring>.

COORDINATED PROGRAM REVIEW ELEMENTS

Team: Depending upon the size of a school district and the number of programs to be reviewed, a team of two to eight Department staff members conducts onsite activities over two to five days in a school district or charter school.

Timing: Each school district and charter school in the Commonwealth is scheduled to receive a Coordinated Program Review every six years and a mid-cycle special education follow-up visit three years after the Coordinated Program Review; about sixty school districts and charter schools are scheduled for Coordinated Program Reviews in 2008-2009, of which eight districts participated in a pilot of the Web-based Monitoring System (WBMS). The Department's 2008-2009 schedule of Coordinated Program Reviews is posted on the Department's web site at <<<http://www.doe.mass.edu/pqa/review/cpr/schedule.html>>>. The statewide six-year Program Review cycle, including the Department's Mid-cycle follow-up monitoring schedule, is posted at <<<http://www.doe.mass.edu/pqa/review/cpr/6yrcycle.html>>>.

Criteria: The Program Review criteria for each WBMS program review begins with the district/school conducting a self-assessment across all fifty-two current special education criteria. These include the 19 criteria marked by a triple asterisk (***) in the School District Information Package for Special Education. These 19 criteria mostly contain requirements that are highlighted in the Massachusetts State Performance Plan. Program Quality Assurance, through its Desk Review procedures, examines the district/school's self-assessment submission and determines which criteria will be followed-up on through onsite verification activities. For more details, please see the section on **Special Education Program Review Criteria** at the beginning of the School District Information Package for Special Education.

WBMS Methods: Methods used in reviewing special education programs include:

Self-Assessment Phase:

- District/school review of special education documentation for required elements including document uploads. Upon completion of this portion of the district/school's self-assessment, it is submitted to the Department for review.
- District/school review of a sample of special education student records selected across grade levels, disability categories and level of need. Additional requirements for the appropriate selection of the student record sample can be found in **Appendix II: Student Record Review Procedures** of the School District Information Package for Special Education.

Upon completion of this portion of the district/school's self-assessment, it is submitted to the Department for review.

On-site Verification Phase: Includes activities selected from the following;

- Interviews of administrative, instructional, and support staff consistent with those criteria selected for onsite verification.

- Interviews of parent advisory council (PAC) representatives and other telephone interviews, as requested, by other parents or members of the general public.
- Review of student records for special education: The Department may select a sample of student records from those the district reviewed as part of its self-assessment, as well as records chosen by the Department from the special education student roster. The onsite team will conduct this review, using standard Department procedures, to determine whether procedural and programmatic requirements have been implemented.
- Surveys of parents of students with disabilities: Parents of students with disabilities whose files are selected for the record review, as well as the parents of an equal number of other students with disabilities, are sent a survey that solicits information regarding their experiences with the district's implementation of special education programs, related services, and procedural requirements.
- Observation of classrooms and other facilities: The onsite team visits a sample of classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

Note on collaborative programs and services: Where the district is a member of a collaborative approved by the Department of Elementary and Secondary Education and is a site for programs or services operated by the collaborative, interviews, student record review, and observation of classrooms are conducted for the collaborative.

Methods for all other programs in the Coordinated Program Review:

- Review of documentation about the operation of the charter school or district's programs.
- Interviews of administrative, instructional, and support staff across all grade levels.
- Telephone interviews as requested by other parents or members of the general public.
- Review of student records for English learner education and career/vocational technical education: The Department selects a representative sample of student records for the onsite team to review, using standard Department procedures, to determine whether procedural and programmatic requirements have been implemented.
- Surveys of parents of English learners whose files are selected for the record review are sent a survey of their experiences with the district's implementation of the English learner education program and related procedural requirements.
- Observation of classrooms and other facilities: The onsite team visits a sample of classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

Report: Preparation:

At the end of the onsite visit, the onsite team will hold an informal exit meeting to summarize its comments for the superintendent or charter school leader and anyone else he or she chooses. Within approximately 45 business days of the onsite visit, the onsite chairperson will forward to the superintendent or charter school leader (and collaborative director where applicable) a Draft Report containing comments from the Program Review. The Draft Report

comments for special education are provided to the district/school on-line through the Web-based Monitoring System (WBMS). These comments will, once the district has had a chance to respond, form the basis for any findings by the Department. The district (and collaborative) will then have 10 business days to review the report for accuracy before the publication of a Final Report with ratings and findings (see below). The Final Report will be issued within approximately 60 business days of the conclusion of the onsite visit and posted on the Department's website at <<http://www.doe.mass.edu/pqa/review/cpr/reports/>>.

