

Formal Review – Schedule of Reviews

Review Timelines (Updated 06.11.2024)

The next formal approval cycle will launch in 2024. The anticipated academic year for each SO's next review is listed below. These timelines were determined based on the year of the SO's most recent review and their current Approval designation. Cohort A will span two years to support the roll-out of a revised process; the remaining cohorts will be reviewed within one academic year. For all SOs, approval will be extended to your next review year.

If your SO requires an updated approval letter documenting this extension or has any additional questions, please email educatorpreparation@mass.gov.
