

Title I / NCLB School Choice and Supplemental Educational Services (SES) Participation: 2007-08 School Year Table of Contents

This file contains data on the number of students in each district who were eligible for and participated in Title I / NCLB School Choice and supplemental educational services (SES) in Massachusetts public schools during the 2007-08 school year.

Title I / NCLB School Choice: Under the federal No Child Left Behind Act (NCLB), a school that does not make Adequate Yearly Progress (AYP) in English language arts (ELA) or mathematics in the aggregate and/or for student subgroups for two consecutive years is considered to be in its first year of improvement status. While a school receiving federal Title I funds is in improvement status, the district is required to offer all students enrolled in the school the option to transfer to another public school served by the district that has not been identified for school improvement.

Supplemental educational services (SES) are additional, free, academic instruction designed to increase the academic achievement of students in schools identified for improvement, corrective action or restructuring under NCLB. Students from low-income families attending Title I schools in their second year of school improvement (i.e., have not made AYP for three or more years), in corrective action, or in restructuring status are eligible to receive SES.

Each school district with Title I schools required to offer Title I / NCLB School Choice or SES must reserve up to an amount equal to 20 percent of its federal Title I, Part A allocation, from which the district must spend: an amount equal to 5 percent for choice-related transportation; an amount equal to 5 percent to provide SES; and an amount equal to the remaining 10 percent for choice-related transportation, SES, or both, as the district determines.

Participation data contained in this file were reported to the Massachusetts Department of Elementary and Secondary Education by school districts. All other data and calculations were compiled by the Department.

Title I / NCLB School Choice and Supplemental Educational Services (SES) Participation: 2007-08 School Year

Data Definitions

FIELD NAME	DESCRIPTION	Notes
District	Name of school district (includes districts comprising a single school)	
Number of Schools in the District Required to Provide School Choice in 2007-08	Number of schools in the district receiving federal Title I funds in 2007-08 identified for Improvement, Corrective Action, or Restructuring based on 2007 AYP Determinations.	
Number of Students Eligible to Participate in School Choice in 2007-08	Total enrollment of all schools in the district required to provide school choice in 2007-08.	
Number of Students Whose Parents/Guardians Exercised School Choice in 2007-08	Number of students, as reported by the district via the Department's Student Information Management System (SIMS), that had enrolled in a particular school in their district due to NCLB school choice.	
Number of Schools in the District Required to Provide SES in 2007-08	Number of schools in the district receiving federal Title I funds in 2007-08 identified for Improvement (Year 2), Corrective Action, or Restructuring based on 2007 AYP Determinations.	
District's FY08 Title I Allocation	The district's FY2008 federal Title I allocation, out of which the district is required to set-aside 20 percent (or an equivalent thereof from local funds) for choice-related transportation and SES in 2007-08.	
District's Maximum Per Pupil Expenditure for SES	The maximum amount of funding, as calculated by the Department, that the district is required to spend per pupil on SES	
Estimated Funds Set Aside for Choice-Related Transportation and/or SES (20% of FY08 Title I Allocation)	See "FY08 Title I Allocation" above	
Number of Students Potentially Eligible for SES (Low Income)	Total number of students from low income families attending Title I schools identified for Improvement (Year 2), Corrective Action, or Restructuring based on 2007 AYP Determinations.	Enrollment figures are based on the total number of students reported by the district as enrolled in a school at any time during the 2007-08 school year.
Number of Students in the District Eligible for SES based on 20% Set Aside	An estimate of the number of students eligible for SES as calculated by dividing 20 percent of the district's FY08 Title I allocation by the district's per pupil amount for SES. This is the maximum number of "slots" for SES the district is required to fund.	
Number of Students in the District Participating in SES in 2007-08	Number of students, as reported by the district, who received SES in the 2007-08 school year.	This figure includes students who received SES in schools that were not required to offer SES.