Content of Final Report:

Ratings. In the Final Report, the onsite team gives a rating for each compliance criterion it has reviewed. Those ratings are “Commendable,” “Implemented,” “Implementation in Progress,” “Partially Implemented,” “Not Implemented,” and “Not Applicable.” “Implementation in Progress,” used for criteria containing new legal requirements, means that the district has implemented any old requirements contained in the criterion and is training staff or beginning to implement the new requirements in such a way that the onsite team anticipates that the new requirements will be implemented by the end of the school year.

Findings. The onsite team includes a finding in the Final Report for each criterion that it rates “Commendable,” “Partially Implemented,” or “Not Implemented,” explaining the basis for the rating. It may also include findings for other criteria.

Response: Where criteria are found “Partially Implemented” or “Not Implemented”, the district or charter school must propose corrective action to bring those areas into compliance with the relevant statutes and regulations. This corrective action plan (CAP) will be due to the Department within 20 business days after the issuance of the Final Report and is subject to the Department's review and approval. Department staff will offer districts and charter schools technical assistance on the content and requirements for developing an approvable CAP.

Department staff will also provide ongoing technical assistance as the school or district is implementing the approved corrective action plan. **School districts and charter schools must demonstrate effective resolution of noncompliance identified by the Department as soon as possible but in no case later than one year from the issuance of the Department's Final Program Review Report.**

The Department believes that the Coordinated Program Review is a positive experience and that the Final Report is helpful in planning for the continued improvement of programs and services in each school district, charter school, and educational collaborative.

INTRODUCTION TO THE FINAL REPORT

A two-member Massachusetts Department of Elementary and Secondary Education team visited Hudson Public School District during the week of March 2, 2009 to evaluate the implementation of selected criteria in the program areas of special education, civil rights and other related general education requirements, and English learner education. The team appreciated the opportunity to interview staff and parents, to observe classroom facilities and to review the programs underway in the district. The onsite team would like to commend the following area that was brought to its attention and that it believes has a significant and positive impact on the delivery of educational services for students enrolled in the Hudson Public School District. The area is as follows:

- *The Hudson Special Education Parent Advisory Council is actively involved in supporting not only students with disabilities but also teachers through a variety of activities. They also jointly conduct an Opportunities Fair for students with the Hudson Public School District.*

The Department is submitting the following Coordinated Program Review Report containing findings made pursuant to this onsite visit. In preparing this report, the team reviewed extensive written documentation regarding the operation of the district's programs, together with information gathered by means of the following Department program review methods:

- Interviews of 11 administrative staff.
- Interviews of 41 teaching and support services staff across all levels.
- Interviews of one parent advisory council (PAC) representatives.
- Interviews as requested by persons from the general public.
- Student record reviews: Samples of 25 special education student records and 10 English learner education student records were selected by the Department. These student records were first examined by local staff, whose comments were then verified by the onsite team using standard Department record review procedures.
- Surveys of parents of students with disabilities: 50 parents of students with disabilities were sent surveys that solicited information about their experiences with the district's implementation of special education programs, related services and procedural requirements. 15 of these parent surveys were returned to the Department of Elementary and Secondary Education for review.
- Surveys of parents of ELE students: 10 parents of ELE students were sent surveys that solicited information about their experiences with the district's implementation of English learner education programs, services, and procedural requirements. Two of these parent surveys were returned to the Department of Elementary and Secondary Education for review.
- Observation of classrooms and other facilities. A sample of seven instructional classrooms and other school facilities used in the delivery of programs and services was visited to examine general levels of compliance with program requirements.

The report includes findings in the program areas reviewed organized under nine components. These components are:

Component I: Assessment of Students

Component II: Student Identification and Program Placement

Component III: Parent and Community Involvement
Component IV: Curriculum and Instruction
Component V: Student Support Services
Component VI: Faculty, Staff and Administration
Component VII: School Facilities
Component VIII: Program Evaluation
Component IX: Recordkeeping and Fund Use

The findings in each program area explain the “ratings,” determinations by the team about the implementation status of the criteria reviewed. The ratings indicate those criteria that were found by the team to be substantially “Implemented” or implemented in a “Commendable” manner. (Refer to the “Definition of Compliance Ratings” section of the report.) Where criteria were found to be either “Partially Implemented” or “Not Implemented,” the district or charter school must propose to the Department corrective actions to bring those areas into compliance with the controlling statute or regulation. In some instances the team may have rated a requirement as “Implemented” or “Implementation in Progress” but made a specific comment on the district’s implementation methods that also requires response from the district or charter school.

Districts are expected to incorporate the corrective action into their district and school improvement plans, including their professional development plans.

DEFINITION OF COMPLIANCE RATINGS

| | |
|-----------------------------------|---|
| Commendable | Any requirement or aspect of a requirement implemented in an exemplary manner significantly beyond the requirements of law or regulation. |
| Implemented | The requirement is substantially met in all important aspects. |
| Implementation in Progress | The requirement includes one or more new federal special education requirements that became effective with the federal regulations on October 13, 2006. The district or charter school has implemented any previous requirements included in the criterion and is currently engaged in staff training and/or is beginning implementation practices for new requirements which the Department's onsite team anticipates will result in substantial compliance by the end of the 2007-2008 school year. |
| Partially Implemented | The requirement, in one or several important aspects, is not entirely met. |
| Not Implemented | The requirement is totally or substantially not met. |
| Not Applicable | The requirement does not apply to the school district or charter school. |

All independent educational evaluations funded by the district are conducted by qualified persons who are registered, certified, licensed or otherwise approved and who abide by the rates set by the state agency responsible for setting such rates. Unique circumstances of the child are justified when an individual assessment rate is higher than that normally allowed. 2. The school district has procedures to offer parents the option of participating in an income eligibility program for free or reduced cost independent educational evaluations that are equivalent to the types of assessments done by the school district. 3. The district extends the right to a publicly funded independent educational evaluation (only if cost shared or funded for state wards or for students receiving free or reduced cost lunch) for sixteen (16) months from the date of the evaluation with which the parent disagrees. 4. If the parent is requesting an evaluation in an area not assessed by the school district, or if the student does not meet or the parent does not choose to share the financial documentation regarding the income eligibility standards for free or reduced cost independent educational evaluation, then the school district responds in accordance with the requirements of federal law by paying for the independent educational evaluation or, within five school days, proceeding to Special Education Appeals to show that its evaluation was comprehensive and appropriate. Where the Department’s Special Education Appeals finds that the school district’s evaluation was comprehensive and appropriate, the school district does not pay for the independent educational evaluation requested by the parent. 5. Whenever possible, the independent educational evaluation is completed and a written report sent no later than thirty (30) days after the date the parent requests the independent educational evaluation. If publicly funded, the report is sent to the parents and to the school district. The independent evaluator’s report summarizes, in writing, procedures, assessments, results, and diagnostic impressions as well as educationally relevant recommendations for meeting identified needs of the student. The independent evaluator recommends appropriate types of placements but does not recommend specific classrooms or schools. 6. Within ten (10) school days from the time the school district receives the report of the independent educational evaluation, the Team reconvenes and considers the independent educational evaluation (which may be publicly or privately funded) and whether a new or amended IEP is appropriate. |

The written notice meets all of the content requirements set forth in M.G.L. c.71B, §3, and in federal law, seeks the consent of the parent for the evaluation to occur, and provides the parent with the opportunity to express any concerns or provide information on the student's skills or abilities and to consult regarding the evaluators to be used. 3. For all other actions, the district gives notice complying with federal requirements within a reasonable time. 4. The school district provides the student's parent(s) with an opportunity to consult with the special education administrator or his/her designee to discuss the reasons for the referral and the nature of the proposed evaluation 5. The district provides parents with an opportunity to consult with the administrator of special education or his/her designee regarding the evaluators to be used and the proposed content of all required and optional assessments 6. The school district does not limit a parent's right to refer a student for timely special education evaluation because the district has not fully explored and/or attempted some or all of the available instructional support programs or other interventions available in general education that may be described in the district's curriculum accommodation plan, including any pre-referral program. 7. The school district refuses to conduct an initial evaluation only when the circumstances of a student make clear that there is no suspicion of a disability and that there is no concern about the student's development. |

Documentation of monitoring plans and all actual monitoring are placed in the files of every eligible student who has been placed out-of-district. To the extent that this monitoring requires site visits, such site visits are documented and placed in the students’ files for review. The duty to monitor out-of-district placements is not delegated to parents or their agents, to the Department of Elementary and Secondary Education, or to the out-of-district placement. 2. <u>Student right to full procedural protections</u>: The school district retains full responsibility for ensuring that the student is receiving all special education and related services in the student's IEP, as well as all procedural protections of law and regulation. Any Team meetings conducted during the time that a student is enrolled in the out-of-district program are initiated by the school district in coordination with the out-of-district placement. 3. <u>Preference to approved programs</u>: The school district, in all circumstances, first seeks to place a student in a program approved by the Department pursuant to the requirements of 603 CMR 28.09. Preference is also given to approved programs located within the Commonwealth of Massachusetts if the choice of such program is consistent with the needs of the student and the choice of such program complies with LRE requirements. Such evaluation determines whether the unapproved facility can appropriately implement the student’s IEP in a safe and educationally appropriate environment. Such evaluation additionally determines whether the unapproved facility can and will provide the student with all the rights that are accorded to the student under state and federal special education law. Such evaluation is documented in detail and placed in the student record for review. To the extent that this evaluation requires a site visit, such site visits are documented and placed in the student record for review. The duty to evaluate the appropriateness of any unapproved facility is not delegated to the parents or their agents or the proposed unapproved facility. c. <u>School district approval to operate a private school in Massachusetts</u>: If services in an unapproved program are provided in a school setting, the administrator of special education ensures that such school has received approval from the local school committee under M.G.L. c.76, §1 and a copy of such approval is retained in the student record. d. <u>Pricing</u>: Pursuant to the requirements for Compliance, Reporting and Auditing for Human and Social Services at 808 CMR 1.00, the administrator obtains pricing forms required to set program prices for programs receiving publicly funded students. Such pricing forms are completed by the proposed placement and document that the price proposed for the student’s tuition is the lowest price charged for similar services to any student in that program. e. <u>Notification of the Department of Elementary and Secondary Education</u>: Prior to placement, if the Team determines that placement in such facility is appropriate, the administrator notifies the Department of the intent to place the student and the name and location of the proposed placement before placing the student into the program by sending ESE a completed mandated 28M3 form titled “Notice of Intent to Seek |

Staff interviews and onsite observations indicated that at the Mulready Elementary School, English language education services are provided in a storage room and in a hallway. At the Hubert Kindergarten School, special education and English language education services are provided in a foyer and in a hallway. At the JFK Middle School, related services are provided to students with disabilities in the hallway. At the Forest Elementary School, special education and English language learner classes share the same classroom at the same time with a white curtain, hung by staff, separating the two classes. All waiver requests and school district responses (approved or disapproved waivers) must be placed in the student’s permanent school record. For students under age 10, both the superintendent and the principal must authorize the waiver, and it must be made under guidelines established by, and subject to the review of the local school committee. These guidelines may, but are not required to, contain an appeals process. Students who are over age 10 may be granted waivers when it is the informed belief of the school principal and educational staff that an alternative program would be better for the student’s overall educational progress. Department of Elementary and Secondary Education Findings:

English as a Second Language is defined as an integrated program of instruction in listening, speaking, reading and writing English, designed to promote the English language development of students with limited English proficiency.

Based on a review of district documentation, it is clear that the district has made Sheltered English Immersion professional development a priority. The district provides SEI PD both within the district and through use of the neighboring educational collaborative. Although the district has not reached its goal of having all of its teachers trained in the four Categories, it has made substantial progress and has submitted a clear and specific PD plan for the 2008-09 school year and beyond. From the documentation submitted, it would appear that at the elementary level, Forest Avenue would be a priority for SEI PD as well as middle and high school faculty.

With regard to direct ESL instruction, interviews and documentation indicate the amounts of ESL

instruction indicated by the district to be in compliance with the recommended amounts outlined in the Department’s guidance document: “Guidelines for Using MEPA Results to Plan Sheltered English Immersion (SEI) Instructional Programming and Make Classification Decisions for Limited English Proficient (LEP) Students.” However, for the district as a whole, direct ESL instruction is provided as both “pull-out” and “push-in” instruction, and in many cases, it is not clear to what extent high quality direct ESL instruction in all of the four modalities occurs in what the district terms as a “push-in” or an “inclusion” model, a term used more exclusively for special education.

At the middle school, the district indicates that LEP students are with the ESL teacher for most of the day and are receiving their content instruction in other academic subjects in this environment as well. In this case, it would be necessary for the ESL instructor to have appropriate licensure in the other academic areas if this teacher is instructing LEP students in all of the required subjects.

Similarly, at the high school, the district indicates that students are receiving “SEI mathematics” if they are at the Beginner or Early Intermediate proficiency levels. The usual configuration of sheltering content in math would be a mainstream math teacher with SEI PD providing math instruction to LEP students integrated with native English speakers. The district’s description of “SEI mathematics” implies that LEP students are segregated from native language speakers for this particular class.

The district’s documentation indicates that district personnel have completed a DESE workshop on ESL curriculum development, and the ESL curriculum based on the English Language Proficiency Benchmarks and Outcomes (ELPBO), is currently under development. See ELE 11.

A review of documentation indicates that high school students are not sufficiently receiving sheltered English content that also varies by proficiency level as required. Documentation also indicates that the district's ESL curriculum based on the English Language Proficiency Benchmarks and Outcomes (ELPBO), is currently under development but not yet fully completed. Because most of the faculty at the middle and high school levels has not completed SEI PD in all of the four Categories, English Language learners are not receiving effective sheltered content instruction at appropriate academic levels. | ELE 15 | <p>Professional Development Requirements</p> <p>District schools with LEP students implement a professional development plan that provides teachers and administrators with high quality training, as prescribed by the Department, in (1) second language learning and teaching; (2) sheltering content instruction; (3) assessment of speaking and listening; and (4) teaching reading and writing to limited English proficient students. The school provides training opportunities to teachers of LEP students that ensure the progress of LEP students in developing oral comprehension, speaking, reading, and writing of English, and in meeting academic standards.</p> <p>Authority: NCLB, Title III</p> | | |

Department of Elementary and Secondary Education Findings:

Based on a review of district documentation, it is clear that the district has made Sheltered English Immersion professional development a priority. The district provides SEI PD both within the district and through use of the neighboring educational collaborative. Although the district has not reached its goal of having all of its teachers trained in the four Categories, it has made substantial progress and has submitted a clear and specific PD plan for the 2008-09 school year and beyond. From the documentation submitted, it would appear that at the elementary level, Forest Avenue would be a priority for SEI PD as well as middle and high school faculty.

Department of Elementary and Secondary Education Findings:

Interviews and onsite observations indicate that at the Mulready Elementary School, English language education services are provided in a storage room and in a hallway. At the Hubert Kindergarten School, English language education services are provided in a foyer and in a hallway. At the Forest Elementary School, special education and English language learner classes share the same classroom at the same time with a white curtain, hung by staff, separating the two classes. Please see SE 55 and CR 23.
